**Description of Operations Financed:
Introduction and Overview**

A. Requested Fiscal Year 2025 Appropriation Act Language

For drug interdiction and counter-drug activities of the Department of Defense, for transfer to appropriations available to the Department of Defense for military personnel of the reserve components serving under the provisions of title 10 and title 32, United States Code; operation and maintenance; for procurement; and for research, development, test, and evaluation, \$901,479,000: *Provided*, That the funds appropriated under this heading shall be available for obligation for the same time period and for the same purpose as the appropriation to which transferred: *Provided further*, That upon a determination that all or part of the funds transferred from this appropriation are not necessary for the purposes provided herein, such amounts may be transferred back to this appropriation: *Provided further*, That the transfer authority provided under this heading is in addition to any other transfer authority contained elsewhere in this Act.

B. Description of Operations Financed

Funds the Department of Defense's Drug Interdiction and Counter-Drug Activities, Defense appropriation four budget activities: 1) Counter-Narcotics Support, 2) Drug Demand Reduction Program, 3) National Guard Counter-Drug Program, and 4) National Guard Counter-Drug Schools. Counter-Narcotics Support budget activities include detect; monitor; and counter the production, trafficking, and use of illegal drugs. Drug Demand Reduction Program budget activities include prevention, education, and outreach to ensure the dangers of drug abuse and misuse within the Department of Defense are understood, prevented, identified, and treated to keep the fighting force at the highest levels of readiness. National Guard Counter-Drug Program budget activities support State National Guard assistance to Federal, State, tribal, and local law enforcement agencies, and community-based organizations in efforts to disrupt and degrade illicit drug production and trafficking within the United States. National Guard Counter-Drug Schools budget activities fund the operation of five National Guard counter-drug schools which provide counter-drug and related counter transnational organized crime courses of instruction to Federal, State, local and community-based organizations from the 50 state, three territories, and the District of Columbia.

The funds are appropriated to the Department's Central Transfer Account titled "Drug Interdiction and Counter-Drug Activities, Defense". The Central Transfer Account provides for centralized budgeting and oversight, while allowing funds to be executed across the entire range of Department of Defense Military Departments, Combatant Commands, and Combat Support Agencies.

C. Global Threats and Trends

Drug trafficking and other illicit threat networks continue to pose a serious and persistent threat to the security, health, and safety of the American people. These threats undermine the ability of the Department to fulfill key responsibilities: guarantee the security of the nation's citizens and the nation's territory, promote economic prosperity, and prioritize assistance to partners that are aligned with United States interest. Illicit threat networks that include terrorist, criminals, proliferators, and adversary states are presenting unprecedented asymmetrical threats to United States interests at home and abroad. It is only through a unified effort with interagency and foreign partners that we can address this complex national security, law enforcement, and public health problem.

Transnational criminal organizations remain the greatest criminal threat to the United States: they control lucrative smuggling corridors to bring tons of illicit drugs across our borders every year. Transnational criminal organizations threaten United States interests by taking advantage of failed states or contested spaces; forging alliances with corrupt foreign government officials and some foreign intelligence services; destabilizing political financial, and security institutions in fragile states;

undermining legitimate commerce in world markets; and using cyber technologies and other methods to perpetrate sophisticated frauds. Today's criminal networks are fluid, striking new alliances with other networks around the world and engaging in a wide range of illicit activities, including support for terrorism and malign activities of state adversaries and non-state actors. Whether carried out by nation-states, state proxies, terrorist groups, or non-aligned organizations, the criminal activities perpetrated by these networks transcend law enforcement, intelligence community, and the national security spheres of action.

The worldwide production of synthetic opioids such as fentanyl, along with heroin, cocaine, and methamphetamine remains high. According to United States Centers for Disease Control and Prevention there were 106,699 drug overdose deaths in 2021[1]. Mexican Transnational Criminal Organizations remain the greatest criminal threat to the United States and supply much of the fentanyl, heroin, cocaine, and methamphetamine that crosses the United States-Mexico border. The Sinaloa and the Jalisco New Generation Cartel, both with global reach, are the most powerful Mexican Transnational Criminal Organizations and dominate wholesale distribution of illicit drugs in the United States. China-based suppliers ship fentanyl and precursor chemicals to Mexico, Canada, and United States-based distributors, as well as sell fentanyl directly to consumers via the Dark Web. China and India are the primary suppliers of precursor chemicals necessary to produce methamphetamine, fentanyl, cocaine, and heroin. In Central America, gangs and other regional illicit networks conduct illicit drug smuggling and weapons trafficking. Gang violence and other criminal activity corrupts police, military, the judiciary, and other law enforcement agents despite police and judicial reforms. The Dominican Republic continues to grow as a key transshipment country for illicit drugs destined for the United States, where Dominican Transnational Criminal Organizations continue to expand operations.

Russia, China, Iran, and North Korea utilize blended forms of global competition, including criminal and cyber means, to achieve their national objectives. Russian and other Eurasian Transnational Criminal Organization groups continue to thrive within and outside their borders, including in the United States. The Russian government has shown a capacity and willingness to utilize criminal means to achieve Russia's global objectives, including the war in Ukraine. China's semi-permissive legal environment continues to provide a global Transnational Criminal Organization hub, which allows Chinese criminal organizations and other international illicit networks to conduct criminal activities and extend Chinese influence worldwide. A growing body of open-source and law enforcement reflections indicates China's role in permitting or enabling illicit activities, including economic crimes, money laundering, illicit drug trafficking, wildlife trafficking, trafficking in natural resources, and the illicit procurement of sensitive technologies. To support its global objectives, North Korea employs a complex overseas illicit financing and criminal procurement system designed to raise the funds and materials North Korea needs for its regime's security and weapons programs.

The convergence of Transnational Criminal Organizations, terrorist organizations, and insurgent groups remain a national and global security concern. Terrorist and insurgent groups such as Islamic State of Iraq and Syria, the Taliban, al-Shabaab, and the Revolutionary Armed Forces of Colombia – People's Army are among the non-state actors that leverage the use of violence and other illicit activities to undermine the security of the United States and other nations. Hezbollah is perhaps the most business-savvy terrorist organization; it relies on global facilitators engaged in illicit drugs, arms, counterfeit trafficking, and money laundering for financing and support.

Given the significant responsibilities of our military service members and civilian personnel, deterring and detecting drug abuse, and ensuring a drug-free workplace are essential to maintaining Department of Defense readiness. As illegal and prescription drugs have become increasingly available within our communities and more states legalize marijuana, a top Department priority is to resource responsive and effective deterrence programs to prevent illegal drug use and prescription drug misuse by the workforce.

D. Strategic Objectives

The Department's statutory mission to detect and monitor aerial and maritime transit of illicit drugs toward the United States remains a priority. By performing this mission, the Department of Defense helps deter, disrupt, and defeat potential threats before they reach the United States. This includes supporting interagency and international efforts to target Transnational Criminal Organizations at their source and building international partnerships to prevent transnational threat networks from undermining sovereign governments, undermining regional stability, and threatening United States interests. The priorities identified below address a range of functional and regional threats, including longstanding challenges posed by illicit drug trafficking, other forms of transnational organized crime, and transnational terrorism financed by illicit means.

The Department of Defense seeks to:

- Disrupt and degrade the flow of heroin, fentanyl, and amphetamine-type like stimulants, chiefly from Mexico, by fusing intelligence and disrupting links among Transnational Criminal Organizations, with a focus on the Sinaloa Cartel and Jalisco New Generation Cartel networks.
- Support interagency partners in stopping the flow of synthetic opioids such as fentanyl from China and elsewhere into the United States and disrupt and degrade the unlawful diversion and smuggling of chemical precursors from Asia to the Western Hemisphere.
- Build Colombia, Ecuador, and Peru's capacities to detect and interdict illicit trafficking, including drugs, precursor chemicals, and profits.
- Supports efforts to sever Violent Extremist Organizations and Transnational Criminal Organizations sources of strength, including funding and supply chains, with a focus on Islamic State of Iraq and Syria, al-Qaeda, and Iran-affiliated organizations.
- Promote stability in Central America and the Dominican Republic through enhanced security across the air, land, and maritime domains to improve foreign partners' abilities to degrade drug trafficking and other illicit threat networks.
- Disrupt and degrade the flow of Afghan heroin supporting terrorist and criminal groups, focused on the Taliban/Haqqani network, and the downstream illicit drug trade through East Africa by supporting partner-nation law enforcement agencies' ability to conduct land and maritime counter-drug and counter transnational organized crime operations.
- Disrupt illicit trafficking and related criminal networks that threaten European and Asian security by working with United States and foreign law enforcement and security services, focusing on Russian and Chinese affiliated Transnational Criminal Organizations.
- Support interagency and law enforcement partners in order to disrupt North Korean efforts to circumvent sanctions compliance and utilize illicit financial activities.

