

## Rewarded Video Ads

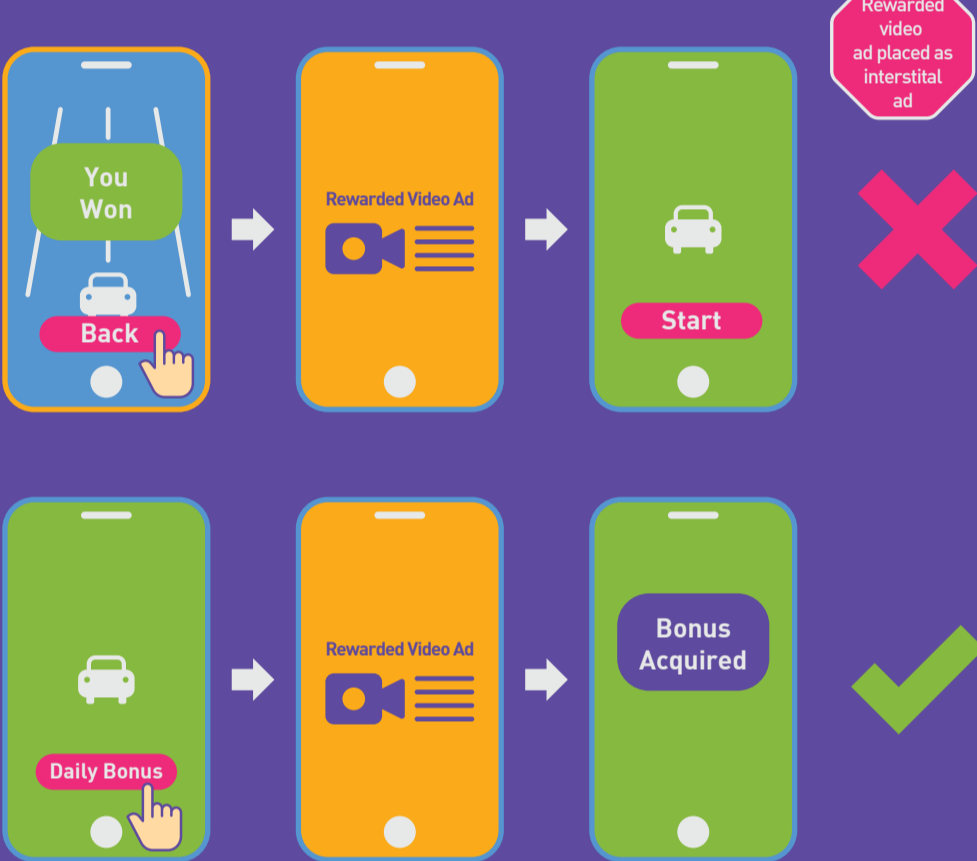

### Loading Rewarded Video Ads

Try to get rewarded video ad ready **before** user requests it. Leave approx 15 seconds since some playable or video ads take longer to cache!

