## Construction

FG100L-104-35

ROGERS®, a family-owned company since 1905, manufactures trailers of **unsurpassed performance, and durable dependability.**

The fourth generation of the Rogers family brings new ideas and innovations to the **inherent superior quality** of **ROGERS** trailers.

**ROGERS** rates their frame capacity for concentrated weights. As a result, **ROGERS** outperforms and outlasts the competition, bringing the highest resale value on the market today.

Visit **[www.rogerstrailers.com](http://www.rogerstrailers.com)** to see more ROGERS trailers and to find the design that will meet your hauling needs or call 800.441.9880 for a quote.