These priorities support the National Security Strategic Guidance, the National Defense Strategy, and the Department of Defense key responsibilities: guarantee the security of the nation's citizens and the nation's territory, enable United States interagency counterparts, and prioritize assistance to partners who are aligned with United States interests.

E. Drug Interdiction and Counter-Drug Activities, Defense Appropriation and Program Management Background

Since Fiscal Year 1989, the Department of Defense Drug Interdiction and Counter-Drug Activities, Defense appropriation has been the principal means used to finance the Department's Counter-Drug and Drug Demand Reduction activities. The funds are appropriated to the Department's Counter-Drug Central Transfer Account, which provides for centralized budgeting and oversight, while allowing funds to be executed across the entire range of the Department of Defense departments, commands, and combat support agencies. In accordance with 31 U.S.C. §1105(a)(26) and 21 U.S.C. §1703(c), this budget justification describes and provides a consolidated view of Department of Defense contributions to the National Drug Control Program as executed by this appropriation. The Deputy Assistant

Introductory Statement (Appropriation Highlights)

Secretary of Defense for Counternarcotics and Stabilization Policy, with the oversight of the Assistant Secretary of Defense for Special Operations and Low-Intensity Conflict, and with direction from the Under Secretary of Defense for Policy, provides policy guidance and oversight, resource allocation, and program assessment functions for the Department's Counter-Drug, Counter-Transnational Organized Crime[2], and Counter Threat Finance[3] activities. This portfolio includes resources budgeted under Budget Activity 01, Counter-Narcotics Support; Budget Activity 03, National Guard Counter-Drug Program; and Budget Activity 04, National Guard Counter-Drug Schools Program.

For the Drug Demand Reduction Program, the Office of Drug Demand Reduction, by direction of the Executive Director for Force Resiliency, and with oversight by the Under Secretary of Defense for Personnel and Readiness, provides policy oversight and guidance, resource allocation, and reviews and monitors Military Services and Defense Agencies' program execution and effectiveness. Drug Demand Reduction programs are mandated by Executive Order 12564, 10 U.S.C. §978, other guidance contained in Department of Defense Directives and Instructions, and the Federal Register. This portfolio includes resources budgeted under Budget Activity 02, Drug Demand Reduction Program.

The National Security Strategy, National Drug Control Strategy, National Defense Strategy, the Executive Order 14060 Establishing the United States Council on Transnational Organized Crime, and others all require alignment of Counter-Drug resources across multiple priorities. Resources requested within Budget Activities 01, 03, and 04 of the Drug Interdiction and Counter-Drug Activities appropriation, support requirements presented by the Combatant Commands, Military Departments, and Combat Support Agencies. The Deputy Assistant Secretary of Defense for Counternarcotics and Stabilization Policy validates requirements on a recurrent basis via its annual planning, programming, and budgeting process. Each program is reviewed and evaluated to ensure alignment with the evolving threat environment, Administration priorities, support of the Department's strategic and performance objectives, Combatant Commands mission requirements, adherence to legislative authorities and policy guidance. In addition to informing programmatic and budgetary decision-making, the Deputy Assistant Secretary of Defense for Counternarcotics and Stabilization Policy performance measurement system adheres to the Office of National Drug Control Policy's Performance Reporting System requirements, the Office of Management and Budget Circular A-11 performance budget guidance, as well as statutory mandates required by the Government Performance and Results Act of 1993.

I. Description of Operations Financed:

The Counter-Narcotics Support budget activity funds programs to detect and monitor the aerial and maritime transit of illegal drugs into the United States and supports intelligence and technology programs to collect, process, analyze, and disseminate information required for counterdrug operations. It also resources programs within the six geographic Combatant Commands' Areas of Responsibility to support United States and international law enforcement agencies' efforts to illuminate, disrupt, interdict, or curtail activities related to substances, material, weapons, or resources used to finance, support, secure, cultivate, process, or transport illegal drugs. Financed activities include, but are not limited to, the establishment and operation of bases of operations, transportation of personnel, supplies; small-scale construction, and intelligence analysis support provided to United States and international law enforcement agencies.

Primary Authorities: 10 U.S.C. §124, §284, §342, §1021 National Defense Authorization Act for 2005, as amended, and §1022 National Defense Authorization Act for 2004, as amended.

IV. Performance Criteria and Evaluation Summary:

The Department of Defense delivers global support to the nation’s Counter-Drug and Counter Transnational Organized Crime efforts by detecting and monitoring aerial and maritime drug threats bound for the United States, supporting United States and international partner operations and information sharing, conducting global intelligence and counter threat finance analyses.

Measures of performance assigned to these activities are used by decision makers to: observe progress and measure actual results in comparison to expected results and operational objectives; guide the allocation of counterdrug and counter transnational organized crime budgetary resources during the annual planning, programming, budgeting, and execution process; provide management and oversight of Department of Defense counterdrug and countering transnational organized crime programs; and facilitate communications and engagements with internal and external stakeholders.

The National Drug Control Budget, published by the Office of National Drug Control Policy, is assembled by agency Budget Decision Unit. The Fiscal Year 2025 Department of Defense Drug Interdiction and Counter-Drug Activities, Defense budget request supports one Budget Decision Unit, titled *Drug Interdiction and Counterdrug Activities*. Information regarding measures of performance that are compiled and monitored by the Deputy Assistant Secretary of Defense for Counternarcotics and Stabilization Policy, but *not* funded by this appropriation (Military Services Operations Tempo), may be found in the Office of National Drug Control Policy National Drug Control Budget. Selected examples of Fiscal Year 2023 qualitative and quantitative program performance results are provided in the following table, and accompanying narrative, to communicate Department of Defense's continued progress toward achieving operational objectives in support of the National Drug Control Program. These measures, including data sources, goals, and results are subject to a Department of Defense Inspector General Attestation Review at least once every three-years to ensure quality standards and reliability.

Selected Measures of FY 2023 Performance

	FY 2023 Target	FY 2023 Achieved
Budget Decision Unit 1 – Drug Interdiction and Counterdrug Activities		
Measure 1: Percentage of Detected Events Successfully Handed-off to Interdiction and Apprehension Resources	80%	68%
Measure 4: Heroin Removal by Combined Task Force–150 in Indian Ocean Transit Zone	4,800 kg	9,357 kg

Measure 1: Percentage of total global illicit trafficking events, as estimated by interagency and international intelligence activities, detected and successfully handed-off to interdiction and apprehension assets by Joint Interagency Task Force South.

Department of Defense contributes to National Drug Control Strategy supply reduction goals by acting as the single lead agency for detecting and monitoring aerial and maritime transit of illicit drugs into the United States. United States Southern Command's Joint Interagency Task Force - South facilitates drug interdiction by leveraging cued intelligence and other sources. The task force detects, monitors, and then hands-off potential targets to United States and international law enforcement agencies that possess the authorities to conduct the subsequent interdiction and apprehension.

In Fiscal Year 2023, Joint Interagency Task Force - South is estimated to have logged roughly 8,530 Critical Movement Alerts comprised of initial intelligence submissions, of which about 6,300 were Drug Movement Alerts, a subset of Critical Movement Alerts that capture an impending or ongoing illicit drug movement. During quarterly Consolidated Counterdrug Database vetting conferences, each interagency partner-submitted event is examined to ensure strict

adherence to agreed-upon criteria as defined in the Counterdrug Database User's Manual. This refinement process resulted in the designation of 4,758 validated Joint Interagency Task Force - South maritime events for Fiscal Year 2023.

During the first half of FY 2023, of the 1,824 Joint Interagency Task Force - South Consolidated Counterdrug Database non-commercial, Western Hemisphere narcotics maritime events, Joint Interagency Task Force - South was able to target 611 (33%). Target, in this context, is the act of trying to locate an illicit conveyance with resources such as, aircraft, ships, helicopters, etc. The remaining 1,213 events (67%) were not targeted primarily due to shortfalls in targeting information and shortages in air and maritime detection and interdiction resources. Of the 611 targeted events, 139 (23%) were detected by the United States or Partner Nations detect and monitor assets. Of the 139 detected after targeting, 95 (68%) were successfully handed-off to the United States or Partner Nations law enforcement intelligence and analysis assets. Joint Interagency Task Force - South supported an additional 67 disruptions through tactical operations and information sharing with partners.

