Sustainability Hackathon Challenge

The Institute
EDII is a 40 year old institution recognised as a 'Centre of Excellence' by Govt of India, Ranked No. 1 in ARIIA rankings, it has mentored thousands of young entrepreneurs. It is country's leading institute in, policy research, consulting, projects, faculty and institution development focussed on entrepreneurship.

Sustainability Hackathon Challenge (SHC)
Keeping in line with the G20 meet of 2023 under India's presidency, EDII has launched a Hackathon to align student thoughts and action plan to work towards the 'Sustainability Development Agenda' of G20 as part of their business idea. Development Working Group (DWG) of G20 has been acting as the custodian of G20 'development agenda' since its inception in 2010 by the UN.

Eligibility
Students from any stream of studies in the final year of their graduation are eligible to send their business ideas that are focused on to create solutions to real problems facing, customers, society, industry, industry sector, government functionaries or global issues.

The idea or existing business/start up should have some link with sustainable development goals.
