

### **Sales Codes - Explanation**

Code = the 3 digit sales code

Family = \$\$ means the sales code description is applicable to all vehicle families .The specific two digit vehicle family will be shown when the code and description are applicable to that family only.

Description = an explanation of the sales

### **A note about interior trim codes:**

In this booklet you will find sales codes that beg

"" (ie. \*E5) internally known as trim code

-" (ie -C3) internally known as order code

Depending upon the source of your information the above sales codes may be combined together to make up what is commonly referred to as an interior code (4 digit)
