

.SCOT

The following additional provisions apply to the domain names that are registered through the various registries.

The .SCOT Top Level Domain (TLD) is a Community TLD. Therefore, its registrants must fulfill extra conditions. One of these conditions is a "Declaration of Usage" for the domain name. By default, 1&1 Internet SE will always enter a Usage Declaration of "Website" for each .SCOT domain name. If your intended usage differs from this, please contact your local country 1&1 Internet SE Customer Support and 1&1 Internet SE will change your Declaration of Usage Statement. Registrants are required to state their intended use of the registered domain name.

You should be aware, that a false statement of intended use is an indication of bad faith and can be the basis for the suspension of the domain name.

The Registrant agrees to abide by all .Scot TLD Policies set forth on .Scot TLD's website at <http://dotscot.net/policies/> (the "Registry Website").
