General Press Guidelines

In The Streets Magazine LLC reserves the right to refuse media credentials at their discretion.

In order to receive a media pass you must be an employed member / or freelance on assignment to a known media source. All journalists requesting a media pass must submit their own request, in order to issue the passes only to them by name. Organizations may request more than one pass for the event.

A media pass is only for the person it is registered to; you cannot loan or allow usage of your media pass. The pass only grants access to the person applying, for each member of the media staff an additional pass must be requested. The pass will grant you access to most areas of the event. Each media pass will grant entrance for May 15th and 16th, 2020.

Submit your media pass request by April 24th. We will respond by email or phone call, and you can pick up your credentials at the entrance on the 15th or 16th.

Misuse of the media pass will result in removal of the pass and rejection from the event.
