MORE THAN MEETS THE EYE

THE TRANSFORMERS

FORMERS™

**ROLL
OUT!**

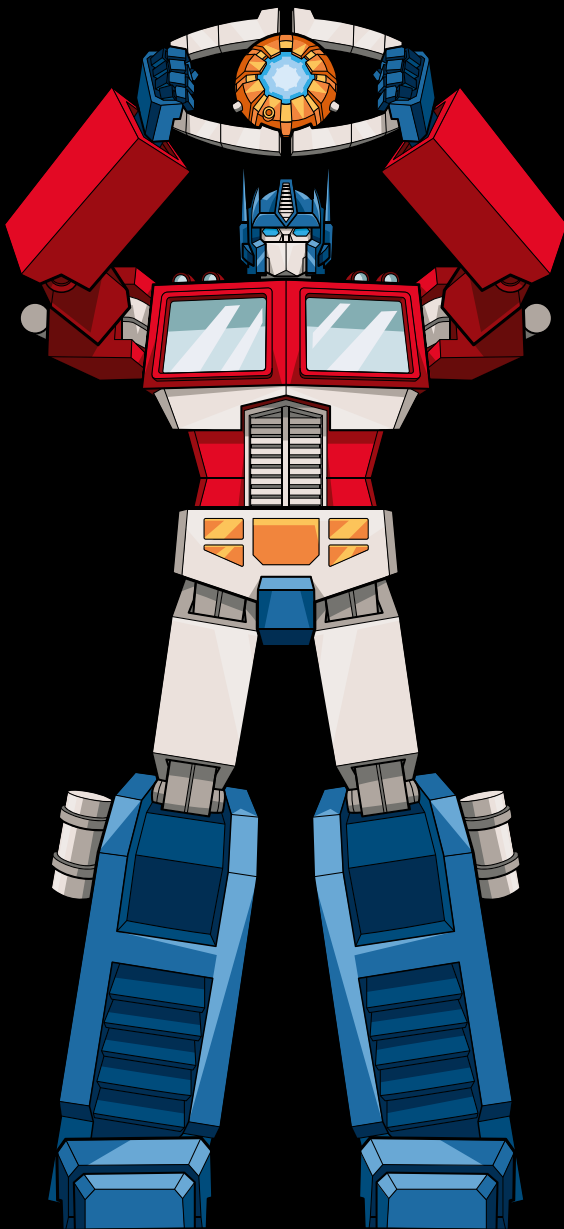

AUTOBOT, TRASFORMATEVI E AVANZATE!

Ciò che nel 1984 iniziò come una serie di robot che potevano rapidamente assumere altre forme è diventato un fenomeno culturale globale, con fumetti, videogiochi, animazioni e film live-action di gran successo. Non c'è da meravigliarsi che generazioni di fan continuino a seguire le epiche

battaglie tra Autobot e Decepticon per il controllo del pianeta Cybertron, e oltre. Con questo modello LEGO® di Optimus Prime (Commander nella serie italiana), il carismatico leader degli Autobot, è la prima volta che l'universo dei Transformers viene rappresentato in mattoncini LEGO. Buon divertimento.

OPTIMUS PRIME

Il vero eroe dell'universo dei Transformers è Optimus Prime, un potente leader definito dal suo forte carattere morale e dalle gesta eroiche sul campo di battaglia contro il suo acerrimo nemico Megatron e i Decepticon.

Porta la Matrice del Comando, un antico e potente artefatto che gli conferisce abilità e conoscenze potenziate di tutta la storia cybertroniana.

Forse ci saranno Transformers più veloci con una potenza di fuoco più micidiale, ma tutte le altre statistiche confermano la posizione di Optimus Prime come leader devoto e guerriero senza paura.

Abilità:	10

NE RIMARRÀ UNO
E L'ALTRO CADRÀ

Proprio come il giocattolo originale, questo modello LEGO® di Optimus Prime è in grado di passare dalla modalità robot alla modalità veicolo, e viceversa. È inoltre dotato di molti dei suoi accessori iconici: il blaster agli ioni, l'ascia di Energon, il jetpack e la matrice del comando degli Autobot. Ha anche un cubo di Energon per dargli l'energia necessaria per combattere i suoi malvagi nemici!

