

COMPANY PROFILE

Dear Sir,

We would like to thank you for your interest in "DUCTOFAB" Factory Fabricated Duct system. Please find below mentioned our brief Company Profile for your kind reference:

Ever since its introduction, **D.S. Ductofab Systems Pvt. Ltd.**, a company having started its first manufacturing facility at Bahadurgarh, Haryana, now currently located at **Sampla, Haryana**, having spread wings in other parts of India including **Gujarat, Hyderabad & Bangalore** has built a reputation of "Total Customer Satisfaction" through:

Innovation in Design

Quality Craftsmanship

Responsiveness to Customers' Needs

Follow-through to Project Completion

From these basic concepts, **Ductofab** has evolved into the complete one-stop solution to industry. The promoters have almost 25 years experience in selling GI sheets/coils as they are among the largest distributors for SAIL, JINDAL, TATA thus assuring quality right at source, and have experienced design staff who offers support in all aspects of prefabricated duct installation and testing. From detailed fabrication drawings to actual production, the staff has the knowledge and experience to design each custom factory fabricated ducts for maximum function and efficiency. Our factory and equipment rely on the most modern technology to ensure consistent product superiority. We recognize our customers as our partners. We strive to exceed your expectations by offering the broadest product line in the industry, competitive pricing and focus on supply chain efficiency. When you partner with **DUCTOFAB**, you can rely on our services: strategically located factory, enhancing quick deliveries; excellent fill rates and short lead times.

At **Ductofab**, we have created an organization committed to providing complete customer satisfaction. We have devoted our facilities, equipment, and personnel to one goal: **"to provide our customer the best quality and value in Factory Fabricated Ducting systems and components available today"**.

Quality Assurance with Prompt Deliveries:

At **Ductofab**, **"Quality Assurance with Prompt Deliveries"** is more than just a term used to represent that a part has been inspected. **Quality Assurance is our total commitment to provide for our customers, the best product and services available in the industry to meet their needs.**

Total quality starts at the beginning of the process, listening to our customers, finding out what products or services will best satisfy their needs. Next, the design and detail engineering process must proceed with the closest possible attention to detail in order to guarantee that all our customers' needs have been considered. Once in the manufacturing process, step by step critical path planning, execution and inspection continue the quality assurance process until a finished product meeting all our customer's needs is on its way to the customer's job site. From that point, whether through on-site installation guidance by our experienced field crews or by follow up with the customer's representatives, **Ductofab** isn't finished with any project until our customer is totally satisfied, and their needs have been met.

With our client's own designs or using the support and experience of our Engineering, **DUCTOFAB** has become a company on which you can trust, demonstrating **Quality and In Time deliveries**. All this allows **DUCTOFAB** to daily enter this type of product markets.

Product Profile:

TDF, now is the universal flange making systems in the world. It can save time and material drastically with its well-seal, strong and durable joint structure. So, it is especially suitable for producing a duct with a large sectional area. TDF is the ultimate and most economical method of air-tight duct connection in the industry. The flanges are roll-formed directly onto the duct, no flange material to handle, cut or waste. Manufactured by **DUCTOFAB** with the latest technology, Precision Coil Processing and Metal Forming Machinery, Tooling and Integrated Systems manufacturing standards and TDF construction tables, authorized by **SMACNA and/or ASHRAE**, allows the use of appropriate gauges. Sheet consumption reduction is also achieved in joints, Elbows, Tees Reductions, etc. being manufactured with the Plasma cutter, which automatically selects the area to be cut, optimizing the other pieces position in order to minimize the waste. Thus, saving sheet with Optimized Cutting.

*"Start increasing you profits today by using TDF flanges. For the highest quality **Prefabricated ducts** components, system and services, let **"Ductofab"** help you meet your needs."*

We hereby take this opportunity to invite your good self to visit our manufacturing facility.

for **DS Ductofab Systems Pvt. Ltd.**,

Ritesh Gupta
Director

D.S. DUCTOFAB SYSTEMS PVT. LTD.

