

## AVE DEL PARAÍSO

Tanto si estás celebrando tu amor por la horticultura como si simplemente buscas una colorida planta con flores libre de mantenimiento, esperamos que nuestra interpretación de la exótica Ave del Paraíso te brinde amenas horas de construcción con LEGO®.

## IMPRESIONES DEL EQUIPO DE DISEÑO

Chris McVeigh emprendió el largo viaje desde su natal Canadá hasta la sede central de LEGO en Billund (Dinamarca) para convertirse en diseñador de LEGO®, y el set Ave del Paraíso representó su debut en la colección LEGO Botanical. Chris se siente particularmente orgulloso de las flores reposicionables del modelo y del hecho de que este se mezcla como la planta de verdad bajo una ligera brisa.

## **STRELITZIA REGINAE**

Esta impresionante planta con flores es nativa del sur de África y puede alcanzar una altura de hasta 2 m. Produce una flor con forma de pluma de color naranja brillante que parece la cabeza de un ave, hecho que ha inspirado sus nombres más coloquiales: *Ave del Paraíso* y *flor grulla*. La llamativa belleza de esta flor suele dejar una impresión imborrable en aquellos que la contemplan en sus viajes a regiones tropicales.
