PROGRAM OVERVIEW

Welcome to the Toyota Approved Dealer Equipment Program!

This program is designed to offer you:

- One-stop shopping for your service, parts and body shop.
- Convenient Toyota Parts billing.
- Easy-to-use program materials.
- A reliable source of product information.
- A simple ordering process.
- The highest level of customer service.
- Flexible payment terms and financing.
- All at a competitive price.
- Products from the best sources in the service equipment industry.
- Competitive lease rates.
- Special purchase opportunities throughout the year.
- Facility planning.
- And much more...

Toyota Approved Products

The program includes products from a wide variety of quality suppliers. If you don't find exactly what you're looking for, just call 1-800-368-6787 and ask a customer service representative for assistance! We represent hundreds of suppliers and tens of thousands of products.

Need assistance in product selection? Would you like one of our service equipment managers or specific supplier representatives to stop by? Just call a customer service representative. We'll be glad to help.

How To Order

We offer three convenient ways to order: Toll-free phone, fax or by mail.

- **To order by phone, call 1-800-368-6787.**
Our customer service representatives are available from 7:30 AM until 7:00 PM CST, Monday through Friday.
- **To order by fax, simply complete one of the fax order forms and send it to 1-800-892-9651.**
When you need additional fax forms, just call or fax in a request.

If you prefer to order by mail, just complete a fax order form and mail it to:

Toyota Approved Dealer Equipment Program
P.O. Box 1450
Kenosha, WI 53141-1450

PROGRAM OVERVIEW

Invoicing

All orders will be invoiced through your Toyota parts accounts, unless otherwise requested.

Alternative methods of payment include credit card, open account and 30, 60, 90 day deferred billing through your Toyota parts account. Freight will be prepaid and added to the invoice, unless already included in the published price. We also offer leasing. Just ask one of our customer service representatives for our current lease rate.

All financing decisions must be made when the product is ordered.

Warranty

The supplier of each product issues its own warranty and performs all obligations under that warranty, with a one year minimum. We have requested that specific warranty information be packaged with the product prior to shipment. Please contact us if we can be of any assistance in coordinating warranty information or service.

Return Goods Authorization

In the event you need to return a product, please request an RGA (Return Goods Authorization) from us either by phone or fax. All products must be new, unused and in the original carton. After receiving written approval for return, the product is to be shipped to the address provided, with freight prepaid.

We will issue you credit, based on the credit issued by the supplier. All suppliers set their own policy regarding return freight, refurbishment, repackaging and restocking charges.

Environmental Assistance Network

The Environmental Assistance Network logo appears throughout the Toyota Approved Dealer Equipment Program catalog, identifying products that help safeguard the environment.

The EAN program reflects Toyota's ongoing commitment to environmental protection. For further information about this program, refer to the website: www.ccar-greenlink.org/tms.

FIELD SUPPORT / FACILITY LAYOUT & PLANNING

Field Support

The Toyota Approved Dealer Equipment Program is supported by Regional Managers.

They are easily accessed by calling the customer service desk at 1-800-368-6787.

TOYOTA REGION	CODE	TOYOTA REGION	CODE
Los Angeles	11	Chicago	21
San Francisco	12	Cincinnati	22
Portland	13	Kansas City	23
Denver	15	South East (SET)	50
New York	16	Gulf States (GST)	60
Boston	17	Central Atlantic	80

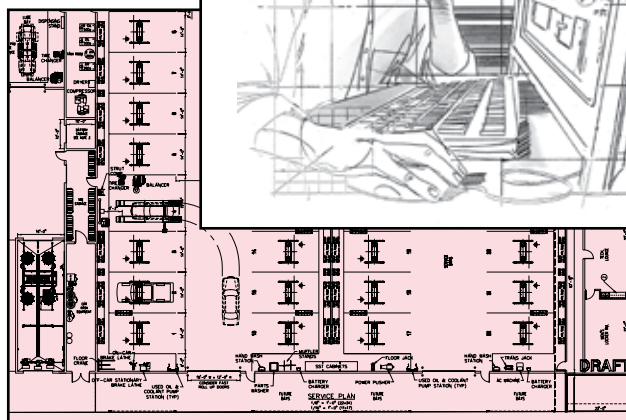

Facility Layout & Planning

Service facility layouts are available at no charge to the dealer when you provide architectural blueprints from the project architect or contractor.

Simply contact a customer service representative at 1-800-368-6787.

The process starts with a brief interview to establish the scope of the project. Next, your ideas are incorporated into a CAD drawing of the facility, which suggests an equipment layout and includes a complete product listing. Finally, the information is provided for your review, along with a complete price quotation that maximizes the potential discount your volume purchase would generate.