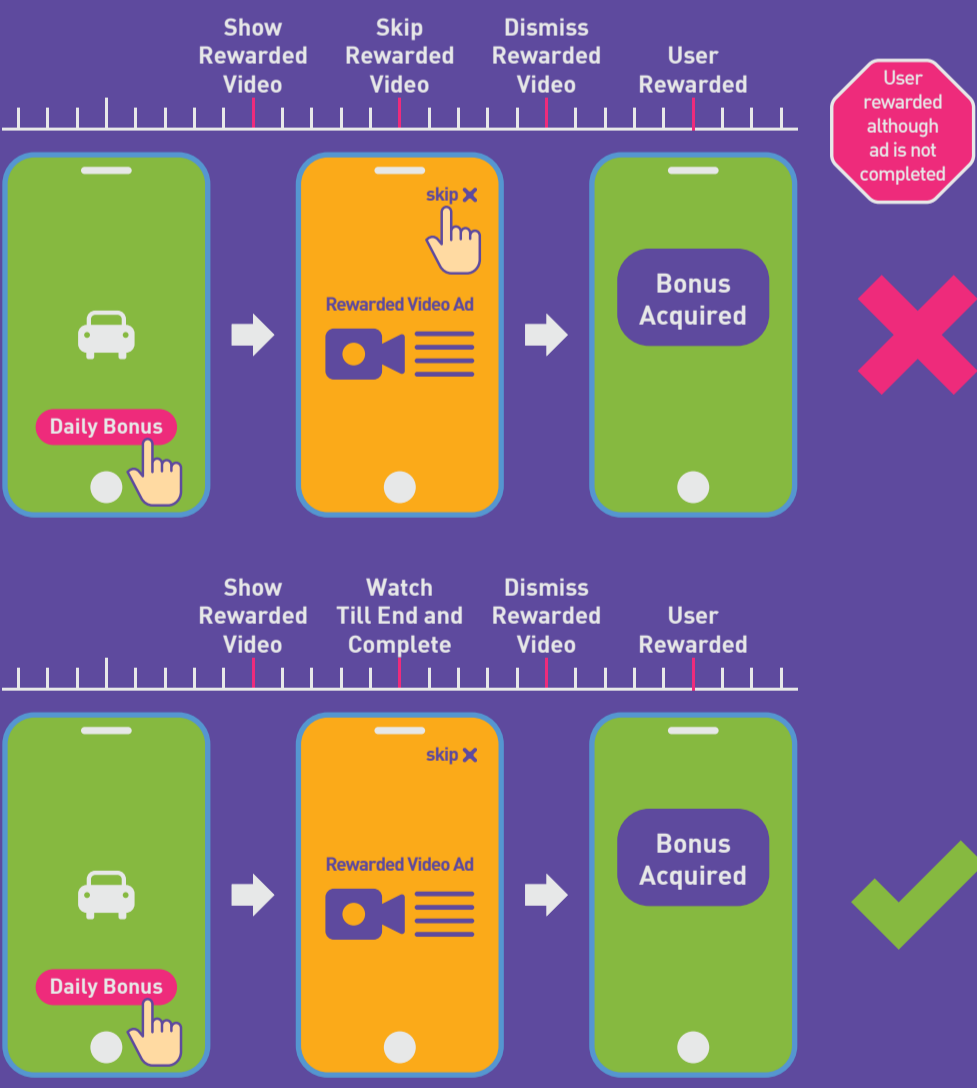

### Showing Rewarded Video Ads and Rewarding Users

Use rewarded video ads **only** for rewarding user like unlocking extra content or providing with daily bonus!