Joint Interagency Task Force - South serves as a critical force multiplier for United States law enforcement agencies for evidence collection, grand jury proceedings, indictments, and extraditions leading to the interdiction or arrest of key drug trafficking organization members, consolidated priority organization targets, and the disruption of prioritized transnational threat networks. Below is a summary of Fiscal Year 2023 law enforcement statistics as compared to Fiscal Year 2022 for drug seizures where Joint Interagency Task Force - South helped:

- Arrests/Detainees: estimated 968, 0.9% increase; Fiscal Year 2022 (959)
- Conveyances (vessels and aircraft): estimated 312, 1.6% decrease; Fiscal Year 2022 (317)
- Cocaine: 303.5 metric tons, 1.8% increase (\$7.6 billion loss to traffickers); Fiscal year 2022 (298 metric tons)
- Marijuana: 77.5 metric tons, 21.1% increase (\$16 million loss to traffickers); Fiscal Year 2022 (64 metric tons)
- Heroin: 0 kilograms, 0% change; Fiscal Year 2022 (0 kilograms)

Overall, Joint Interagency Task Force - South supported the disruption of 303.5 metric tons of narcotics, which was an increase of 1.8 percent when compared to Fiscal Year 2022 and the highest total disruption tonnage in our 33-year history. Joint Interagency Task Force - South exceeded historic records while experiencing a 15 percent decline in multi-pilot aeroplane air hours and a 19 percent decline in ship days.

As another metric of interest, the percentage of disruptions from detections was 68%, falling short of the 80% success rate target. The 80% FY 2023 target was set as an incremental increase towards a goal of 100% (the target is reviewed on an annual basis). Also, roughly 85% of Western Hemisphere narcotics flow events remain undetected during transit with a precise location update by the United States and Partner Nations assets leaving intelligence and analysis handoff unachievable for most flow events.

Multiple variables affect the actual hand-off success percentage; however, each year the United States government and Partner Nations strive to become more efficient and effective by increasing capabilities, capacities, and competencies with assets/resources, command and control, information sharing, and technological advancements to enable better "detection" and "hand-off" successes.

IV. Performance Criteria and Evaluation Summary: (Cont.)

Measure 4: Indian Ocean Heroin Removal.

In Fiscal Year 2023, the Regional Narcotics Interagency Fusion Cell gathered and fused actionable counter-drug information resulting in 214 maritime Contacts of Interest passed to regional law enforcement partners and naval vessels of Combined Task Force-150 of which 39 were boarded and searched with 21 of those instances resulting in illicit narcotics seizures. Regional Narcotics Interagency Fusion Cell's Fiscal Year 2023 Contacts of Interests and Boardings exceeded Fiscal Year 2022 results of 177 Contacts of Interests and 32 boardings.

Regional Narcotics Interagency Fusion Cell's continued coordination and collaboration with European Union Naval Forces present in the Indian Ocean, Red Sea and Mediterranean waters assisted Regional Narcotics Interagency Fusion Cell in countering Indian Ocean illicit maritime activity. Regional Narcotics Interagency Fusion Cell Contacts of Interest intel was shared with European Union Naval Forces maritime and air platforms resulting in four boardings and seizures contributing 1,375.7 kilograms of heroin, 210 kilograms of methamphetamines and 2,709 kilograms of hashish to Regional Narcotics Interagency Fusion Cell's Fiscal Year 2023 seizure results.

Regional Narcotics Interagency Fusion Cell continued coordination with law enforcement partners across the Indian Ocean basin enabled narcotics seizures where suspect Contacts of Interests were beyond the reach of a boarding by Combined Task Force-150 platforms. Regional Narcotics Interagency Fusion Cell coordinated with U.S. Embassy country team representatives and their partner nation law enforcement entities in Mozambique, Indonesia, Yemen, Seychelles, Sri Lanka and Pakistan resulting in eight additional interdictions of 1,181.926 kilograms of heroin, 2,076 kilograms of methamphetamines, 3,033 kilograms of hashish and 1 kilogram of methylenedioxymethamphetamine.

The Department of Defense views Regional Narcotics Interagency Fusion Cell's ability to sustain the level of and/or increase Contacts of Interests as reflective of continued improvements in Interagency counter-drug intelligence analysis capabilities, integration with Commander U.S. Naval Forces Central Command and partner navies in U.S. Naval Forces Central Command Combined Maritime Force and Combined Task Force-150. Interdiction statistics for the year continue to demonstrate the evolution and value of Regional Narcotics Interagency Fusion Cell's fusion of time sensitive counterintelligence to identify, locate and coordinate maritime interdictions or land-based seizures.

Regional Narcotics Interagency Fusion Cell's total Fiscal Year 2023 interdictions resulted in removal 8,211.626 kilograms of heroin seized, confiscated, exploited for intelligence, and destroyed. In addition to heroin, Regional Narcotics Interagency Fusion Cell enabled the seizure of 34,813 kilograms of hashish, 6,398.4 kilograms of methamphetamines, 2,980 kilograms of opium and 34 kilograms of other narcotics substances including 23 kilograms of Captagon. Heroin and opium (e.g., opioids) combined seized in the Indian Ocean basin totaled 11,191.626 kilograms. This exceeds prior year opioids seized in the same maritime geography of 9,356.95 kilograms. Additionally, Regional Narcotics Interagency Fusion Cell coordination resulted in 55 arrests, six dhows seized, and one dhow destroyed.

I. Description of Operations Financed:

The Drug Demand Reduction budget activity funds programs to ensure the dangers of drug abuse and misuse within the Department of Defense are understood, prevented, identified, and treated to keep the fighting force at the highest levels of readiness. Prevention, education, and outreach programs focus on Department of Defense's military and civilian communities designed to raise awareness of the adverse consequences of illicit drug use and prescription drug misuse on job performance, safety, health, family stability, fiscal security, and employment opportunities. Programs include illicit drug awareness and life-skills training for Service members and their families with a focus on maintaining readiness by ensuring a drug free workforce and workplace. Outreach services include programs to assist military and civilian employees in locating Department of Defense and local civilian agency resources to address substance abuse, dependency, or addiction. In addition to prevention and outreach efforts, this budget activity funds personnel, supplies, and materials that support installation level random drug testing specimen collection for all military service members, civilian personnel in testing designated positions, and pre-employment testing for applicants for military and civilian service. The Department of Defense operates five forensic drug testing laboratories (U.S. Army, Fort Meade, MD; U.S. Army, Tripler AMC, HI; U.S. Navy, Great Lakes IL; U.S. Navy, Jacksonville, FL; and U.S. Air Force, Lackland, TX). These laboratories conduct urinalysis testing for the presence of illegal drugs, novel synthetic drugs, and unauthorized prescription medications listed in the Department of Defense drug test panel. Funding supports laboratory personnel costs and overhead expenses related to test reagents, disposable supplies, and support services. The Fort Meade forensic testing laboratory is certified by the Substance Abuse and Mental Health Services Administration to analyze specimens from Department of Defense Agency civilians and civilian applicants in testing designated positions under the Drug-Free Workplace Program. The Great Lakes, IL forensic testing laboratory processes urinalysis samples for all military applicants from 65 Military Entrance Processing Stations worldwide. The Lackland, TX forensic testing laboratory processes the majority of National Guard Bureau Service member specimens.

IV. Performance Criteria and Evaluation Summary:

The Department of Defense delivers global support to the nation's Counter-Drug and Counter Transnational Organized Crime efforts by detecting and monitoring aerial and maritime drug threats bound for the United States, supporting United States and international partner operations and information sharing, conducting global intelligence and counter threat finance analyses, and encouraging a drug-free workplace through the Drug Demand Reduction Program.

Measures of performance assigned to these activities are used by decision makers to: observe progress and measure actual results in comparison to expected results and operational objectives; guide the allocation of counterdrug and counter transnational organized crime budgetary resources during the annual planning, programming, budgeting, and execution process; provide management and oversight of Department of Defense counterdrug and countering transnational organized crime programs; and facilitate communications and engagements with internal and external stakeholders.

