PRINT ON 17" x 11"

Welcome to New York.
I've been waiting for you.

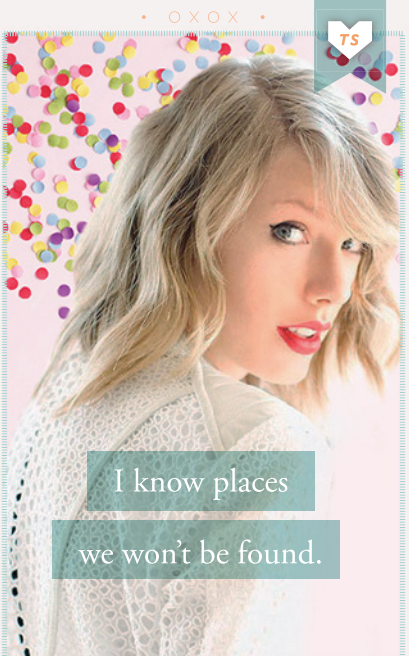

All you have to do
is stay.

Be mine.
(I'm happy, free, confused and lonely.)

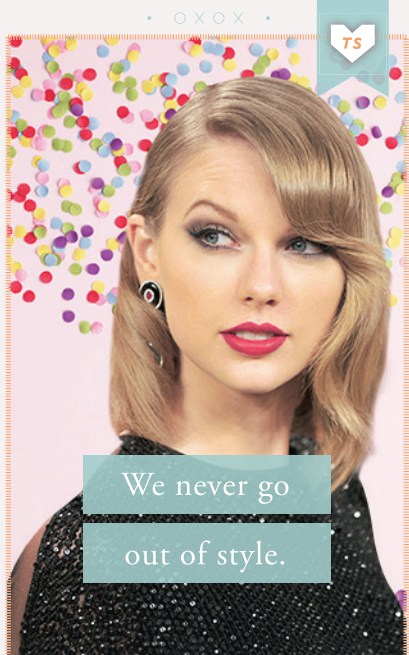

Love's a game.
Wanna play?

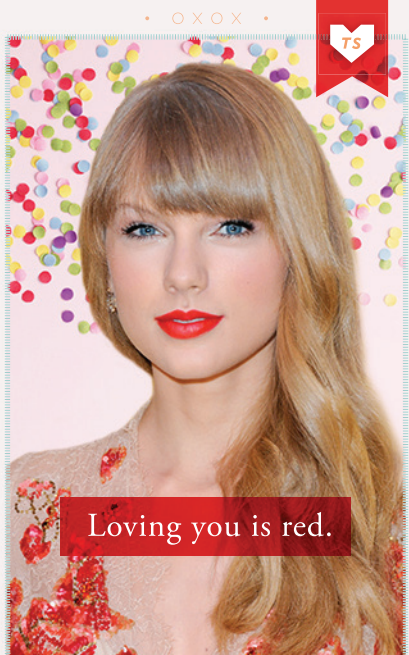

I know places
we won't be found.

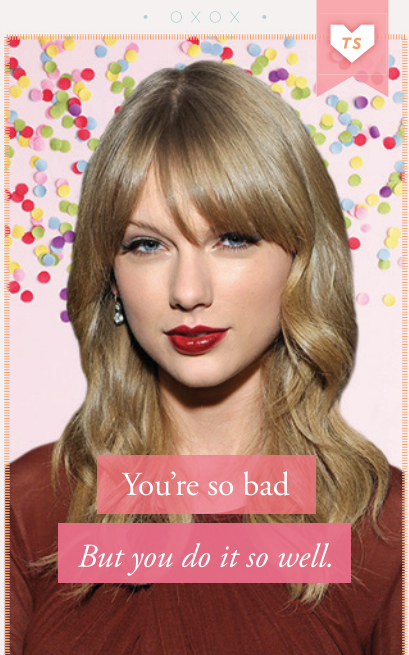

Nice to meet you.
Where you been?

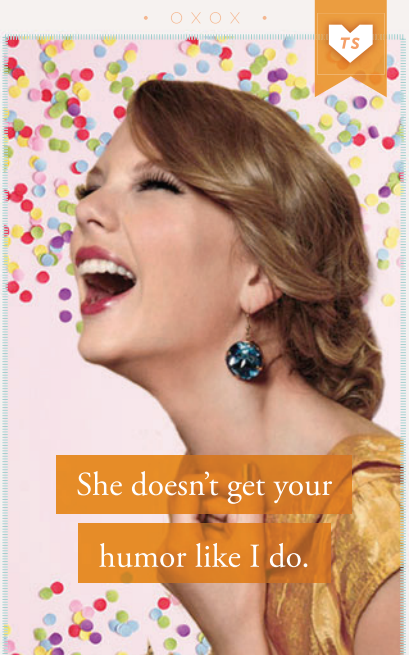

We never go
out of style.

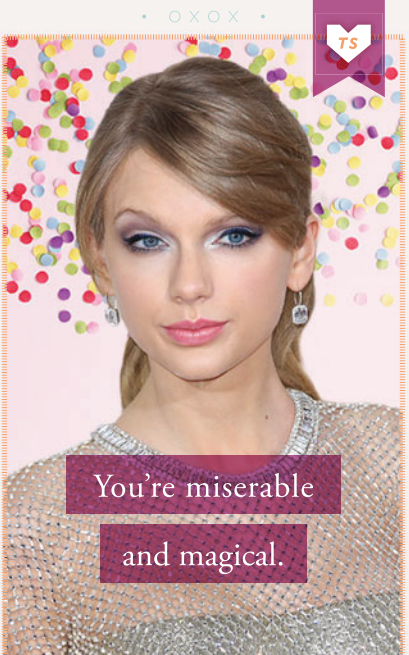

Loving you is red.

You're so bad
But you do it so well.

She doesn't get your
humor like I do.

You're miserable
and magical.

It's gonna be forever
(or it's gonna go down in flames).