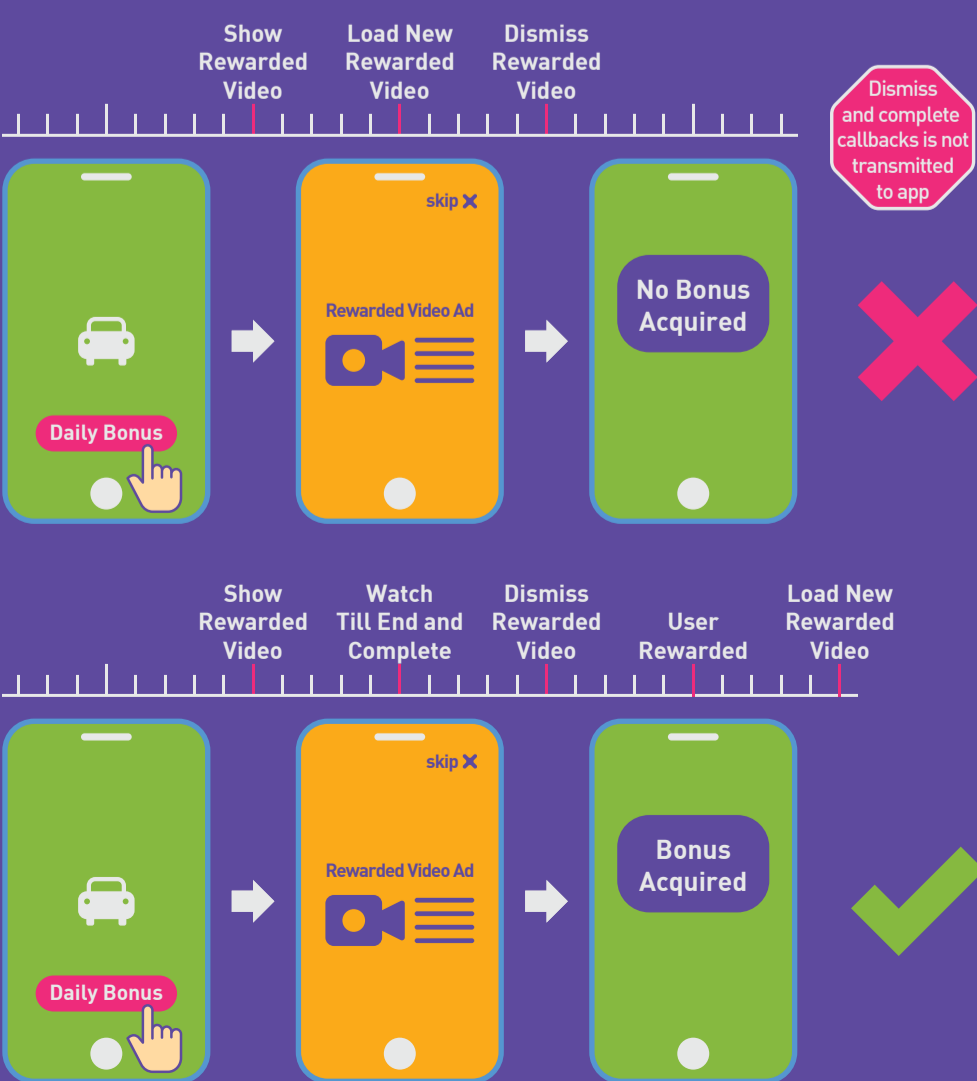

**Always** wait for complete callback to reward user. For best practice; mark user as rewarded after complete callback and give reward after dismiss callback.

