

HEART

Materials:

I used size 20 cotton which gave a measurement of 2½ inches wide by 2¼ inches deep, but you could use any thread you prefer.

One shuttle.

Method:

Wind shuttle with thread and do not cut from ball.

Ring 1 3 - 3 - 3 - 3 - 3 - 3 cl, RW.

Ch 1 5, RW

Ring 2 5 + (to last p of ring 1) 3 - 3 cl, RW

Ring 3 3 + (to last p of ring 2) 5 - 5 - 3 cl, RW

Ring 4 3 + (to last p of ring 3) 3 - 5 cl, RW

This makes a 3 ring clover

Ch 2 2 - 2 - 2 - 2 - 2 - 2 - 2 - 2 - 2 - 2, RW

Rep rings 2, 3 and 4 joining each ring to the prev ring and the centre rings of each clover.

Ch 3 as ch 2

Rep rings 2, 3 and 4 joining each ring to the prev ring and the centre rings of each clover.

Ch 4 2 - 2 - 2 - 2 - 2 - 2 - 2 - 2 - 2, RW

Ring 11 3 + (to last p of ring 10) 3 - 3 - 3 cl, RW

Ch 5 2 - 2 - 2 - 2 - 2 - 2, RW

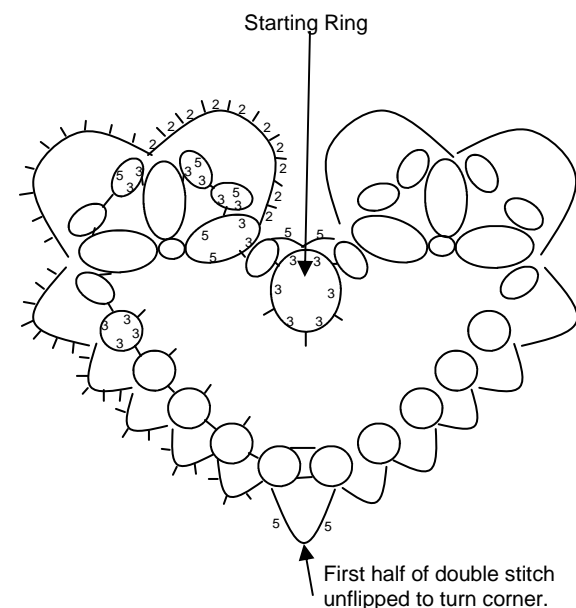

Rings 12, 13, 14, 15, as Ring 11

Chains 6, 7, 8, 2 - 2 - 2 - 2, RW

Ch 9 5, work first half of ds without flipping the stitch (this makes the chain turn a corner) 5, RW

Ring 16 3 + (to last p of ring 15) 3 + (to next p of same ring) 3 - 3 cl, RW

Complete the second side to mirror the first following the diagram. Join the last ring to the first p of the starting ring and join the last chain to the starting point.
