Smarten Up Outdoor Lights and Devices

// Highlights

Matter-Compatible

With Matter support, using one app to control all smart devices is no longer a fantasy. Integrate Tapo P400M into your preferred ecosystems to work seamlessly with other certified products and create a unified smart home.

Made for the Outdoors

Featuring an IP65-rated[△] enclosure and long-range Wi-Fi coverage, the Tapo Smart Outdoor Plug works safely in the garden, patio, or backyard to power your outdoor devices. Make your time spent outdoors easier and smarter.

[△] For the best result of waterproofing and protection, please keep the plug face down and at least 12 inches (1ft) from the ground. Keep the plug covered with the weatherproof cover when not in use.

// Highlights

Free Up Your Hands with Voice Control

Use simple voice commands with Alexa, Siri®, or Google Assistant to conveniently control the lights without leaving your spot. You can give each outlet a unique name and use them separately.

Set Schedules and Timers

Individually schedule each device connected to the plug to automatically switch on or off when you're home or away. Or automatically turns off devices after they are left on for a set time.

// Features

- **Double the Outlets** – Access and use two outdoor devices from anywhere, individually with one smart plug.
 - **Long-Range Connectivity** – With a built-in power amplifier for long-range WiFi, the outdoor plug has a reach of up to 300 ft in open areas, offering you full control over longer distances.
 - **Remote Control** – Instantly turn connected devices on/off wherever you are through the Tapo app.
 - **Safety Design** – Tested for safety with ETL Certified. PC flame-retardant* materials help minimize burning hazards.
- *Made with V-0 (UL94) flame-retardant materials.
- **Easy Setup and Use** - Use Bluetooth to easily onboard the smart plug within a few steps. With Matter support, Tapo P400M allows users to scan the included Matter code for frustration-free setup.

Set Up with Matter

This is a Matter-certified device. You can integrate it into any Matter ecosystem you prefer for easy control.

How to Set Up

A Matter-supported controller and smart home app of the same ecosystem are required.

1. Turn on Bluetooth on your phone.
2. Open your selected smart home app and scan the provided Matter QR code on your device and the included label.
3. Follow the instructions in the app to complete setup.

Failed to Set Up?

1. Try to connect your phone to a stable 2.4 GHz Wi-Fi network with internet access instead of a 5 GHz network.
2. Unplug your device and plug it back in.
3. Refer to the FAQ for detailed instructions: <https://www.tp-link.com/support/faq/3520/>

// Specifications

General

- Button: Power Button
- Material: PC[†]
- Rating: 100-125 V~ 50/60 Hz
- Max Load: 15 A[‡] Max, 1800 W Max (General Use / Resistive Load), 8 A Incandescent, 1/6 HP Motor
- Wireless: IEEE 802.11b/g/n, 2.4 GHz WiFi
- Setup: Bluetooth 4.2[§]
- Weatherproof Rating: IP65[^]
- System Requirements: Android 5.0 or higher, iOS 10 or higher

Other

- Package Contents:
Smart Wi-Fi Outdoor Plug × 1
Clamp × 1
Screw & Wall Anchor × 1
Quick Start Guide
- Certifications: Matter, FCC, ETL, NCC
- Operating Temperature: -20 °C ~ 50 °C (-4°F ~ 122°F)
- Operating Humidity: 10%–90%RH, Non-condensing
- Dimensions : 4.2 × 3.1 × 1.6 in (106.5×79.4×39.4 mm)

[†]Made with V-0 (UL94) flame-retardant material.

[‡]The total power of the connected electrical equipment should not exceed the max load current (15 A).

[§]Bluetooth is only used for setup.

[^]For the best result of waterproofing and protection, please keep the plug face down and at least 12 inches (1ft) from the ground. Keep the plug covered with the weatherproof cover when not in use.