The National Drug Control Budget, published by the Office of National Drug Control Policy, is assembled by agency Budget Decision Units. The FY 2025 Department of Defense Drug Interdiction and Counter-Drug Activities, Defense budget request supports one Budget Decision Unit, titled *Drug Interdiction and Counterdrug Activities*. Information regarding measures of performance that are compiled and monitored by the Under Secretary of Defense for Personnel and Readiness, may be found in the Office of National Drug Control Policy National Drug Control Budget. Selected examples of FY 2023 qualitative and quantitative program performance results are provided in the following table, and accompanying narrative, to communicate Department of Defense's continued progress toward achieving operational objectives in support of the National Drug Control Program. These measures, including data sources, goals, and results are subject to a Department of Defense Inspector General Attestation Review at least once every three-years to ensure quality standards and reliability.

Measure 2: Department of Defense military personnel testing positive for drug use.

The Department of Defense's Drug Demand Reduction Program was mandated in 1981 and given the mission to deter Department of Defense personnel from abusing illicit drugs or misusing prescription drugs. The program components include compulsory random drug testing with punitive consequences and anti-drug education and outreach programs. The effectiveness of this program is measured by monitoring the prevalence of drug use from drug testing statistics published annually with a 2% or less urine drug positive rate for military personnel, and a 1% urine drug positive rate for Department of Defense civilians in Testing Designated Positions. These goals were established as Well-Being of the Force Indicators in 2008 [1]. An additional source of determining the effectiveness of the Drug Demand Reduction Program is the Department of Defense Survey of Health-Related Behaviors. The Department of Defense survey is conducted every three years as an additional measure of effectiveness because it is independent from the drug testing program. The specific metric from the survey monitored is self-reported use of illicit drugs and misuse of prescription drugs within the past 30 days.

Measure 3: Department of Defense civilian personnel testing positive for drug use.

The Department of Defense is on track to keep the illicit drug positive rate below 2% for military personnel and below 1% for civilian personnel, despite the Department expanding the drug testing panel to include commonly abused prescription drugs and synthetic marijuana (also known as Spice). The Department of Defense policy is to ensure 100% random urine drug testing of every Service member is conducted annually. Given the success of Department of Defense's civilian drug testing program, the random testing rate for civilians in testing-designated positions will be 50% of the workforce per year.

Personnel Summary Explanations:

Active Military Strength reflects manpower support to the Drug Demand Reduction Program funded by the Military Departments. Estimates represent Reservists, Civilians, and Contractors funded annually with transfers from the Drug Interdiction and Counter-Drug Activities, Defense appropriation to the Military Departments and Defense Agencies.

FY 2025 increase in Civilian FTE is due to hiring civilians verses contractors.

FY 2025 decrease in Contractor FTEs is due to hiring civilians verses contractors.

I. Description of Operations Financed:

The National Guard Counter-Drug Program budget activity exclusively funds the Governors State Plans Program (Project 7403) in the form of drug interdiction and counterdrug activities plans submitted by U.S. State Governors in accordance with 32 U.S.C. §112(c) and approved by the Secretary of Defense per 32 U.S.C. §112(d). Funds support State National Guard assistance to Federal, State, tribal, and local law enforcement agencies and community-based organizations in efforts to disrupt and degrade illicit drug production and trafficking within the United States. Funds may be used for the following expenses: pay, allowances, clothing, subsistence, gratuities, travel, and related expenses, as authorized by State law, of personnel of the National Guard of that State used, while not in Federal service, for the purpose of drug interdiction and counter-drug activities; Operation and maintenance of the equipment and facilities of the National Guard of that State used for the purpose of drug interdiction and counter-drug activities; and procurement of services and equipment, and the leasing of equipment, for the National Guard of that State used for the purpose of drug interdiction and counter-drug activities.

I. Description of Operations Financed:

The National Guard Counter-Drug Schools budget activity funds the operation of five National Guard Counterdrug Schools as authorized by §901 of the Office of National Drug Control Policy Reauthorization Act of 2006, as amended, and as identified in plans submitted by host State Governors to the Secretary of Defense in accordance with 32 USC §112(c). The five schools supported by the program are: 1) Midwest Counterdrug Training Center at Camp Dodge, IA; 2) Multijurisdictional Counterdrug Task Force Training program at Camp Blanding, FL; 3) Northeast Counterdrug Training Center at Fort Indiantown Gap, PA; 4) Regional Counterdrug Training Academy at Naval Air Station Meridian, MS and; 5) Western Regional Counterdrug Training Center at Camp Murray, WA. The schools leverage existing Department of Defense infrastructure and capacity to provide no-cost counternarcotics training to Federal, State, Local, and Tribal Law Enforcement agencies, as well as community-based organizations and military personnel in order to enable them to disrupt, degrade, and defeat drug trafficking organizations and transnational criminal organizations that threaten United States national security interest and the public safety of United States citizens. Funds support reserve military pay for Army and Air National Guard personnel, supplies, maintenance, and other administrative costs.

PART I-ORGANIZATION AND GENERAL MILITARY POWERS

CHAPTER 3-GENERAL POWERS AND FUNCTIONS

§124. Detection and monitoring of aerial and maritime transit of illegal drugs: Department of Defense to be lead agency

(a) Lead Agency.

(1) The Department of Defense shall serve as the single lead agency of the Federal Government for the detection and monitoring of aerial and maritime transit of illegal drugs into the United States.

(2) The responsibility conferred by paragraph (1) shall be carried out in support of the counter-drug activities of Federal, State, local, and foreign law enforcement agencies.

(b) Performance of Detection and Monitoring Function.

(1) To carry out subsection (a), Department of Defense personnel may operate equipment of the Department to intercept a vessel or an aircraft detected outside the land area of the United States for the purposes of-

(A) identifying and communicating with that vessel or aircraft; and

(B) directing that vessel or aircraft to go to a location designated by appropriate civilian officials.

(2) In cases in which a vessel or an aircraft is detected outside the land area of the United States, Department of Defense personnel may begin or continue pursuit of that vessel or aircraft over the land area of the United States.

(c) United States Defined.-In this section, the term "United States" means the land area of the several States and any territory, commonwealth, or possession of the United States.

STATUTORY NOTES AND RELATED SUBSIDIARIES

CONDITION ON DEVELOPMENT OF FORWARD OPERATING LOCATIONS FOR UNITED STATES SOUTHERN COMMAND COUNTER-DRUG DETECTION AND MONITORING FLIGHTS

Pub. L. 106–65, div. A, title X, §1024, Oct. 5, 1999, 113 Stat. 748 , provided that:

"(a) Condition.-Except as provided in subsection (b), none of the funds appropriated or otherwise made available to the Department of Defense for any fiscal year may be obligated or expended for the purpose of improving the physical infrastructure at any proposed forward operating location outside the United States from which the United States Southern Command may conduct counter-drug detection and monitoring flights until a formal agreement regarding the extent and use of, and host nation support for, the forward operating location is executed by both the host nation and the United States.

"(b) Exception.-The limitation in subsection (a) does not apply to an unspecified minor military construction project authorized by section 2805 of title 10, United States Code."

COUNTER-DRUG DETECTION AND MONITORING SYSTEMS PLAN

Pub. L. 102–484, div. A, title X, §1043, Oct. 23, 1992, 106 Stat. 2492 , provided that:

"(a) Requirements of Detection and Monitoring Systems.-The Secretary of Defense shall establish requirements for counter-drug detection and monitoring systems to be used by the Department of Defense in the performance of its mission under section 124(a) of title 10, United States Code, as lead agency of the Federal Government for the detection and monitoring of the transit of illegal drugs into the United States. Such requirements shall be designed-

"(1) to minimize unnecessary redundancy between counter-drug detection and monitoring systems;

"(2) to grant priority to assets and technologies of the Department of Defense that are already in existence or that would require little additional development to be available for use in the performance of such mission;

"(3) to promote commonality and interoperability between counter-drug detection and monitoring systems in a cost-effective manner; and

"(4) to maximize the potential of using counter-drug detection and monitoring systems for other defense missions whenever practicable.

"(b) Evaluation of Systems.-The Secretary of Defense shall identify and evaluate existing and proposed counter-drug detection and monitoring systems in light of the requirements established under subsection (a). In carrying out such evaluation, the Secretary shall-

"(1) assess the capabilities, strengths, and weaknesses of counter-drug detection and monitoring systems; and

"(2) determine the optimal and most cost-effective combination of use of counter-drug detection and monitoring systems to carry out activities relating to the reconnaissance, detection, and monitoring of drug traffic.