### Reloading Rewarded Video Ads

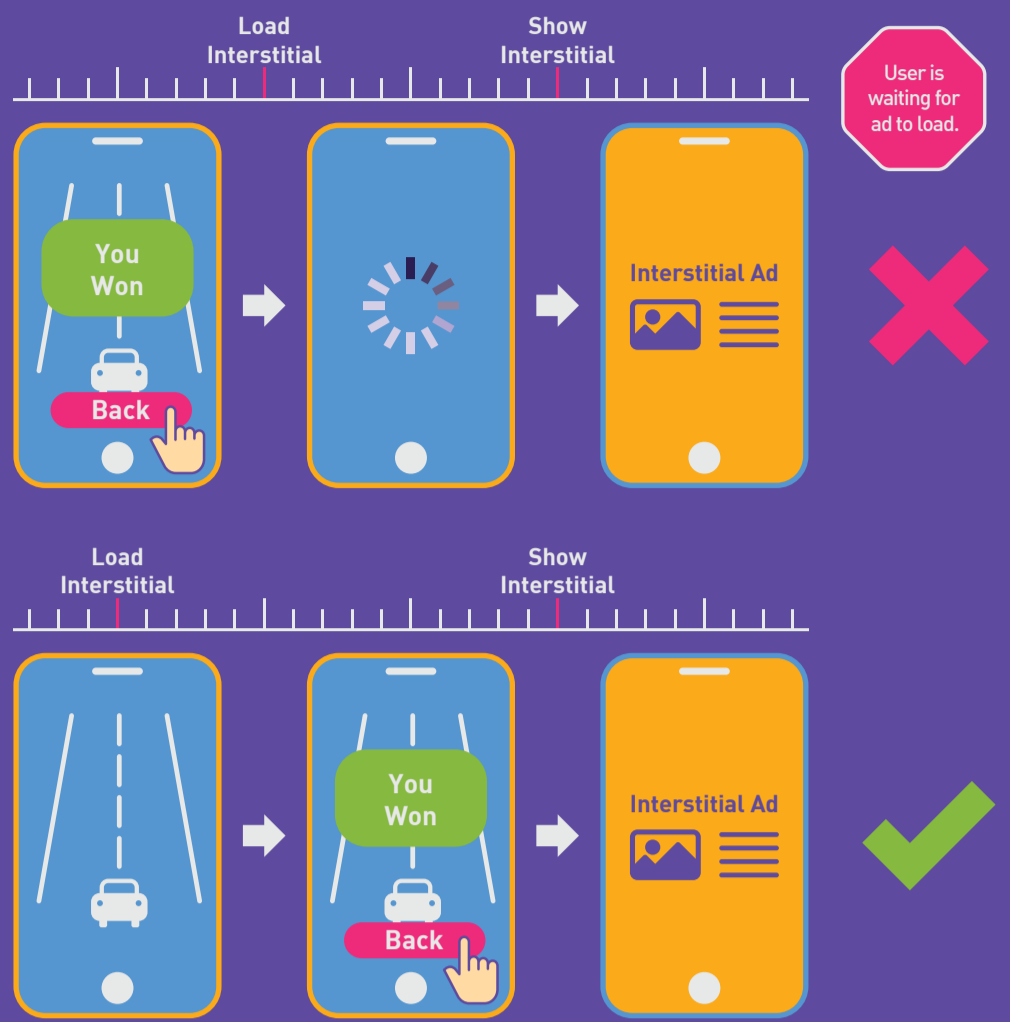

**Never** load new rewarded video ad before dismiss callback is called!

## Interstitial Ads

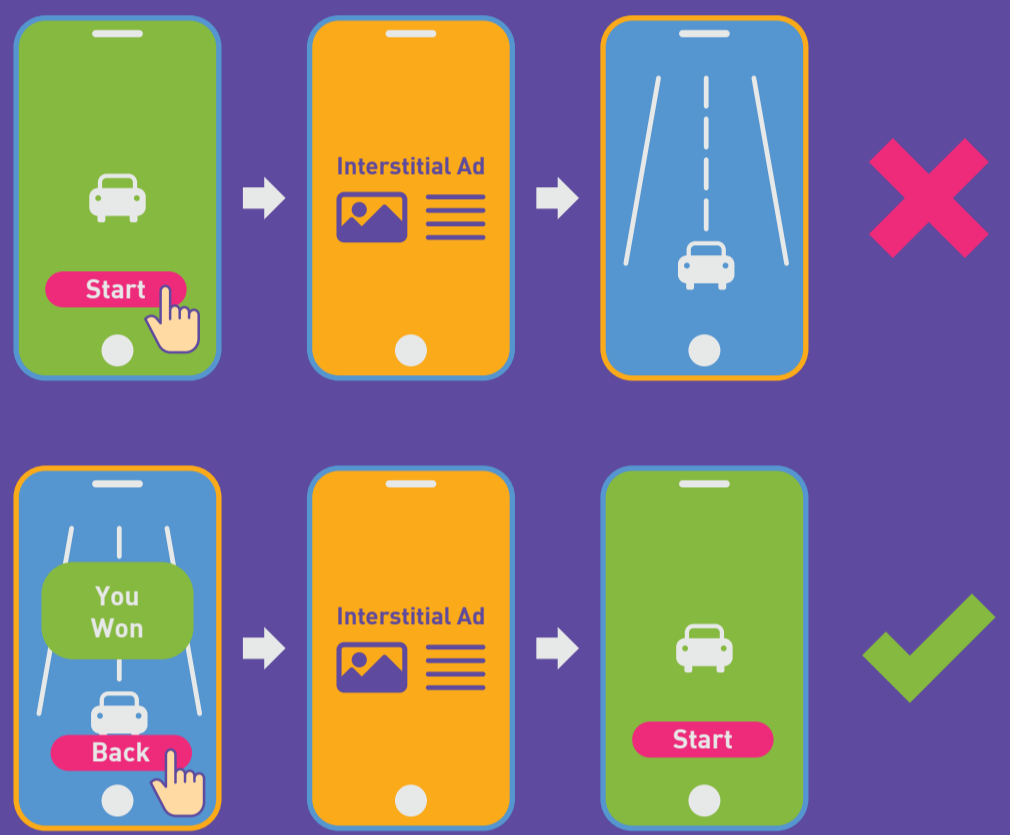

### Loading Interstitial Ads

Try to get interstitial ad ready **before** it's suppose to be shown to the user!

### Showing Interstitial Ads

Do not **interfere** user with interstitial ad while navigating to content!

### Reloading Interstitial Ads

**Never** load new interstitial ad before dismiss callback is called!
