Dupont Mini-Sip Juice Pouches reduces garbage space by over 70% and reduces weight by 80%. The Mini-Sip packaging is easy for all age groups to use.

Using standard cartons, typical lunchroom waste filled four 32 gal. containers and half of a 20 gal. bin. By switching to Mini-Sip™ pouches, the school needs only 3/4 of the 32 gal. bin to hold the waste.

The Mini-Sip™ packaging is easy for all age groups to use, from elementary, jr. high, high schools & colleges.
