2020 – 3<sup>rd</sup> Quarter

**avalog**  
simplicity for a new era

Dear fellow learners,

*"We often dismiss small changes because they don't seem to matter very much in the moment." — James Clear, Atomic Habits*

We all have been changing and redefining the new normal at home, at the office, at church, at the supermarket, on public transport, on holidays and in all areas of our lives. We are learning and unlearning so much in this period but let's not lose our focus — let's stick to our goals and keep on progressing.

At Academy, we continue to provide a wide range of courses so allow me to update you on the progress we've made recently:

- Avaloq Certified Customization Professional programme
- Accreditation rules
- Continue learning online
- Year-to-date figures

### Avaloq Certified Customization Professional (ACCP)

**For:** Business analyst, business consultant, developer, software engineer, technical consultant

**Responsibility:** Customize the ABS according to client specifications

This course aims to **establish a fundamental understanding** of the **possibilities for customizing the Avaloq Banking Suite** when addressing client-specific requirements. This knowledge is essential for anyone working in Avaloq implementation projects. The course has substantial **applied content**, **comprising hands-on training** and **exercises**, where participants learn how to customize the software. Business use cases help participants to understand how banking processes are represented in the Avaloq Banking Suite.

The course concludes with a certification exam which confirms that **participants have gained substantial knowledge** of the Avaloq Banking Suite and prepares them for working on **customization, configuration and migration projects**. Once passed, the participant is awarded a **certificate valid for two years**.

Three and a half week program:

## Accreditation rules

Every certificate is valid for **two years**.

In order to keep your certificate valid, you need to earn **120 accreditation points**.

Accreditation points are earned by completing accreditation courses. **120 points equal 4 course days**.

**Two of the courses must be Delta courses** and the other **two can be any elective course of your choice**.

### Example on choosing Accreditation courses:

**2 Delta courses:**

- 1-day course: Delta 2019 H1: Automated Personal Data Management
- 1-day course: Delta 2019 H2: The Migration API

**2 Elective courses:**

- 1-day course: Accreditation: ABR/S Development and Customization Primer
- 1-day course: Accreditation: Avaloq Web APIs
- or
- 2-day course: Accreditation: Mastering Advanced Avaloq Script Techniques

## Continue learning online

Avaloq Academy is committed to providing high-quality education and services and to delivering our certification courses online. These online courses are available until the end of 2020.
