

## Interlocking Framelits Card

This interlocking card may seem puzzling and complicated, but it's really quite easy. The key to unlocking this card is nesting framelits (framelits that are different sizes, but the same shape). Stampin' Up! makes it even easier with coordinating stamps and framelits like the Daydream Medallions and Floral Frames Collection used on this card.

### Supplies

#### **Stamps:**

Daydream Medallions 126465w or  
126467c)  
Sassy Salutations 126705w or 126707c

#### **Paper:**

101650 Very Vanilla  
126839 Summer Starfruit  
126841 Primrose Petals  
126842 Raspberry Ripple

#### **Inks:**

126991 Summer Starfruit  
126858 Primrose Petals  
102283 VersaMark

#### **Accessories:**

127555 Vintage Faceted Buttons

#### **Tools:**

113439 Big Shot  
127012 Floral Frames Framelits  
129053 Heat Tool  
109130 Clear Stampin' Emboss Powder  
122334 Simply Scored Tool  
104432 Snail Adhesive  
104430 Stampin' Dimensionals

## Instructions

1. Stamp medallion images with Versamark ink and clear emboss on 2 ½" x 2 ½" Summer Starfruit, 3" x 3" Primrose Petals, and 4" x 4" Raspberry Ripple cardstock.
2. Use Floral Framelits to die cut medallions with the Big Shot. (Tip: Close all tabs on the Multiple Purpose Platform and sandwich the cardstock and framelit between two cutting pads. Make sure the raised edge of the framelit is faced down to cut.)
  - Die cut the small and medium medallion at the same time.
  - Die cut the large medallion using a framelit on the outside of the image as well as the next size smaller framelit to cut out the center.
3. Use the Simply Scored Tool to score the 8 ½" x 4 ¼" piece of Very Vanilla cardstock at 2-1/8" and 6-3/8".
4. Fold the Very Vanilla cardstock to create a gate fold card. Ink the largest medallion stamp with Summer Starfruit and stamp on the closed gate-fold card. (Tip: Since the stamp is larger than the cardstock, put it flat on the table and lay the cardstock on top.)
5. Line up the large die-cut medallion over the stamped image. Apply adhesive only on one half and adhere to the **left** side of the card front.
6. Apply adhesive to the **right** card front inside the large die-cut medallion and the card edge. Center medium die-cut medallion in the open space.
7. Embellish the center of the card with a button and stamp and embellish the inside of the card.
