# 01 / Set Up Your Camera

1. Position your camera's adjustable stand for setup.

   Note: Peel off film from the camera before use.

2. Download the Tapo app from the App Store or Google Play.

OR

3. Power up the camera. Tap the ⊕ button in the app and select your model. Follow the app instructions to complete setup.
02 / Install Your Camera

Option 1: Set on a table or shelf

1. Place the camera on your desired table or shelf.
2. Adjust the stand angle to the notch position in the base for more stability.

Option 2: Mount to metallic surfaces

The camera has a magnet in its base, allowing magnetic attachment to metallic surfaces.

Metallic Surface

Option 3: Stick to a clean wall

1. Attach the included adhesive to the back of the metal plate properly.

   Note: The adhesive is for one-time use. Avoid re-using the adhesive to ensure its adhesion.

2. Wipe off the dust from the surface, stick the metal plate with the adhesive to the clean wall, and press it down for 15 seconds to ensure the plate is firmly attached. Then attach the camera to the plate.

   Note: This is applicable with tile, glass, marble, metal, stainless steel, and hard wall surfaces.

3M Adhesive

Option 4. Mount to the wall (with or without the metal plate)

1. Stick the mounting template to the desired mounting place. Drill two holes according to the template.

Φ=6 mm (15/64 in.)

2. Insert two anchors into the holes and use the screws to affix the metal plate over the anchors. Then attach the camera to the plate.

   Note: Ensure the metal plate's concave-holed side faces the magnetic base.

OR

1. Drill one hole in the desired mounting place.

Φ=6 mm (15/64 in.)

2. Insert one anchor into the hole, use one screw to affix the camera over the anchor, then tighten the screw.

03 / Power Up Your Camera

1. Firmly plug in the power connector to the power port of the camera, and ensure no gap exists.

   Note: To identify if the power connector is connected properly or not, you can refer to
   https://www.tp-link.com/support/faq/3761/

2. Fix the power cord with adhesive tape or the provided cable clamp and screw.
   Note: To ensure a firm connection, fix the power cord at a distance of about 25 cm away from the power connector.
