The army base...

But we never went there.

You said there are ghosts out here.

That the ground
is poisoned.

At the confirmation...

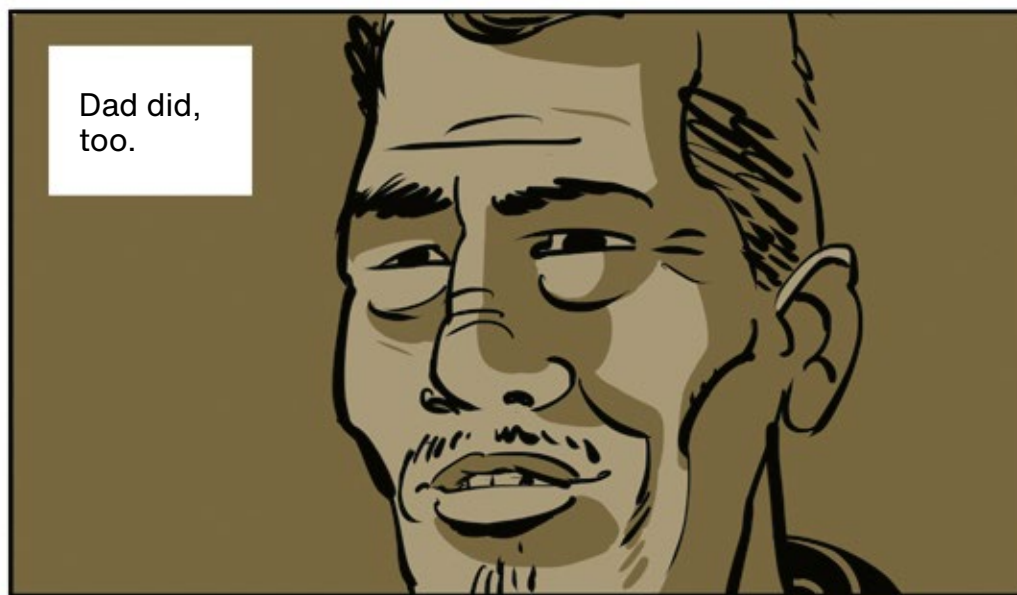

... it wasn't just Miki...

... who looked at you in a certain way.

Dad did, too.

After the party...

... he came into our room.

He sent me outside.

I couldn't see.

But I could hear him...

... and you.

Kan du huske, hvor sultne vi var

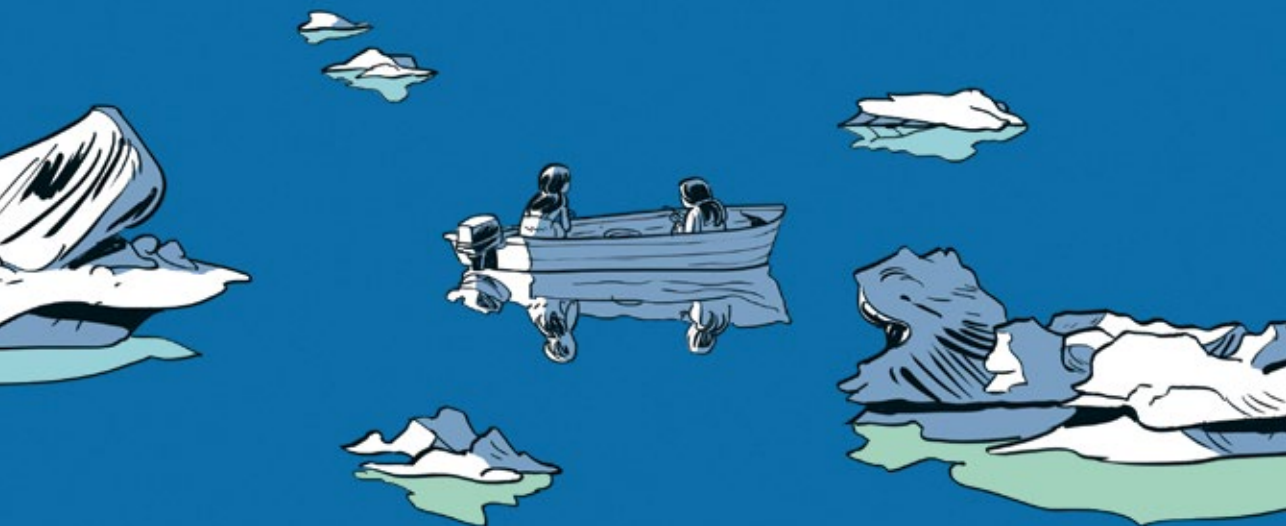

Vi spiste sortebær

Vi fiskede efter torsk

Men vi fangede kun en klam ulk

Vi sov i ruinen, fordi du ikke ville hjem

Fordi det gjorde ondt
