## Numération

Écris le nombre représenté.

A collection of 28 white rounded rectangular cards scattered across the page. Each card contains either the number '10' or the number '1'. There are 26 cards with '10' and 2 cards with '1'.

Two white rounded rectangular cards, each containing the number '1', positioned above a large, empty white rectangular box. This box is intended for the student to write the total number of items represented by the cards.
