The Forest

The Forest

The Forest is a great place to spend your first night and an excellent location for a beginner's shelter. Oak, birch and stone make great building materials, and flowers help make a house a home. Just make sure the Creepers don't find it when night falls!

Der Wald

Der Wald eignet sich bestens, um dort die erste Nacht zu verbringen und bietet Anfängern einen Unterschlupf. Eiche, Birke und Stein sind sehr gute Baumaterialien, und mit Blumen lässt sich das Zuhause schmücken. Aber achte darauf, dass die Creeper bei Einbruch der Nacht deinen Unterschlupf nicht finden!

La forêt

La forêt est un endroit merveilleux pour passer ta première nuit, et un endroit excellent pour construire un abri de débutant. Le chêne, le bouleau et la pierre font d'excellents matériaux de construction et les fleurs rendent ta maison plus accueillante ! Mais assure-toi que les Creepers ne la trouvent pas à la tombée de la nuit !

El bosque

El bosque es un magnífico lugar para pasar tu primera noche y un entorno excelente para construir un refugio. El roble, el abedul y la piedra son fantásticos materiales para construir, mientras que las flores convierten una casa en un hogar. ¡Recuerda asegurarte de que los Creepers no la encuentren cuando caiga la noche!

A Floresta

A Floresta é um local fabuloso para passares a primeira noite e também um excelente esconderijo para os principiantes. O carvalho, a bétula e a pedra são fabulosos materiais de construção e as flores ajudam a casa a tornar-se um lar. Mas assegura-te de que as trepadeiras não a descubrem quando a noite cai!

Az erdő

Az erdő nagyszerű hely arra, hogy itt töltsd az első éjszakát, és kitűnő menedéket nyújt egy kezdő számára. A tölgyfa, a nyírfa és a kő nagyszerű építőanyag, a virágok pedig otthonosabbá teszik a házat. Csak arra kell ügyelned, hogy a creeperek fel ne fedezzék, ha leszáll az este!

The Village

The Village

Every Minecraft World has a Village hidden somewhere, constructed from oak, cobblestone and glass. Most of its inhabitants are peaceful folk who yearn for emeralds and are happy to trade for specialist goods. Beware, however, of the scary Zombie Villagers! They're significantly more aggressive unless cured by a caring visitor.

Das Dorf

In jeder Minecraft Welt existiert irgendwo ein Dorf, das aus Eichenholz, Kopfsteinpflaster und Glas erbaut wurde. Die meisten der Bewohner sind friedlich und suchen nach Edelsteinen. Sie tauschen auch gerne besondere Waren aus. Aber hüte dich vor den Zombiebewohnern! Sie sind sehr aggressiv, solange sie nicht von einem hilfsbereiten Dorfbewohner geheilt werden.

Le village

Chaque monde Minecraft a un village caché quelque part, construit en chêne, en pierre et en verre. La plupart de ses habitants sont des gens paisibles à la recherche d'émeraudes, heureux de faire des échanges. Mais attention aux villageois zombies ! Ils sont beaucoup plus agressifs sauf s'ils sont soignés par un visiteur attentionné.

La aldea

Todos los mundos de Minecraft poseen una aldea oculta en algún lugar, construida con roble, piedra y vidrio. La mayoría de sus habitantes son pacíficos buscadores de esmeraldas y siempre están dispuestos a comerciar a cambio de artículos especiales. ¡Pero cuidado con los Aldeanos Zombi! Son notablemente más agresivos a menos que un atento visitante decida curarlos.

Aldeia

Cada mundo Minecraft tem algures uma aldeia escondida, construída com carvalho, pedra de calçada e vidro. A maior parte dos seus habitantes são um povo pacífico que adora esmeraldas, e que não se importam de trocá-las por bens de especialidade. No entanto, tem cuidado com os aldeões zombies! São consideravelmente mais agressivos a menos que sejam bem curados por um visitante que os trate.

A falu

Mindegyik Minecraft világban van valahol elrejtve egy tölgyszőlőből, kockaköböl és üvegből épült falu. Többnyire békés természetű lakosok lakják, akik imádják a smaragdokat és boldogan vásárolnak különleges árukat. Azonban vigyázz a Zombi Falusiakkal! Sokkal erőszakosabbak, hacsak nem gyógyítja meg őket egy gondos látogató.
