WHISTLE BLOWER POLICY 2023-24

1. Preamble:

To safeguard the Bank against internal /external threats like frauds, bribery, corruption, abuse of authority, non-compliance with laid down systems and procedures, Transgression of Delegated Authority etc. involving financial and reputational implication, constant vigilance at all levels is necessary through a process called 'participative vigilance' where each and every employee / director has certain role-play and is duty bound to execute the same. The staff members/directors are expected not to be silent spectators to any wrong doing in the branch/ office but to report the same to the higher authority/ authorities concerned. The same is intended to ensure that a few unscrupulous staff members are not vitiating the overall atmosphere / work culture and putting the Bank's interest in jeopardy.

It is also observed that these acts do not take place overnight but are being carried out/ perpetrated over a period of time. It is unlikely that such acts could escape the knowledge of other colleagues working in the Branch / Office. Had such instances of frauds, bribery, corruption, abuse of authority, non-compliance with laid down systems and procedures etc. been brought to the notice of the higher authority/ authorities concerned in time, further damage could have been avoided.

Staff members/directors, many a time, are hesitant to come forward and report to higher authorities about wrongdoings, mishaps around them fearing disclose of identity and probable retribution/ victimization from the official/s concerned. In order to instil confidence in the staff members/directors as well as to prevent the mishap at the initial stage itself, a need was felt for introduction of 'Whistle Blower Policy' which will lead to ensure more effective Corporate Governance.
