

Our contribution: training 2,070 professionals

This year, we trained a whopping total of 2,070 professionals – almost eight participants in every class of 12 were from partners or clients. 2022 has indeed been a great year for Academy: we learned new technologies and patterns with you, we thrived with you and we took great pleasure in sharing our expertise with you.

My special heartfelt appreciation goes to the Academy team. I have never met such a brilliant group of people who I can share and challenge ideas with and who go the extra mile to deliver exceptional quality. So, believe me when I say that you are in great and very capable hands!

I look forward to what's in store for us all next year. Merry Christmas and a joyous New Year!