"(c) Systems Plan.-Based on the results of the evaluation under subsection (b), the Secretary of Defense shall prepare a plan for the development, acquisition, and use of improved counter-drug detection and monitoring systems by the Armed Forces. In developing the plan, the Secretary shall also make every effort to determine which counter-drug detection and monitoring systems should be eliminated from the counter-drug program based on the results of such evaluation. The plan shall include an estimate by the Secretary of the full cost to implement the plan, including the cost to develop, procure, operate, and maintain equipment used in counter-drug detection and monitoring activities performed under the plan and training and personnel costs associated with such activities.

"(d) Report.-Not later than six months after the date of the enactment of this Act [Oct. 23, 1992], the Secretary of Defense shall submit to Congress a report on the requirements established under subsection (a) and the results of the evaluation conducted under subsection (b). The report shall include the plan prepared under subsection (c).

"(e) Limitation on Obligation of Funds.- (1) Except as provided in paragraph (2), none of the funds appropriated or otherwise made available for the Department of Defense for fiscal year 1993 pursuant to an authorization of appropriations in this Act [see Tables for classification] may be obligated or expended for the procurement or upgrading of a counter-drug detection and monitoring system, for research and development with respect to such a system, or for the lease or rental of such a system until after the date on which the Secretary of Defense submits to Congress the report required under subsection (d).

"(2) Paragraph (1) shall not prohibit obligations or expenditures of funds for-

"(A) any procurement, upgrading, research and development, or lease of a counter-drug detection and monitoring system that is necessary to carry out the evaluation required under subsection (b); or

"(B) the operation and maintenance of counter-drug detection and monitoring systems used by the Department of Defense as of the date of the enactment of this Act.

"(f) Definition.-For purposes of this section, the term 'counter-drug detection and monitoring systems' means land-, air-, and sea-based detection and monitoring systems suitable for use by the Department of Defense in the performance of its mission-

"(1) under section 124(a) of title 10, United States Code, as lead agency of the Federal Government for the detection and monitoring of the aerial and maritime transit of illegal drugs into the United States; and

"(2) to provide support to law enforcement agencies in the detection, monitoring, and communication of the movement of traffic at, near, and outside the geographic boundaries of the United States."

"(1) The Secretary of Defense shall integrate into an effective communications network the command, control, communications, and technical intelligence assets of the United States that are dedicated (in whole or in part) to the interdiction of illegal drugs into the United States.

"(2) The Secretary shall carry out this subsection in consultation with the Director of National Drug Control Policy."

RESEARCH AND DEVELOPMENT

Pub. L. 101-189, div. A, title XII, §1205, Nov. 29, 1989, 103 Stat. 1564 , provided that: "The Secretary of Defense shall ensure that adequate research and development activities of the Department of Defense, including research and development activities of the Defense Advanced Research Projects Agency, are devoted to technologies designed to improve-

"(1) the ability of the Department to carry out the detection and monitoring function of the Department under section 124 of title 10, United States Code, as added by section 1202; and

"(2) the ability to detect illicit drugs and other dangerous and illegal substances that are concealed in containers."

TRAINING EXERCISES IN DRUG-INTERDICTION AREAS

Pub. L. 101-189, div. A, title XII, §1206, Nov. 29, 1989, 103 Stat. 1564 , provided that:

"(a) Exercises Required.-The Secretary of Defense shall direct that the armed forces, to the maximum extent practicable, shall conduct military training exercises (including training exercises conducted by the reserve components) in drug-interdiction areas.

"(b) Report.- (1) Not later than February 1 of 1991 and 1992, the Secretary shall submit to Congress a report on the implementation of subsection (a) during the preceding fiscal year.

"(2) The report shall include-

"(A) a description of the exercises conducted in drug-interdiction areas and the effectiveness of those exercises in the national counter-drug effort; and

"(B) a description of those additional actions that could be taken (and an assessment of the results of those actions) if additional funds were made available to the Department of Defense for additional military training exercises in drug-interdiction areas for the purpose of enhancing interdiction and deterrence of drug smuggling.

"(c) Drug-Interdiction Areas Defined.-For purposes of this section, the term 'drug-interdiction areas' includes land and sea areas in which, as determined by the Secretary, the smuggling of drugs into the United States occurs or is believed by the Secretary to have occurred."

CHAPTER 15-MILITARY SUPPORT FOR CIVILIAN LAW ENFORCEMENT AGENCIES

§284. Support for counterdrug activities and activities to counter transnational organized crime

(a) Support to Other Agencies.-The Secretary of Defense may provide support for the counterdrug activities or activities to counter transnational organized crime of any other department or agency of the Federal Government or of any State, local, tribal, or foreign law enforcement agency for any of the purposes set forth in subsection (b) or (c), as applicable, if-

(1) in the case of support described in subsection (b), such support is requested-

(A) by the official who has responsibility for the counterdrug activities or activities to counter transnational organized crime of the department or agency of the Federal Government, in the case of support for other departments or agencies of the Federal Government; or

(B) by the appropriate official of a State, local, or tribal government, in the case of support for State, local, or tribal law enforcement agencies; or

(2) in the case of support described in subsection (c), such support is requested by an appropriate official of a department or agency of the Federal Government, in coordination with the Secretary of State, that has counterdrug responsibilities or responsibilities for countering transnational organized crime.

(b) Types of Support for Agencies of United States.-The purposes for which the Secretary may provide support under subsection (a) for other departments or agencies of the Federal Government or a State, local, or tribal law enforcement agencies, are the following:

(1) The maintenance and repair of equipment that has been made available to any department or agency of the Federal Government or to any State, local, or tribal government by the Department of Defense for the purposes of-

(A) preserving the potential future utility of such equipment for the Department of Defense; and

(B) upgrading such equipment to ensure compatibility of that equipment with other equipment used by the Department.

(2) The maintenance, repair, or upgrading of equipment (including computer software), other than equipment referred to in paragraph (1) for the purpose of-

(A) ensuring that the equipment being maintained or repaired is compatible with equipment used by the Department of Defense; and

(B) upgrading such equipment to ensure the compatibility of that equipment with equipment used by the Department.

(3) The transportation of personnel of the United States and foreign countries (including per diem expenses associated with such transportation), and the transportation of supplies and equipment, for the purpose of facilitating counterdrug activities or activities to counter transnational organized crime within or outside the United States.

(4) The establishment (including an unspecified minor military construction project) and operation of bases of operations or training facilities for the purpose of facilitating counterdrug activities or activities to counter transnational organized crime of the Department of Defense or any Federal, State, local, or tribal law enforcement agency within or outside the United States.

(5) Counterdrug or counter-transnational organized crime related training of law enforcement personnel of the Federal Government, of State, local, and tribal governments, including associated support expenses for trainees and the provision of materials necessary to carry out such training.

(6) The detection, monitoring, and communication of the movement of-

(A) air and sea traffic within 25 miles of and outside the geographic boundaries of the United States; and

(B) surface traffic outside the geographic boundary of the United States and within the United States not to exceed 25 miles of the boundary if the initial detection occurred outside of the boundary.

(7) Construction of roads and fences and installation of lighting to block drug smuggling corridors across international boundaries of the United States.

(8) Establishment of command, control, communications, and computer networks for improved integration of law enforcement, active military, and National Guard activities.

(9) The provision of linguist and intelligence analysis services.

(10) Aerial and ground reconnaissance.

(c) Types of Support for Foreign Law Enforcement Agencies.-

(1) Purposes.-The purposes for which the Secretary may provide support under subsection (a) for foreign law enforcement agencies are the following:

(A) The transportation of personnel of the United States and foreign countries (including per diem expenses associated with such transportation), and the transportation of supplies and equipment, for the purpose of facilitating counterdrug activities or activities to counter transnational organized crime within or outside the United States.

(B) The establishment (including small scale construction) and operation of bases of operations or training facilities for the purpose of facilitating counterdrug activities or activities to counter transnational organized crime of a foreign law enforcement agency outside the United States.

(C) The detection, monitoring, and communication of the movement of-

(i) air and sea traffic within 25 miles of and outside the geographic boundaries of the United States; and

(ii) surface traffic outside the geographic boundaries of the United States.

(D) Establishment of command, control, communications, and computer networks for improved integration of United States Federal and foreign law enforcement entities and United States Armed Forces.

(E) The provision of linguist and intelligence analysis services.

(F) Aerial and ground reconnaissance.

(2) Coordination with secretary of state.-In providing support for a purpose described in this subsection, the Secretary shall coordinate with the Secretary of State.

(d) Contract Authority.-In carrying out subsection (a), the Secretary may acquire services or equipment by contract for support provided under that subsection if the Department of Defense would normally acquire such services or equipment by contract for the purpose of conducting a similar activity for the Department.