LIST OF OUR MAJOR CLIENTS:

- Larsen & Toubro Ltd. (L&T)
- Nagarjuna Construction Company Limited (NCC)
- Ramacivil India Construction Private Limited
- NKG Infrastructure Limited
- Cube Construction Engineering Limited
- Ahluwalia Contracts India Limited
- Swadeshi Civil Infra
- Blue Star Ltd.
- Voltas Ltd.
- Girdhari Lal Constructions Pvt. Ltd.
- Unique Engineers Pvt. Ltd.
- Godrej & Boyce Mfg. Co. Ltd.
- Shinryo Suvidha Engineers India Pvt. Ltd.
- Aercomfort Private Limited
- Fair Air Engineers Pvt. Ltd.
- Aircon Engineers Pvt. Ltd.
- Air Mech Engineers Pvt. Ltd.
- Avante Garde Cleanroom & Engineering Solutions Pvt. Ltd. (ACESPL)
- Vertiv Energy Pvt. Ltd.
- HTL Aircon Pvt. Ltd.
- Sterling & Wilson Pvt. Ltd.
- Zamil Air Conditioners India Pvt. Ltd.
- ETA Engineering Pvt. Ltd.
- Suvidha Engineers Pvt. Ltd.
- Dyna Aircon Pvt. Ltd.
- V.K. Building Services Pvt. Ltd.
- Ventac Air Conditioning Co.
- ABS Fujitsu General Pvt. Ltd.
- Suraj Mani Engineers Pvt. Ltd.

LIST OF OUR INHAND & EXECUTED MAJOR PROJECTS

- ❖ AAI (Airport Authority Of India) – Revamping & Expansion
 - Delhi International Airport Limited (DIAL)
 - Bangalore International Airport Limited (BIAL)
 - Chennai International Airport Limited (CIAL)
 - GMR Hyderabad International Airport (GHIAL)
 - Pune Airport
 - Kanpur Airport
 - VSI Airport, Andaman
 - Ahmedabad Airport
 - MOPA Airport, Goa
 - Safdarjung Airport, Delhi
 - Lucknow Airport
 - Amritsar Airport
 - Patna Airport
- ❖ Metro Rail Projects
 - Mumbai Central Station, Mumbai (MMRCL)
 - Siddhivinayak Station, Mumbai (MMRCL)
 - Dharavi Station, Mumbai (MMRCL)
 - Mahalaxmi Station, Mumbai (MMRCL)
 - Sabarmati High Speed Rail Terminal, Ahmedabad
 - RVNL Headquarters, Kolkata
 - CSA-RSS Metro Station, Sharda Nagar, Kanpur
- ❖ Government Projects (CPWD / PWD /MCD)
 - KG Marg & Africa Avenue, Delhi
 - New Parliament House, Delhi
 - IIT (Ropar, Kanpur, Roorkee, Indore, Hyderabad, Jodhpur)
 - Supreme Court, Delhi
 - ICC, Dwarka, Delhi
 - ITPO, Pragati Maidan, Delhi
 - PNB Headquarters, Dwarka, Delhi
 - CPWD IISER Campus, Odisha
 - AIIMS (Delhi, Raipur, Guwahati, Bhopal, Jammu, Bhatinda, Deoghar)
 - MCD Civic Center, Delhi
 - Multi Level Car Parking, Noida
 - ISRO, Mahendragiri, Tamil Nadu
 - CBI Headquarters, New Delhi
 - Thyagaraj Stadium, Delhi
 - Yamuna Sports Complex, Delhi
 - DRDO, Nau Sena Bhawan, Delhi
 - Police Head Quarters, Lucknow
 - BHEL, Noida
 - IOCL, Mathura
 - IIM, Kashipur

Our detailed major projects accomplished in other sectors including Private Hospitals, Pharma Companies, Residential Buildings, Malls, Commercial Buildings, Hotels, Industrial Buildings, etc. may be accessed at our website: www.ductofab.in or our Company Catalogue.
