National Institute of Technology, Warangal (NITW) is an Institute of National Importance serving the nation since 6 decades, imparting technical education in different disciplines of Engineering and Sciences. It is one of the oldest Institutes in the list of NITs (the then RECs). It is an autonomous body with Deemed University Status, fully aided by the Ministry of Education, Government of India.

NITW has vested powers to act as both Pension Sanctioning Authority and Pension Disbursing Authority for pensioners who have served the institution. At present there are as many as 350 pensioners drawing pension every month, submitting their Life Certificate manually.

In view of the above, it is requested to kindly register National Institute of Technology Warangal as Pension Sanctioning Authority and Pension Disbursing Authority on Jeevan Pramaan Portal for accessing Digital Life Certificates (DLC) of the Institute Pensioners. As the Government of India facilitates the Pensioners to submit DLC with ease of doing, the same is to be adopted by this Institute.
