ITS READY TO TRAVEL
WITH YOU ANYWHERE.**

EVOX **ELECTRICAL** **WHEELCHAIR**

Mobility with Style

ATTENDANT CONTROLLER FEATURES

ÿ Attendant controller is a dual control device designed for attendant/caregivers to help the user while walking behind the power wheelchair.

ÿ The attendant controller designed for exclusively for the PWC use only.

ÿ The attendant controller is attached close to hand grips.

ÿ The attendant controller can be connected with joystick Knob of every EVOX-WC models.

ÿ Provide the best possible care for attendant/caregivers while achieving normal driving speed.

ÿ Very easy to handle & operate.

Super smooth shifts between
inspiration and expiration

Noah Sleep-Dry technology

Intelligent identifying CSA avoids
improper pressure rise.

Real-time manual titration

CPAP and Auto CPAP for your choice

Elex expiration pressure release

Product Parameters

Basic Information	Type	Auto CPAP		
	Device model	Noah Sleep 5A		
	Working models	CPAP, Auto CPAP		
Functions	Identification of CSA	Yes		
	Expiration pressure release	NoahSleep Elex 1-3 level		
	Auto On/Off	Yes		
	Leaking compensation	Yes		
	Manual Titration	Yes		
	Therapy data review through screen	P90, AHI, SNI, LEAK90, CAI, AI, Average pressure		
	Therapy data recording	Therapy data recording up to 5 years, reading through screen and PC software		
	PM2.5 /Pollen Filter	Folded PM2.5/Pollen filter(Unfolded area up to 20 cm ²)		
	Mask leaking test	Yes		
NoahSleep Dry Technology	30-min lower speed running of the blower keeps the device and tube dry			
Alerts	Power down alert, leak alert, alarm clock, filter change alert, and customized alerts			
Main device parameters	Pressure	4-20cmH ₂ O	Ramp	0-60min
	Dimensions	160 mm × 148 mm × 99.5 mm (Main device) 247 mm × 148mm × 99.5 mm (Humidifier included)		
	weight	Main device: 0.88kg; incl. humidifier: 1.26kg		
	Noise	≤28dB	Screen	3.5 inch touch screen
	Adapter	100-240V AC, 24V DC	Language	English.
Humidification system	Function	Heated humidification, 5 levels to adjust, infrared communication with main device		
	Humidifier volume	300ml		

BIPAP NoahSleep™ series

BIPAP Non-Invasive Ventilator

CHOOSE A BETTER PRODUCT FOR
A HIGHER QUALITY SLEEP

5 years data

4.3 inch

1.26 kg

4.3 Inches high resolution colorful screen.

Exquisite UI design, multi-theme of
the monitored parameters on one screen.

Touchscreen and high flexible navigator knob.

Easy to operate.

Light-Weighted

1.26kg. Convenient for home and traveling.

Silent

The noise level achieves less than 30dB
contributed by the research from experienced team.

Portable

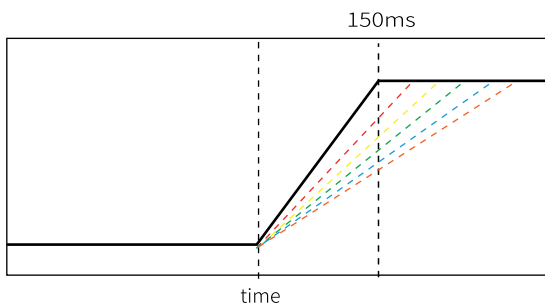

Detachable design of the main unit and
humidifier meets different demands of the user.

ACCESSORIES

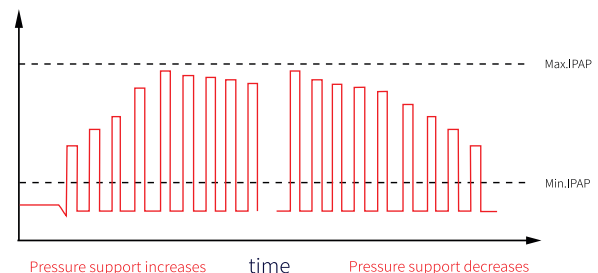

- CPAP:** Continuous Positive Airway Pressure mode, suitable for obstructive Sleep Apnea.
- AUTOS:** Intelligent regulation of inspiratory pressure to ensure a more smooth and comfortable breath.
 - S:** Spontaneous ventilation mode, suitable for patient with spontaneous respiratory
 - T:** Timed mode, suitable for patients without spontaneous respiratory capacity.
- S/T:** The machine automatically switches between S & T modes according to patient's respiratory condition.
- VGPS:** Volume Guarantee Pressure Support, meets patient's tidal volume requirement with its minimum pressure.
