## It's all about containers

The upcoming Delta 2021H1 course, **Containerized *Trading* Adapters**, is coming your way but you might be wondering how it compares to the elective course *Containerized Adapters*.

Here are the **changes you need to bear in mind**:

> The existing *Containerized Adapters* course **will be replaced by the Containerized Trading Adapters course**.

> This Delta course focuses on the set-up of **trading-related adapters**, such as **FIXBridge, OmgeoBridge, EurexBridge and SIX Telekurs**.

> It briefly covers the basics of the AMI Adapter Framework as well as the **JMS, SOAP, file transfer and Total Messaging adapters** (from the *Containerized Adapters* course).

The goal is to cover most of the adapters that run on the Avaloq Container Platform Reference (ACPR) as of ACP Release 5.3.

Basic **ACPR knowledge** is **strongly recommended**.