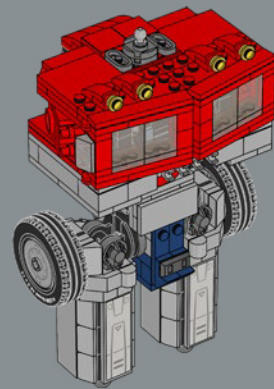

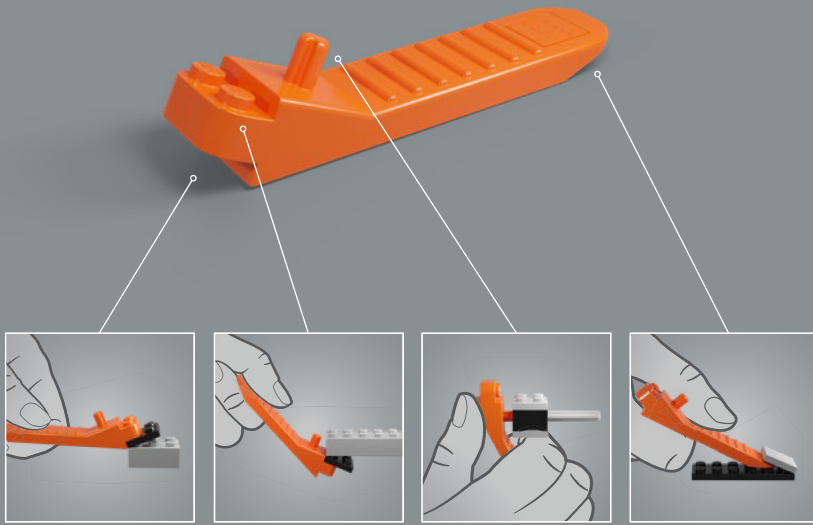

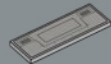

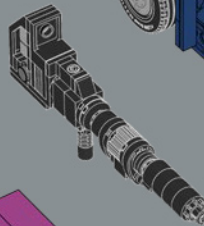

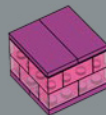

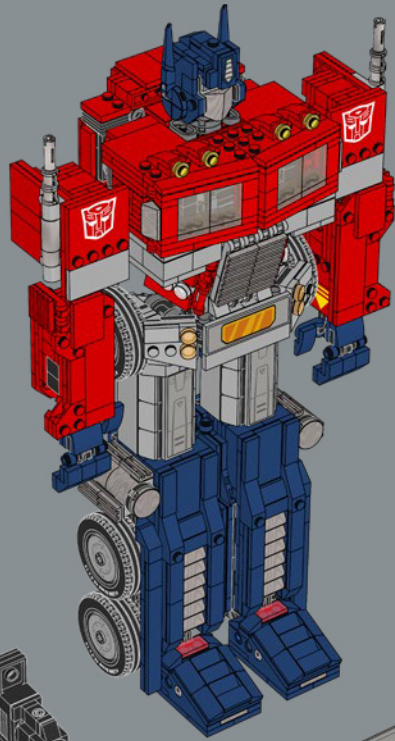

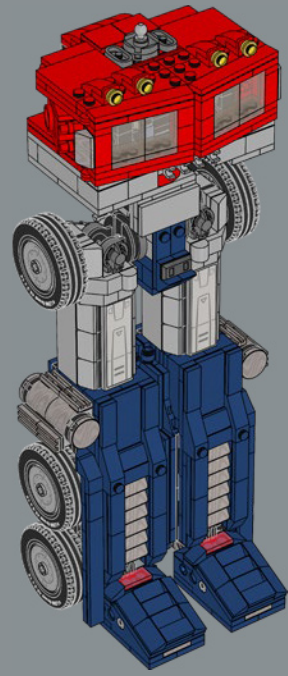

IL DESIGN TEAM LEGO®

"I Transformers sono stati ciò che mi ha ispirato a diventare un designer di giocattoli, quindi mi ha fatto davvero piacere poter dare vita a Optimus usando i mattoncini LEGO®. La progettazione del modello ha presentato diverse sfide, soprattutto per renderlo stabile, dinamico e fedele al design di Optimus. La sfida più divertente, tuttavia,

è stato trovare il modo di cambiare modalità senza smontarlo. Ho quindi costruito forme a blocchi dei componenti principali, adattando le proporzioni in base alla modalità robot e veicolo. La trasformazione sarebbe dovuta essere molto semplice senza compromettere l'aspetto di nessuna delle due modalità".