LEASING INFORMATION / LOGO IDENTIFICATION

Leasing Information

Benefits of Leasing:

- 100% financing!
- Minimal up-front acquisition costs!
- Conserves capital!
- Preserves existing credit lines!
- Rates and terms to fit your exact financial requirements.

Terms:

\$2,000 to \$7,500	24 - 48 Months
\$7,501+	24 - 60 Months
<i>Subject to change without notice</i>	

Requirements:

- Available for equipment items only.
- \$1.00 purchase option.
- Proof of insurance required.
- Financial statements required for transactions over \$50,000.
- First and last payments required in advance.

Subject to change without notice.

Logo Identification

The Environmental Assistance Network logo appears throughout the Toyota Approved Dealer Equipment Program catalog, identifying products that help safeguard the environment.

The EAN program reflects Toyota's ongoing commitment to environmental protection. For further information about this program, refer to the website www.ccar-greenlink.org/tms.

In 1992, the Automotive Lift Institute (ALI) and its members began a vigorous testing and validation program for lifts.

This program is administered by ETL/Intertek Testing Services, a third-party testing laboratory with OSHA recognition. ETL tests the lift to ensure compliance with the American National Standard governing automotive lift construction, and periodically inspects the factory where the lift is made. If the lift passes the tests and the factory meets the standards, then the lift may carry the "ALI Certification Mark" and the "ETL Certification Mark". The certification program also requires that complete instructions, safety manuals and other safety documents be included with the lift.

PROGRAM SUPPLIERS**

SUPPLIER NAME	PREFIX	PRODUCT(S)
Advanced Test Product / A Division of SPX Corporation	TIF	A/C Refrigerant Leak Detector, A/C Refrigerant Charging Scales, Gas Leak Detector
Airsept Inc.	AIR	A/C Sealant, Separator & Accessories
Alemite Corporation	ALR	Grease Gun, Hose Reels, Lubricant/Oil Pumps, Metered Fluid Control Handles, Oil Tap Bar, Pressurized Oil Drains, Used Oil Receivers
American Aimers	HOP	Headlamp Aimers
Balcrank	BCK	Hose Reels, Lubricant/Oil Dispensers and Pumps, Metered and Non-Metered Fluid Control Handles, Pressurized Oil Drains
Barnes Distribution	CUR	Key Code Cutters
BJ Enterprises	BJE	Tank Monitors, Oil Filter Crushers & Stands
Blackhawk	BHW	Collision Repair Equipment, Frame Collision Measuring System, Inverter Welders
Borroughs Corporation	BGH	Parts Bins and Racks, Shelving, Shop and Service Desks, Mezzanines, Tire Racks, Workbenches and Cabinets
Bosch Diagnostics	ACC	Brake Bleeder, Brake Lathes & Accessories
Branick Industries	BRN	Strut Spring Compressor
Broadway Equipment Co.	BRE	Car Wash Systems, Car Dryers, Car Polishers, Spot-Free Rinse System, Water Recycle System
Busch Systems International Inc.	BSS	Recycling & Environmental Collection Receptacles
Cam Spray	CAM	Pressure Washers
Car-O-Liner Company	CAR/CR	Collision Repair Equipment, Collision Repair Racks
Cebotech Inc.	CBI	MIG Welders, Plasma Cutters, Spot Welders
Central Tools	CNT	Work Lights
Challenger Lifts Inc.	CLF	Two & Four-Post Lifts, Inground Lifts, Lift Accessories
Champion, A Gardner Denver Product	CHA	Air Compressors, Refrigerated Air Dryers and Compressor Accessories
Chief Automotive Technologies	CAS	Collision Repair Equipment and Accessories, Frame Collision Measuring Systems, Pulling Systems, Welders
Clayton Associates Inc.	CLA	Brake Washers
Cliplight Manufacturing Company	CLP	Work Lights
Clore Automotive Products	CAP/KKJ	Battery Chargers/Boosters, Battery Testers & Electrical System Tester, Booster Cart, Jumper Cables
Crushproof Tubing Co.	CPT	Vehicle Exhaust Extraction Systems & Accessories
Dell Corning Corporation	DLC	Exterior/Interior Vehicle Protection Products, Key Drop-Off Security Systems, Service Identifiers, Stools
Equipto	EQG	Service Carts, Racks, Shelving, Storage Cabinets, Tire Racks, Workbenches, Stools, Mezzanines
Eurovac Inc.	EUR	Dust Extraction Systems
Flo-Dynamics	FLO	Power Steering Fluid Exchanger
Fluke	FLU	Digital Multimeters
Global Finishing Solutions	BLO	Paint Booths, Paint Mix Rooms
Goff's Enterprises Inc.	GOF	Curtain Partitions
