

NPCI/2017-18/CTS/018

July 31, 2017

To

All CTS Member banks

List of MS patch to be deployed in CHI servers July 2017 and on Petya Malware

CTS system is operated grid based from Southern grid, Northern grid and Western grid. The system is being accessed by various banks from across locations through the clearing house interface (CHI).

CHI being a windows server, as recommended by the solution provider M/s. NCR Corporation India Pvt Ltd, list of **Microsoft** certified patch for the month of July 2017 and on **Petya Malware** security threat is enclosed as part of Annexure I & II respectively.

All the member banks advised to update these patch and provide a line of confirmation on **August 05, 2017 itself**.

In case of any further queries please feel free write back to ctsappteam@npci.org.in.

With warm regards

Giridhar G M
VP and Head -CTS & NACH Operations

Encl : Annexure I - Patch on Petya Malware
Annexure II - MS Patch July 2017
