

Samsung Bixby Developer Portal Privacy Policy

Effective Date: 11th January 2022

Samsung Electronics Co., Ltd. and its affiliated companies and subsidiaries (“**Samsung**” or “**we**” or “**our**”) respect your concerns about privacy. Your use of the Samsung Bixby Developer Portal is governed by the Samsung Privacy Policy for the U.S., which can be found at <https://www.samsung.com/us/account/privacy-policy/> (“Samsung Privacy Policy”).

In addition to your rights and responsibilities under the Samsung Privacy Policy, this Bixby Developer Privacy Policy provides an overview of our information practices with respect to personal information collected through Samsung Bixby Developer Portal or other services that link or refer to this Privacy Policy (collectively, the “**Developer Services**”).

It is important that you check back often for updates to the Bixby Developer Privacy Policy. If we update the Bixby Developer Privacy Policy and you use our Developer Services after the update, you consent to the new practice(s) identified in the update, although we also may let you know about changes we consider to be material by placing a notice on this website or related online services. You can check the “effective date” posted at the top to see when the Bixby Developer Privacy Policy was last updated.

What information do we collect about you?

We may collect various types of personal information in connection with the Developer Services.

- We may collect any communications you send or deliver to us;
- We may collect data about your use of the Developer Services, including the time and duration of your use; location; information stored in cookies that we have set on your device.

We may use information we collect for the following purposes:

- to provide products and services that you (or your employer) requested
- to respond to your questions or requests for information;
- to offer better and more customized Developer products and services
- to understand the way you use the Developer Services so that we can improve them and develop new products and services;
- to protect the rights, property, or safety of Samsung, or any of our respective affiliates, business partners, employees or customers, for example, in legal proceedings, internal investigations and investigations by competent authorities; and
- otherwise with your consent or as described to at the time your information

is collected.

To whom do we disclose your information?

We may share your information with the following entities:

- Samsung affiliates;
- third parties when necessary to provide you with requested products and services. For example, we may disclose your payment data to financial institutions as appropriate to process transactions that you have requested;
- companies that provide services for or on behalf of us, such as companies that help us with the billing process;
- other parties: (i) to comply with the law or respond to compulsory legal process (such as a search warrant or other court order); (ii) to verify or enforce compliance with the policies governing our Developer Services; (iii) to protect the rights, property, or safety of Samsung, or any of our respective affiliates, business partners, or customers; (iv) as part of a merger or transfer, or in the event of a bankruptcy; and
- with other third parties when you consent to or request such sharing.

Submissions that you make to public areas of a website, mobile application, or other online service, such as bulletin boards may be viewable to other users of the Developer Services. We do not control, and are not responsible for, how other users of the Developer Services may use this information. For example, personal information that you submit in public areas could be collected and used by others to send you unsolicited messages or for other purposes.

What do we do to keep your information secure?

We have put in place reasonable physical and technical measures to safeguard the information we collect in connection with the Developer Services. However, please note that although we take reasonable steps to protect your information, no website, Internet transmission, computer system or wireless connection is completely secure.

Where do we transfer your information?

Your use or participation in the Developer Services may involve transfer, storage and processing of your information outside of your country of residence, consistent with this policy. Please note that the data protection and other laws of countries to which your information may be transferred might not be as comprehensive as those in your country. We will take appropriate measures, in compliance with applicable law, to ensure that your personal information remains protected.

Can you access your information?

Under the laws of some jurisdictions, you may have the right to request details about the information we collect about you and to correct inaccuracies in that information. We may decline to process requests that are unreasonably repetitive, require disproportionate technical effort, jeopardize the privacy of others, are extremely impractical, or for which access is not otherwise required by local law. If you would like to make a request to access your information, please contact our customer service department at [bixby-support@samsung.com].

If you request deletion of personal information, you acknowledge that you may not be able to access or use the Developer Services and that residual personal information may continue to reside in Samsung's records and archives for some time, but Samsung will not use that information for commercial purposes. You understand that, despite your request for deletion, Samsung reserves the right to keep your personal information, or a relevant part of it, if Samsung has suspended, limited, or terminated your access to the website for violating the Samsung Terms of Use, when necessary to protect the rights, property, or safety of Samsung, or any of our respective affiliates, business partners, employees or customers.

