Buildable block-style frame

KIVI KitchenTV

Watch videos or shows from your kitchen with previously unprecedented comfort and security.

Compact full-motion wall mount

Custom spring-loaded wall mount
was created specifically for the KitchenTV.

Maximize countertop space with our wall mount's
minimal wall occupancy and cable management
system, ensuring a neat and organized kitchen.

*Based on KIVI research 85% of customers that seek
for the TV in their kitchen place it on the wall.

Endless options on positioning

Elevate your kitchen experience with the KitchenTV wall mount. Designed for culinary spaces, it adjusts height and rotates your TV up to 90 degrees for perfect viewing angles.

KitchenTV mount stays in the position you've set it.

The image shows the back of a white KitchenTV mounted on a wall. The back panel has a wood-grain texture. A blue dashed circle highlights a square-shaped sensor area on the left side of the panel. To the right, there is a circular speaker grille and a mounting arm. The background is a bright, slightly blurred kitchen scene with a window, a vase, and a plate of food.

Integrated smoke detector

KitchenTV features an integrated smoke detector built into the back panel, providing an added layer of safety with an audible alarm.

Hands-free voice control

Just say "OK Google" and search for any content while you are cooking!

- Search for desired recipes (●)
- Switch to your favorite TV show (●)
- Control other smart IoT devices (●)
- Check how many calories in your dinner (●)

KitchenTV

Enhance your kitchen experience with special cooking content out of the box.

Additional security and comfort features allow you to watch content with a comfort you have never seen before.

Hands-free voice control

Full motion wall mount in the kit

Smoke detection feature