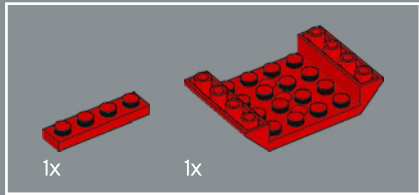

- Joseph Patrick Kyde, Senior Designer

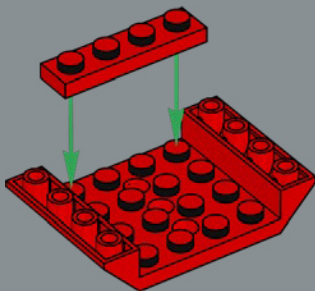

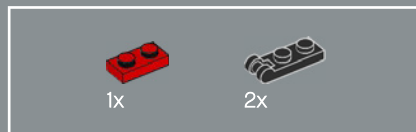

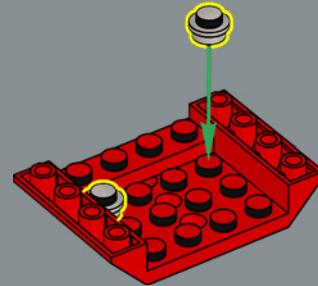

Secondo la sua biografia originale, Optimus Prime è il più grande, il più forte e il più saggio di tutti gli Autobot. Ritiene che il suo ruolo sia la protezione di tutta la vita.

Elementi LEGO® argentati e laccati sono stati aggiunti alla piastra frontale, alle prese d'aria sulle gambe, ai serbatoi del carburante e agli specchietti laterali per renderlo più simile al giocattolo originale, che aveva dettagli cromati.

Optimus iniziò la sua vita su Cybertron come civile, con il nome di Orion Pax, ma fu ricostruito sotto forma di Optimus Prime per guidare gli Autobot nella loro lotta con i Decepticon.

