### Positive Empowerment

In everything that we do, we look to achieve Positive Impact.

We empower your business to make the right environmental and social impact,

We empower you to engage end-users, so we can lead the way together towards responsible payments

Our Banking & Payment Services Sustainability objectives that were set at Horizon 2030 include:

Ensure accessible services for all end users

Reduce CO<sub>2</sub> emissions at all steps of the card life cycle

Provide card recycling solutions to key markets

Introduce innovative eco-friendly materials

Stop PVC

1 bottle = 1 card with our plastic compensation program

Together, we can create payment solutions that prioritize sustainability and financial inclusivity. It's what your customers, your business, and our planet deserve.
