# **DAY TODAY**

ARIES (Mar 21 - Apr 20) Today's stars urge you to be

fair to others, just as you expect them to be fair to you. Everyone has a reason for their actions and, if you understand this, you will be well on the way to resolving any remaining tensions whether at home or at work.

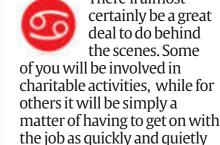

## **TAURUS (Apr 21 - May 21)**

Money will intrude on most areas of your life, and it's not a bad time at all for indulging in a spot of extravagance. However, you have a chance to radically rearrange your home and family affairs, even if only in a small but deeply satisfying way.

## GEMINI (May 22 - June 21) You have to

remember that it is always best to talk about your feelings, difficult as this may be. It's no use covering your emotions with your thoughts, as so many of you do so much of the time. Sometimes, the only thing that will do is raw passion and honesty.

### CANCER (June 22 - July 23) There'll almost

possibility of fruitful

LIBRA (Sep 24 - Oct 23) It's a day of rapid changes, from the

discussions and interesting news around mid-morning, through emotional tension midday, to practical work early afternoon, and a possible burst of mystery or excitement late in the evening. Enjoy.

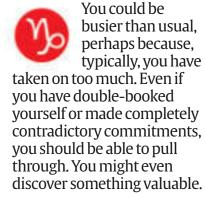

### SCORPIO (Oct 24 - Nov 23) There's no question

that this is the most important moment to concentrate on business matters. If, by any chance, you can bring increased excitement to a flagging relationship, make your plans around noon. And then all you have to do is make sure the cash situation is on your side.

### SAGITTARIUS (Nov 24 - Dec 22) The Moon's

emotional movements may confront you with the consequences of your actions. Some people may return from your past, while others will mysteriously appear as if they were reading your mind.

# CAPRICORN (Dec 23 - Jan 20)

### AQUARIUS (Jan 21 - Feb 19) It's time for a little creativity. This doesn't mean that you have to be a

great artist, but that whatever you do should be based on your own personal skills, talents and interests, rather than tagging along with friends and partners. But it's OK to let them do their thing, while you do yours.

### PISCES (Feb 20 - Mar 20) Mars' alignment with the very base

choice: to stay where you are or to move on. Putting your decision into action, of course, is a different matter. Come clean. Solicit the best advice.
