4. Please populate the Transaction Password field.

**\*\*This is not a pre-defined password, you are creating the password by entering it into this field\*\***

The screenshot displays the 'MERCHANT ADMINISTRATION' page for 'CARDINAL CENTINEL'. The main heading is 'Manage Profile Information'. The form contains the following fields:

- Processor Id: [Redacted]
- Merchant Id: [Redacted]
- \* Merchant Name: Your Merchant Name (Note: Name appears on authentication window; Customers will see this name.)
- \* Merchant URL: http://www.yourwebsite.co.uk
- \* City: Mentor
- \* State/Province: Oh
- \* Country: United States
- \* Time Zone: 00:00: Greenwich Mean Time: Dublin, Lisbon, London
- \* CAVV/XID Format: Base64 Encoded
- Transaction Pwd: ENTER PASSWORD HERE (This field is highlighted with a red box and an arrow.)
- Txn Id Length: Standard Transaction Length - 20
- Auth Bridge Provider: Select Auth Bridge Provider
- Test Cases: Cardinal
- Send Cvv For MCSC Attempts: False

At the bottom of the form, there is a 'Back to Profile Menu' link. The footer includes the Cardinal Commerce logo, 'Copyright 2000 - 2010 CardinalCommerce', and a 'Support' link.

5. Hit Enter to Save. A Transaction Password is now completed.

**\*\*For assistance contact [implement@cardinalcommerce.com](mailto:implement@cardinalcommerce.com)**

- Log into our FoxyCart Admin account profile. Go to the STORE heading, and select Settings. Confirm that you are running a minimum of version 0.7.2 (if you modify this setting, be sure to click “Update Store” at the bottom of the page.)

**STORE DETAILS**

store name:  ?

store url:  ?

receipt continue url:  ?

logo url:  ?

use remote store domain:  ?

store sub domain: .foycart.com ?

multiple ship-to addresses:  ?

store version:  ?

store email(s):  ?

from email:  ?

7. Next, under the same STORE heading, select Payment.

Click the drop down menu to select “Enabled” under the “3-D Secure options”

Merchant ID: (Found in your Cardinal Welcome email)

Transaction password: (You created this in Step 4 of this guide.)

Processor ID: (134-01)

The screenshot shows the FoxyCart admin interface. At the top, there are five main menu categories: ACCOUNT, STORE, PRODUCT, TEMPLATES, and REPORTS. Under the STORE category, the 'payment' option is circled in red. Below this, a red banner reads 'store » payment gateways'. Underneath, another banner reads 'edit payment gateway'. The main content area contains several settings:

- which servers do you want to use?  Live Servers  Test Servers
- Let customers pay with a Credit or Debit Card:
- PAYPAL WEBSITE PAYMENTS PRO**
- bank card payment method: PayPal Website Payments Pro
- authorize only (do not capture funds):
- account email address: email@yoursite.com
- Note: It is very important that the 3D Secure settings here match the settings in your payment gateway. If you have enabled 3D Secure in your gateway, it must be enabled here as well.
- 3d secure options: Enabled
- carindal mpi merchant id: email@yoursite.com
- carindal mpi transaction password: yourtransactionpwd
- carindal mpi processor id: 134-01

8. Save the changes and you have completed the FoxyCart configuration for 3D Secure!  
Congratulations!