(e) Limited Waiver of Prohibition.-Notwithstanding [section 276 of this title](#), the Secretary may provide support pursuant to subsection (a) in any case in which the Secretary determines that the provision of such support would adversely affect the military preparedness of the United States in the short term if the Secretary determines that the importance of providing such support outweighs such short-term adverse effect.

(f) Conduct of Training or Operation To Aid Civilian Agencies.-In providing support pursuant to subsection (a), the Secretary may plan and execute otherwise valid military training or operations (including training exercises undertaken pursuant to section 1206(a) of the National Defense Authorization Act for Fiscal Years 1990 and 1991 (Public Law 101-189; 103 Stat. 1564)) for the purpose of aiding civilian law enforcement agencies.

(g) Relationship to Other Support Authorities.-

(1) Additional authority.-The authority provided in this section for the support of counterdrug activities or activities to counter transnational organized crime by the Department of Defense is in addition to, and except as provided in paragraph (2), not subject to the other requirements of this chapter.

(2) Exception.-Support under this section shall be subject to the provisions of section 275 and, except as provided in subsection (e), section 276 of this title.

(h) Congressional Notification.-

(1) In general.-Not less than 15 days before providing support for an activity under subsection (a), the Secretary of Defense shall submit to the appropriate committees of Congress a written and electronic notice of the following:

(A) In the case of support for a purpose described in subsection (c)-

(i) the country the capacity of which will be built or enabled through the provision of such support;

(ii) the budget, implementation timeline with milestones, anticipated delivery schedule for support, and completion date for the purpose or project for which support is provided;

(iii) the source and planned expenditure of funds provided for the project or purpose;

(iv) a description of the arrangements, if any, for the sustainment of the project or purpose and the source of funds to support sustainment of the capabilities and performance outcomes achieved using such support, if applicable;

(v) a description of the objectives for the project or purpose and evaluation framework to be used to develop capability and performance metrics associated with operational outcomes for the recipient;

(vi) information, including the amount, type, and purpose, about the support provided the country during the three fiscal years preceding the fiscal year for which the support covered by the notice is provided under this section under-

(I) this section;

(II) section 23 of the Arms Export Control Act (22 U.S.C. 2763);

(III) peacekeeping operations;

(IV) the International Narcotics Control and Law Enforcement program under section 481 of the Foreign Assistance Act of 1961 (22 U.S.C. 2291);

(V) Nonproliferation, Anti-Terrorism, Demining, and Related Programs;

(VI) counterdrug activities authorized by section 1033 of the National Defense Authorization Act for Fiscal Year 1998 (Public Law 105-85); or

(VII) any other significant program, account, or activity for the provision of security assistance that the Secretary of Defense and the Secretary of State consider appropriate;

(vii) an evaluation of the capacity of the recipient country to absorb the support provided; and

(viii) an evaluation of the manner in which the project or purpose for which the support is provided fits into the theater security cooperation strategy of the applicable geographic combatant command.

(B) In the case of support for a purpose described in subsection (b) or (c), a description of any small scale construction project for which support is provided.

(2) Coordination with secretary of state.-In providing notice under this subsection for a purpose described in subsection (c), the Secretary of Defense shall coordinate with the Secretary of State.

(3) Quarterly reports.-

(A) In general.-Not less frequently than once each quarter, the Secretary shall submit to the appropriate committees of Congress a report on Department of Defense support provided under subsection (b) during the quarter preceding the quarter during which the report is submitted. Each such report shall be submitted in written and electronic form and shall include-

- (i) an identification of each recipient of such support;
- (ii) a description of the support provided and anticipated duration of such support; and
- (iii) a description of the sources and amounts of funds used to provide such support;

(B) Appropriate committees of congress.-Notwithstanding subsection (i)(1), for purposes of a report under this paragraph, the appropriate committees of Congress are-

- (i) the Committees on Armed Services of the Senate and House of Representatives; and
- (ii) any committee with jurisdiction over the department or agency that receives support covered by the report.

(i) Definitions.-In this section:

(1) The term "appropriate committees of Congress" means-

- (A) the Committee on Armed Services, the Committee on Appropriations, and the Committee on Foreign Affairs of the House of Representatives; and
- (B) the Committee on Armed Services, the Committee on Appropriations, and the Committee on Foreign Relations of the Senate.

(2) The term "Indian tribe" means a Federally recognized Indian tribe.

(3) The term "small scale construction" means construction at a cost not to exceed \$750,000 for any project.

(4) The term "tribal government" means the governing body of an Indian tribe, the status of whose land is "Indian country" as defined in section 1151 of title 18 or held in trust by the United States for the benefit of the Indian tribe.

(5) The term "tribal law enforcement agency" means the law enforcement agency of a tribal government.

(6) The term "transnational organized crime" means self-perpetuating associations of individuals who operate transnationally for the purpose of obtaining power, influence, monetary, or commercial gains, wholly or in part by illegal means, while protecting their activities through a pattern of corruption or violence or through a transnational organization structure and the exploitation of transnational commerce or communication mechanisms.

C. 10 USC 978: Drug and alcohol abuse and dependency: testing of new entrants

Text contains those laws in effect on December 28, 2023

From Title 10-ARMED FORCES

Subtitle A-General Military Law

PART II-PERSONNEL

CHAPTER 49-MISCELLANEOUS PROHIBITIONS AND PENALTIES

§978. Drug and alcohol abuse and dependency: testing of new entrants

(a)(1) The Secretary concerned shall require that, except as provided under paragraph (2), each person applying for an original enlistment or appointment in the armed forces shall be required, before becoming a member of the armed forces, to-

- (A) undergo testing (by practicable, scientifically supported means) for drug and alcohol use; and
- (B) be evaluated for drug and alcohol dependency.

(2) The Secretary concerned may provide that, in lieu of undergoing the testing and evaluation described in paragraph (1) before becoming a member of the armed forces, a member of the armed forces under the Secretary's jurisdiction may be administered that testing and evaluation after the member's initial entry on active duty. In any such case, the testing and evaluation shall be carried out within 72 hours of the member's initial entry on active duty.

(3) The Secretary concerned shall require an applicant for appointment as a cadet or midshipman to undergo the testing and evaluation described in paragraph (1) within 72 hours of such appointment. The Secretary concerned shall require a person to whom a commission is offered under [section 2106 of this title](#) following completion of the program of advanced training under the Reserve Officers' Training Corps program to undergo such testing and evaluation before such an appointment is executed.

(b) A person who refuses to consent to testing and evaluation required by subsection (a) may not (unless that person subsequently consents to such testing and evaluation)-

- (1) be accepted for an original enlistment in the armed forces or given an original appointment as an officer in the armed forces; or
- (2) if such person is already a member of the armed forces, be retained in the armed forces.

An original appointment of any such person as an officer shall be terminated.

(c)(1) A person determined, as the result of testing conducted under subsection (a)(1), to be dependent on drugs or alcohol shall be denied entrance into the armed forces.

(2) The enlistment or appointment of a person who is determined, as a result of an evaluation conducted under subsection (a)(2), to be dependent on drugs or alcohol at the time of such enlistment or appointment shall be void.

(3) A person who is denied entrance into the armed forces under paragraph (1), or whose enlistment or appointment is voided under paragraph (2), shall be referred to a civilian treatment facility.

(4) The Secretary concerned may place on excess leave any member of the armed forces whose test results under subsection (a)(2) are positive for drug or alcohol use. The Secretary may continue such member's status on excess leave pending disposition of the member's case and processing for administrative separation.

From Title 32-NATIONAL GUARD
CHAPTER 1-ORGANIZATION

§112. Drug interdiction and counter-drug activities

(a) Funding Assistance.-The Secretary of Defense may provide funds to the Governor of a State who submits to the Secretary a State drug interdiction and counter-drug activities plan satisfying the requirements of subsection (c). Such funds shall be used for the following:

(1) The pay, allowances, clothing, subsistence, gratuities, travel, and related expenses, as authorized by State law, of personnel of the National Guard of that State used, while not in Federal service, for the purpose of drug interdiction and counter-drug activities.

(2) The operation and maintenance of the equipment and facilities of the National Guard of that State used for the purpose of drug interdiction and counter-drug activities.

(3) The procurement of services and equipment, and the leasing of equipment, for the National Guard of that State used for the purpose of drug interdiction and counter-drug activities. However, the use of such funds for the procurement of equipment may not exceed \$5,000 per item, unless approval for procurement of equipment in excess of that amount is granted in advance by the Secretary of Defense.