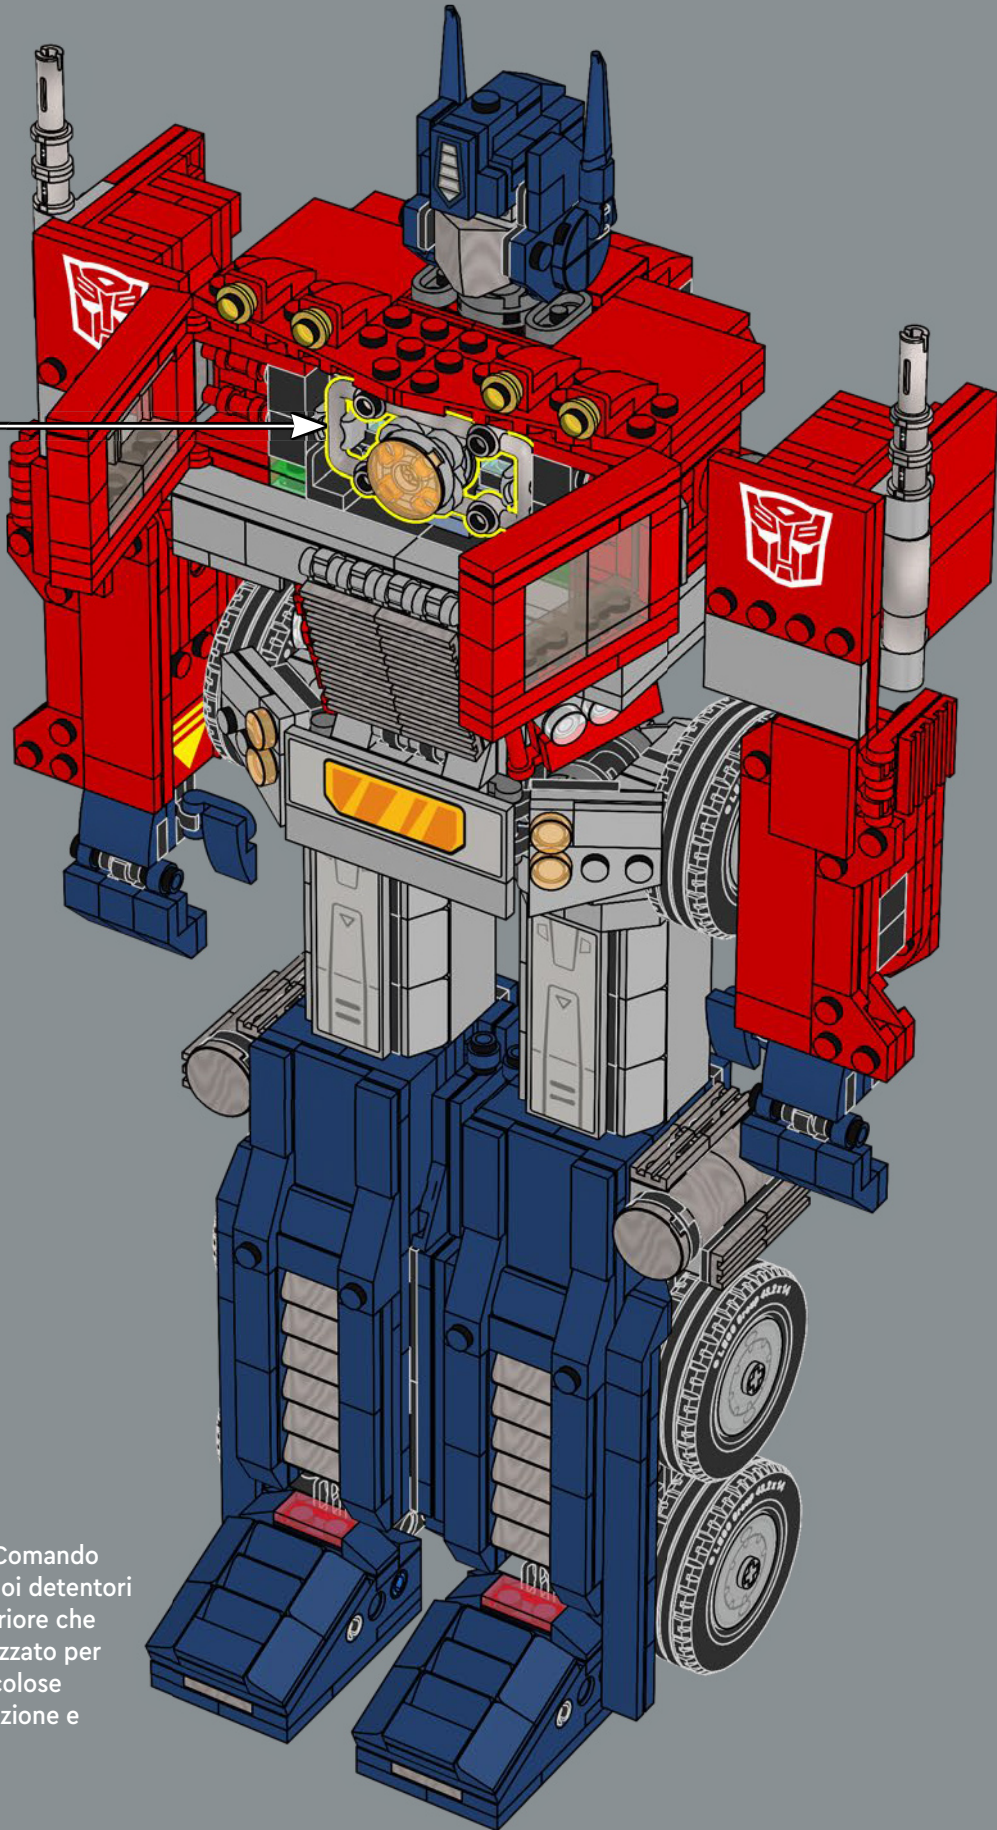

La Matrice del Comando è un artefatto di grande potere, tramandato da un leader Autobot all'altro. Si pensa che fosse strettamente connesso a Primus, il dio creatore di tutti i Transformers.

