

Introducing...

# foXL<sup>v2</sup><sup>TM</sup>

The critically acclaimed pocket-sized music system for smartphones, iPad and more. Now with wireless Bluetooth good enough for an audio purist.\*

*"The foxL's sound is jaw-droppingly big...  
frankly, amazing" -Macworld*

*"astonished" - CNN Tech*

Noise/echo-canceling microphone for business-quality wireless hands-free conferencing

soundmatters  
[www.soundmatters.com](http://www.soundmatters.com)

\*Sure, our wired performance is better (with lower noise and a bit better range) but for most listening even the most jaded audiophile will be impressed with our wireless sound quality.

# foXL<sup>v2</sup><sup>TM</sup>

foXL v2 defies conventional wisdom about sound – a miniature audiophile portable music system that turns the palm of your hand into a personal amphitheater. Wired or wireless Bluetooth stereo. Wall or battery powered. For iPhone/iPad/mp3 players, laptops, mobile gaming, and more.

“No system so small ever sounded so good”  
– Gizmodo.com”

“We could not believe the sound that came out of these tiny speakers”  
– rollingstone.com

“best thing to happen to business travel since WiFi”  
– Jazz Times

“the absolute best gift of all time for audiophiles”  
– Sound & Vision

Two 1-inch diameter, patented, Linear Magnetic Drive™ Twoofers™ tuned to 100Hz deliver eight full octaves of music for smooth vocals & extended bass well beyond any similar-sized speaker.

Patented FlatMagic™ bass radiator, originally developed for the revolutionary SUBstage™ home theater subwoofer, extends bass by an entire octave... and the protective rear grille doubles as a foldout speaker stand.

## Features

- High-resolution fidelity, pocket-sized portability
- Auto-connect wirelessly\* or connect to any music source via standard audio cable  
*\*(with Bluetooth 2.0 A2DP compatible music device)*

- Non-Bluetooth foXL v2 is also available without hands-free microphones

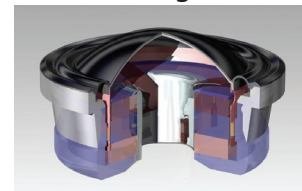

## Specifications

Battery Life:	up to 8 hours
Power:	4W x 2 <0.1%THD, 5V in 2W x 2 <0.1%THD, 3.6V in
Output Level:	97dB @ 0.5m, 5V 95dB @ 0.5m, 3.6V
Freq. Response:	80Hz–20kHz (DIN 4500)
Connections:	power in, audio in, sub out
AC Adapter:	5V 2A Max 15W
Accessories:	<i>included:</i> AC charger with int'l adapters, USB cable, 3.5mm audio cable, pouch, wrist strap, anti-skid acoustic mat
Dimensions:	143 x 55 x 35 mm (5.6 x 2.2 x 1.4 inch)
Weight:	269 gram (9.5 oz)

## The Company

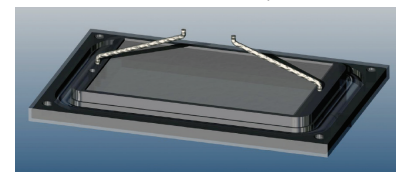

Founded in 1998 as an R&D company by physicist, former NASA engineer and audio design legend Dr. Godehard Guenther, soundmatters utilizes its patented and proprietary technologies to provide a range of uniquely-small, internationally-acclaimed, high-fidelity audio solutions.

### Patented Linear Magnetic Drive™ Twofer™ with DomeForward™ Driver Alignment

*Twofer™ features field-focused, back-to-back, dual Extreme-Energy™ neodymium magnets and 1-inch, dual voice coils mounted “dome forward”. Protected by an acoustically transparent grill*

### Patented Flatmagic™ BassBattery™

*Rechargeable BassBattery™ rubber-encased, high capacity, lithium-ion battery also serves as a FlatMagic bass radiator*