(b) Use of Personnel Performing Full-Time National Guard Duty.-**(1)** Under regulations prescribed by the Secretary of Defense, personnel of the National Guard of a State may, in accordance with the State drug interdiction and counter-drug activities plan referred to in subsection (c), be ordered to perform full-time National Guard duty under [section 502\(f\) of this title](#) for the purpose of carrying out drug interdiction and counter-drug activities.

(2)(A) A member of the National Guard serving on full-time National Guard duty under orders authorized under paragraph (1) shall participate in the training required under [section 502\(a\) of this title](#) in addition to the duty performed for the purpose authorized under that paragraph. The pay, allowances, and other benefits of the member while participating in the training shall be the same as those to which the member is entitled while performing duty for the purpose of carrying out drug interdiction and counter-drug activities. The member is not entitled to additional pay, allowances, or other benefits for participation in training required under [section 502\(a\)\(1\) of this title](#).

(B) Appropriations available for the Department of Defense for drug interdiction and counter-drug activities may be used for paying costs associated with a member's participation in training described in subparagraph (A). The appropriation shall be reimbursed in full, out of appropriations available for paying those costs, for the amounts paid. Appropriations available for paying those costs shall be available for making the reimbursements.

(C) To ensure that the use of units and personnel of the National Guard of a State pursuant to a State drug interdiction and counter-drug activities plan does not degrade the training and readiness of such units and personnel, the following requirements shall apply in determining the drug interdiction and counter-drug activities that units and personnel of the National Guard of a State may perform:

(i) The performance of the activities may not adversely affect the quality of that training or otherwise interfere with the ability of a member or unit of the National Guard to perform the military functions of the member or unit.

(ii) National Guard personnel will not degrade their military skills as a result of performing the activities.

(iii) The performance of the activities will not result in a significant increase in the cost of training.

32 U.S.C. §112: Drug Interdiction and Counter-drug Activities

(iv) In the case of drug interdiction and counter-drug activities performed by a unit organized to serve as a unit, the activities will support valid unit training requirements.

(3) A unit or member of the National Guard of a State may be used, pursuant to a State drug interdiction and counter-drug activities plan approved by the Secretary of Defense under this section, to provide services or other assistance (other than air transportation) to an organization eligible to receive services under [section 508 of this title](#) if-

- (A) the State drug interdiction and counter-drug activities plan specifically recognizes the organization as being eligible to receive the services or assistance;
- (B) in the case of services, the performance of the services meets the requirements of paragraphs (1) and (2) of subsection (a) of [section 508 of this title](#); and
- (C) the services or assistance is authorized under subsection (b) or (c) of such section or in the State drug interdiction and counter-drug activities plan.

(c) Plan Requirements.-A State drug interdiction and counter-drug activities plan shall-

- (1) specify how personnel of the National Guard of that State are to be used in drug interdiction and counter-drug activities;
- (2) certify that those operations are to be conducted at a time when the personnel involved are not in Federal service;
- (3) certify that participation by National Guard personnel in those operations is service in addition to training required under [section 502 of this title](#);
- (4) certify that any engineer-type activities (as defined by the Secretary of Defense) under the plan will be performed only by units and members of the National Guard;
- (5) include a certification by the Attorney General of the State (or, in the case of a State with no position of Attorney General, a civilian official of the State equivalent to a State attorney general) that the use of the National Guard of the State for the activities proposed under the plan is authorized by, and is consistent with, State law; and
- (6) certify that the Governor of the State or a civilian law enforcement official of the State designated by the Governor has determined that any activities included in the plan that are carried out in conjunction with Federal law enforcement agencies serve a State law enforcement purpose.

(d) Examination of Plan.- (1) Before funds are provided to the Governor of a State under this section and before members of the National Guard of that State are ordered to full-time National Guard duty as authorized in subsection (b), the Secretary of Defense shall examine the adequacy of the plan submitted by the Governor under subsection (c). The plan as approved by the Secretary may provide for the use of personnel and equipment of the National Guard of that State to assist the Immigration and Naturalization Service in the transportation of aliens who have violated a Federal or State law prohibiting or regulating the possession, use, or distribution of a controlled substance.

(2) Except as provided in paragraph (3), the Secretary shall carry out paragraph (1) in consultation with the Director of National Drug Control Policy.

(3) Paragraph (2) shall not apply if-

- (A) the Governor of a State submits a plan under subsection (c) that is substantially the same as a plan submitted for that State for a previous fiscal year; and
- (B) pursuant to the plan submitted for a previous fiscal year, funds were provided to the State in accordance with subsection (a) or personnel of the National Guard of the State were ordered to perform full-time National Guard duty in accordance with subsection (b).

(e) End Strength Limitation.- (1) Except as provided in paragraph (2), at the end of a fiscal year there may not be more than 4000 members of the National Guard-

- (A) on full-time National Guard duty under section 502(f) of this title to perform drug interdiction or counter-drug activities pursuant to an order to duty; or

(B) on duty under State authority to perform drug interdiction or counter-drug activities pursuant to an order to duty with State pay and allowances being reimbursed with funds provided under subsection (a)(1).

(2) The Secretary of Defense may increase the end strength authorized under paragraph (1) by not more than 20 percent for any fiscal year if the Secretary determines that such an increase is necessary in the national security interests of the United States.

(f) Annual Report.-The Secretary of Defense shall submit to Congress an annual report regarding assistance provided and activities carried out under this section during the preceding fiscal year. The report shall include the following:

(1) The number of members of the National Guard excluded under subsection (e) ¹ from the computation of end strengths.

(2) A description of the drug interdiction and counter-drug activities conducted under State drug interdiction and counter-drug activities plans referred to in subsection (c) with funds provided under this section.

(3) An accounting of the amount of funds provided to each State.

(4) A description of the effect on military training and readiness of using units and personnel of the National Guard to perform activities under the State drug interdiction and counter-drug activities plans.

(g) Statutory Construction.-Nothing in this section shall be construed as a limitation on the authority of any unit of the National Guard of a State, when such unit is not in Federal service, to perform law enforcement functions authorized to be performed by the National Guard by the laws of the State concerned.

(h) Definitions.-For purposes of this section:

(1) The term "drug interdiction and counter-drug activities", with respect to the National Guard of a State, means the use of National Guard personnel in drug interdiction and counter-drug law enforcement activities, including drug demand reduction activities, authorized by the law of the State and requested by the Governor of the State.

(2) The term "Governor of a State" means, in the case of the District of Columbia, the Commanding General of the National Guard of the District of Columbia.

(3) The term "State" means each of the several States, the District of Columbia, the Commonwealth of Puerto Rico, or a territory or possession of the United States.

PRIOR PROVISIONS

Similar provisions were contained in [Pub. L. 100-456, div. A, title XI, §1105, Sept. 29, 1988, 102 Stat. 2047](#) , which was set out as a note under section 374 of Title 10, Armed Forces, prior to repeal by Pub. L. 101-189, §1207(b).

AMENDMENTS

2004-Subsec. (e). Pub. L. 108-375, §416(k)(1), (2), redesignated subsec. (f) as (e) and struck out heading and text of former subsec. (e). Text read as follows: "Members of the National Guard on active duty or full-time National Guard duty for the purposes of administering (or during fiscal year 1993 otherwise implementing) this section shall not be counted toward the annual end strength authorized for reserves on active duty in support of the reserve components of the armed forces or toward the strengths authorized in [sections 12011 and 12012 of title 10.](#)"

Subsec. (e)(1)(A), (B). Pub. L. 108-375, §416(k)(3), struck out "for a period of more than 180 days" after "order to duty".

Subsecs. (f) to (i). Pub. L. 108-375, §416(k)(2), redesignated subsecs. (g) to (i) as (f) to (h), respectively.

1999-Subsec. (a)(3). Pub. L. 106-65 substituted "per item" for "per purchase order" in second sentence.

1998-Subsec. (a). Pub. L. 105-261, §1022(e)(1), substituted "for the following:" for "for-" in introductory provisions.

Subsec. (a)(1). Pub. L. 105-261, §1022(e)(2), (3), substituted "The pay" for "the pay" and "activities." for "activities;".

Subsec. (a)(2). Pub. L. 105-261, §1022(e)(2), (4), substituted "The operation" for "the operation" and "activities." for "activities; and".

Subsec. (a)(3). Pub. L. 105-261, §1022(a), (e)(2), substituted "The procurement" for "the procurement" and "and equipment, and the leasing of equipment," for "and leasing of equipment" and inserted at end "However, the use of such funds for the procurement of equipment may not exceed \$5,000 per purchase order, unless approval for procurement of equipment in excess of that amount is granted in advance by the Secretary of Defense."