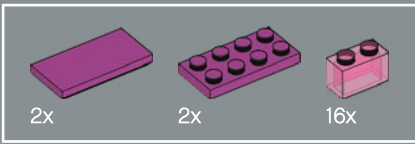

345

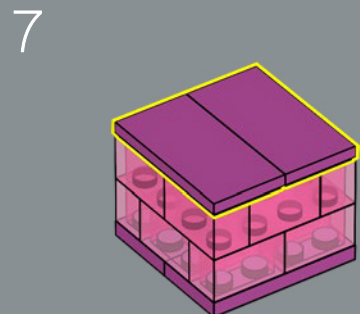

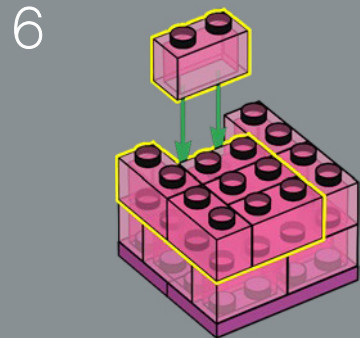

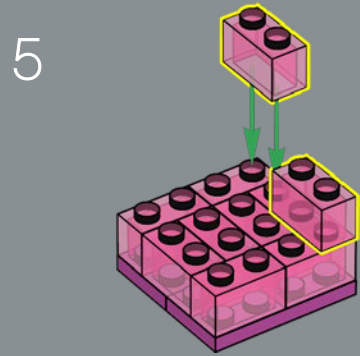

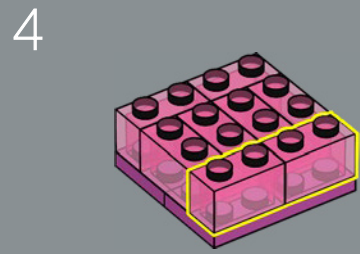

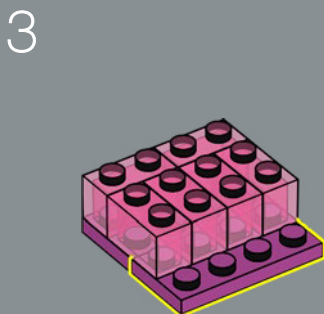

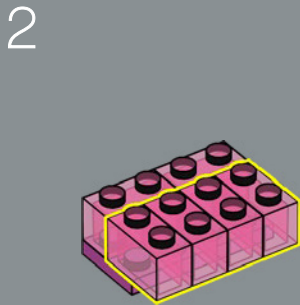

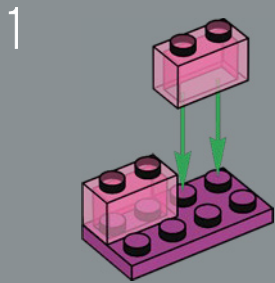

La Matrice del Comando conferisce ai suoi detentori un potere superiore che può essere utilizzato per compiere miracolose imprese di creazione e distruzione.