How long do we keep your information?

We take reasonable steps to ensure that we retain information about you only for so long as is necessary for the purpose for which it was collected, or as required under any contract or by applicable law.

Third-Party Links and Products on Our Services

Our Developer Services may link to third-party websites and services that are outside our control. We are not responsible for the security or privacy of any information collected by websites or other services. You should exercise caution, and review the privacy statements applicable to the third-party websites and services you use.

Cookies, Beacons and Similar Technologies

We, as well as certain third parties that provide content, advertising, or other functionality on our Developer Services, may use cookies, beacons, and other technologies in certain areas of our Developer Services.

Cookies

Cookies are small files that store information on your computer, TV, mobile phone, or other device. They enable the entity that put the cookie on your device to recognize you across

different websites, services, devices, and/or browsing sessions.

We use the following types of cookies on this website:

Essential Cookies: enable you to receive the services you request via our website. Without these cookies, services that you have asked for cannot be provided. These cookies are automatically enabled and cannot be turned off because they are essential to enable you to browse our website. Without these cookies this Bixby Developer Center website (<https://bixbydevelopers.com/>) could not be provided.

Cookie	Domain	Purpose
Login	bixbydevelopers.com	Keep login session

Analytical or performance cookies: allow us to recognise and count the number of visitors and to see how visitors move around our website when they are using it. This helps us to improve the way our website works, for example, by ensuring that users are finding what they are looking for easily. This type of cookies is automatically disabled and can be configured to your particular preferences. We will use these type of cookies for a period of 10 years.

Cookie	Domain	Purpose
Analytics	amplitude.com	Developer journey tracking, so that we can make better product decisions

Other Local Storage

We, along with certain third parties, may use other kinds of local storage technologies, such as Local Shared Objects (also referred to as “Flash cookies”) and HTML5 local storage, in connection with our services. These technologies are similar to the cookies discussed above in that they are stored on your device and can be used to store certain information about your activities and preferences. However, these technologies may make use of different parts of your device from standard cookies, and so you might not be able to control them using standard browser tools and settings. For information about disabling or deleting information contained in Flash cookies, please [click here](#).

Managing Cookies and Other Technologies

You can change your cookie preferences at any time by adjusting the cookie settings in the toggle at the bottom left corner of this Bixby Developer Center website.

You can also update your browser settings at any time, if you want to remove or block cookies from your device (consult your browser's "help" menu to learn how to remove or block cookies). Samsung Electronics is not responsible for your browser settings. You can find good and simple instructions on how to manage cookies on the different types of web browsers at

<http://www.allaboutcookies.org> .

Please be aware that rejecting cookies may affect your ability to perform certain transactions on the website, and our ability to recognize your browser from one visit to the next.

Notice to California Residents

California Consumer Privacy Rights

You have certain choices regarding our use and disclosure of your personal information, as described below.

- **Access:** You may have the right to request, twice in a 12-month period, that we disclose to you the personal information we have collected, used, disclosed and sold about you during the past 12 months.
- **Deletion:** You have the right to request that we delete certain personal information we have collected from you.
- **Shine the Light Request:** You also may have the right to request that we provide you with (1) a list of certain categories of personal information we have disclosed to third parties for their direct marketing purposes during the immediately preceding calendar year and (2) the identity of those third parties.

How to Submit a Request:

To submit an access or deletion request email your request to bixby-support@samsung.com.

Verifying Requests:

To help protect your privacy and maintain security, we will take steps to verify your identity before granting you access to your personal information or complying with your request. If you have a Samsung.com account, we will verify your identity by requiring you to sign in to your account. If you do not have a Samsung.com account, or an email address on file with us, then there is no reasonable method by which we can verify your identity to the level of certainty required by the CCPA. This is because historically Samsung has not linked device identifiers or advertising IDs to named actual persons. Accordingly, if you do not have an account with us, or an email address on file, and you request access to or deletion of your personal information, we will not be able to process your request at this time.