Subsec. (b)(2). Pub. L. 105-261, §1022(b), amended par. (2) generally. Prior to amendment, par. (2) read as follows: "To ensure that the use of units and personnel of the National Guard of a State pursuant to a State drug interdiction and counter-drug activities plan is not detrimental to the training and readiness of such units and personnel, the requirements of [section 2012\(d\) of title 10](#) shall apply in determining the drug interdiction and counter-drug activities that units and personnel of the National Guard of a State may perform."

Subsec. (b)(3). Pub. L. 105-261, §1022(c), amended par. (3) generally. Prior to amendment, par. (3) read as follows: "[Section 508 of this title](#), regarding the provision of assistance to certain specified youth and charitable organizations, shall apply in any case in which a unit or member of the National Guard of a State is proposed to be used pursuant to a State drug interdiction and counter-drug activities plan to provide to an organization specified in subsection (d) of such section any of the services described in subsection (b) of such section or services regarding counter-drug education."

Subsec. (i)(1). Pub. L. 105-261, §1022(d), inserted ", including drug demand reduction activities," after "drug interdiction and counter-drug law enforcement activities".

Authority.⁶

(1) In fiscal years 2005 through 2024, funds available to the Department of Defense to provide assistance to the Government of Colombia may be used by the Secretary of Defense to support a unified campaign by the Government of Colombia against narcotics trafficking and against activities by the Revolutionary Armed Forces of Colombia (FARC), the National Liberation Army (ELN), the United Self-Defense Forces of Colombia (AUC), and any covered organization that the Secretary of Defense, with the concurrence of the Secretary of State, determines poses a threat to the national security interests of the United States.

(2) For the purposes of paragraph (1), a covered organization is any foreign terrorist organization, or other organization that is a non-state armed group, that – (A) promotes illicit economies;

(B) employs violence to protect its interests;

(C) has a military type structure, tactics, and weapons that provide it the ability to carry out large-scale violence;

(D) challenges the security response capacity of Colombia; and

(E) has the capability to control territory.

(3) The authority to provide assistance for a campaign under this subsection includes authority to take actions to protect human health and welfare in emergency circumstances, including the undertaking of rescue operations.

(b) Applicability of Certain Laws and Limitations.--The use of funds pursuant to the authority in subsection (a) shall be subject to the following:

(1) Sections 556, 567, and 568 of the Foreign Operations, Export Financing, and Related Programs Appropriations Act, 2002 (Public Law 107-115; 115 Stat. 2160, 2165, and 2166).

(2) Section 8076 of the Department of Defense Appropriations Act, 2005 (Public Law 108-287; 118 Stat. 988).

(c) Numerical Limitation on Assignment of United States Personnel.--Notwithstanding section 3204(b) of the Emergency Supplemental Act, 2000 (Division B of Public Law 106-246; 114 Stat. 575), as amended by the Foreign Operations, Export Financing, and Related Programs Appropriations Act, 2002 (Public Law 107-115; 115 Stat. 2131), the number of United States personnel assigned to conduct activities in Colombia in connection with support of Plan Colombia under subsection (a) in fiscal years 2005 through 2022 shall be subject to the following limitations:

(d) Limitation on Participation of United States Personnel.--No United States Armed Forces personnel, United States civilian employees, or United States civilian contractor personnel employed by the United States may participate in any combat operation in connection with assistance using funds pursuant to the authority in

subsection (a), except for the purpose of acting in self-defense or of rescuing any United States citizen, including any United States Armed Forces personnel, United States civilian employee, or civilian contractor employed by the United States.

(e) NOTICE ON ASSISTANCE WITH RESPECT TO COVERED ORGANIZATIONS.— (1) Not later than 30 days before providing assistance pursuant to the authority in subsection (a) with respect to a covered organization, the Secretary of Defense shall submit to the appropriate committees of Congress a written notification of the intent to use such authority with respect to such organization, including the name of the organization, the characteristics of such organization, and the threat posed by such organization.

(2) In this subsection, the term ‘appropriate committees of Congress’ means— (A) the Committee on Armed Services and the Committee on Foreign Relations of the Senate; and

(B) the Committee on Armed Services and the Committee on Foreign Affairs of the House of Representatives.

(f) Relation to Other Authority.— The authority provided by subsection (a) is in addition to any other authority in law to provide assistance to the Government of Colombia.

(g) Report on Relationships Between Terrorist Organizations in Colombia and Foreign Governments and Organizations.

(1) Not later than 60 days after the date of the enactment of this Act, the Secretary of State, in consultation with the Secretary of Defense and the Director of Central Intelligence, shall submit to the congressional defense committees and the Committee on Foreign Relations of the Senate and the Committee on International Relations of the House of Representatives a report that describes--

(A) any relationships between foreign governments or organizations and organizations based in Colombia that have been designated as foreign terrorist organizations under United States law, including the provision of any direct or indirect assistance to such organizations; and

(B) United States policies that are designed to address such relationships.

(2) The report under paragraph (1) shall be submitted in unclassified form, but may include a classified annex.

Section 1021

(a) **Authority**¹.—A joint task force of the Department of Defense that provides support to law enforcement agencies conducting counter-drug activities may also provide, subject to all applicable laws and regulations, support to law enforcement agencies conducting counter-terrorism activities or counter-transnational organized crime activities.

(b) AVAILABILITY OF FUNDS—During fiscal years 2006 through 2022, funds for drug interdiction and counter-drug activities that are available to a joint task force to support counter-drug activities may also be used to provide the counter-terrorism or counter-transnational organized crime support authorized by subsection (a).

(c) REPORT REQUIRED—Not later than December 31 of each year in which the authority in subsection (a) is in effect, the Secretary of Defense shall submit to the congressional defense committees a report setting forth, for the one-year period ending on the date of such report, the following:

(1) An assessment of the effect on counter-drug, counter-transnational organized crime, and counter-terrorism activities and objectives of using counter-drug funds of a joint task force to provide counter-terrorism or counter-transnational organized crime support authorized by subsection (a).

(2) A description of the type of support and any recipient of support provided under subsection (a), and a description of the objectives of such support.

(3) A list of current joint task forces exercising the authority under subsection (a).

(4) A certification by the Secretary of Defense that any support provided under subsection (a) during such one-year period was provided in compliance with the requirements of subsection (d).

(d) Conditions.—(1) Any support provided under subsection (a) may only be provided in the geographic area of responsibility of the joint task force.

(2) (A) Support for counter-terrorism or counter-transnational organized crime activities provided under subsection (a) may only be provided if the Secretary of Defense determines that the objectives of using the counter-drug funds of any joint task force to provide such support relate significantly to the objectives of providing support for counter-drug activities by that joint task force or any other joint task force.

Part 1 – Goals, Direction, Duties, and Responsibilities With Respect to the National Intelligence Efforts

Paragraph 1.4

1.4 The Intelligence Community. Consistent with applicable Federal law and with the other provisions of this order, and under the leadership of the Director, as specified in such law and this order, the Intelligence Community shall:

- (a) Collect and provide information needed by the President and, in the performance of executive functions, the Vice President, the NSC, the Homeland Security Council, the Chairman of the Joint Chiefs of Staff, senior military commanders, and other executive branch officials and, as appropriate, the Congress of the United States;
- (b) In accordance with priorities set by the President, collect information concerning, and conduct activities to protect against, international terrorism, proliferation of weapons of mass destruction, intelligence activities directed against the United States, international criminal drug activities, and other hostile activities directed against the United States by foreign powers, organizations, persons, and their agents;
- (c) Analyze, produce, and disseminate intelligence;
- (d) Conduct administrative, technical, and other support activities within the United States and abroad necessary for the performance of authorized activities, to include providing services of common concern for the Intelligence Community as designated by the Director in accordance with this order;
- (e) Conduct research, development, and procurement of technical systems and devices relating to authorized functions and missions or the provision of services of common concern for the Intelligence Community;
- (f) Protect the security of intelligence related activities, information, installations, property, and employees by appropriate means, including such investigations of applicants, employees, contractors, and other persons with similar associations with the Intelligence Community elements as are necessary;
- (g) Take into account State, local, and tribal governments' and, as appropriate, private sector entities' information needs relating to national and homeland security;
- (h) Deconflict, coordinate, and integrate all intelligence activities and other information gathering in accordance with section 1.3(b)(20) of this order; and
- (i) Perform such other functions and duties related to intelligence activities as the President may direct.