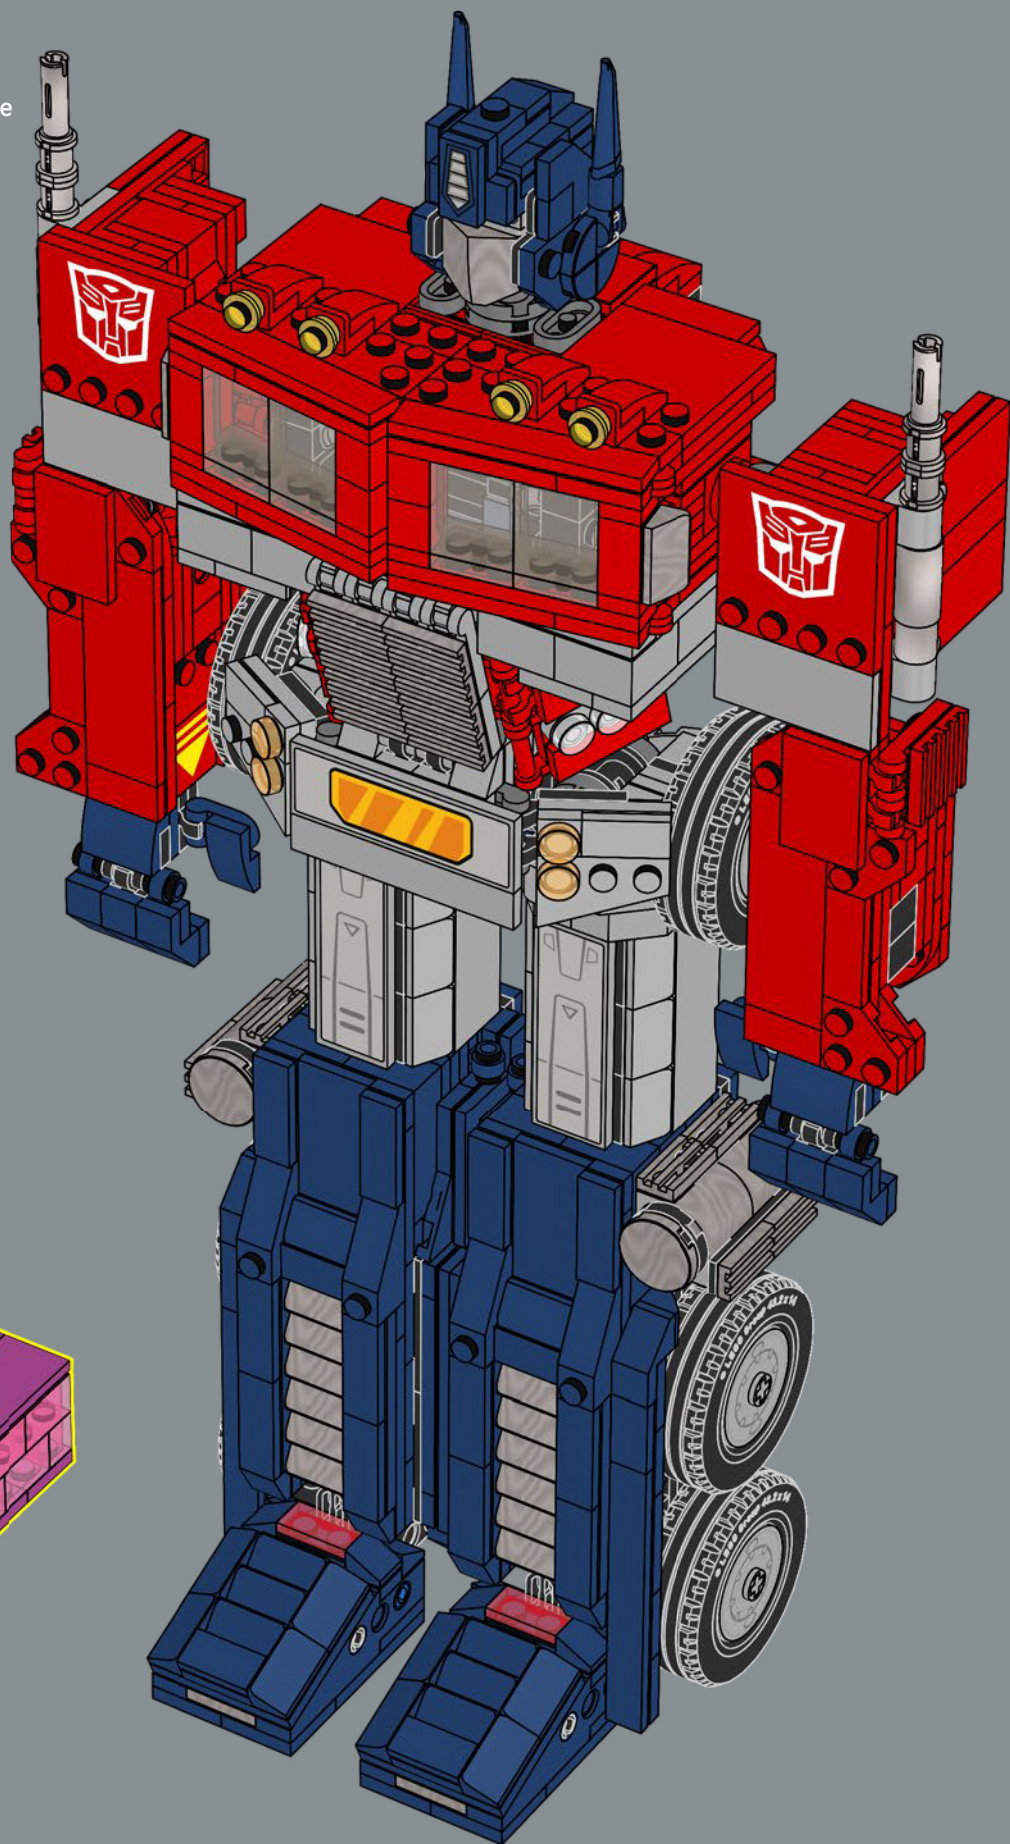

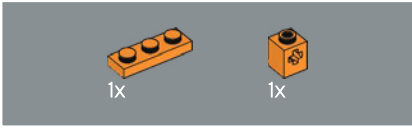

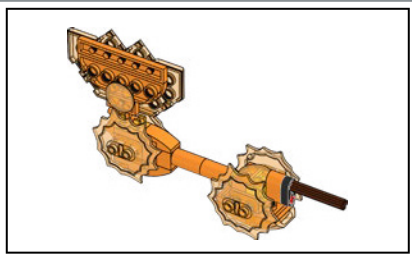

346

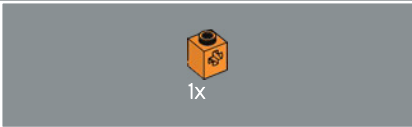

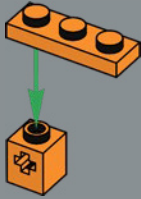

Un cubo di Energon
è un modo sicuro e
conveniente per conservare
e trasportare l'Energon,
il carburante/cibo più
importante utilizzato
dai Transformers.
