

POSTGRES IBIZA

SPONSORSHIP PROSPECTUS

pgibz.io

September 9th to 11th, 2024

Letter from the President

We believe that the more open and inclusive the Postgres Community is, the better. This principle also touches on the technology side: the broader and wider the Postgres ecosystem is, and the more inclusive it is of all related technologies, the better. This is why Postgres Ibiza 2024 focuses on Postgres and its broader Postgres Ecosystem. All Postgres-related technologies are welcome to join:

- Postgres core development and core technologies.
- Postgres extensions.
- Fully Postgres-compatible variants/forks.
- Postgres-compatible cloud databases.
- Postgres protocol-compatible databases.
- Any other projects interested in Postgres!
- Even “competing” technologies that can show how things are done better than in Postgres.

The goal is to cover all Postgres-related technologies, because that’s what really defines the broader Postgres Ecosystem. Focused on users, developers, open source, providers and cloud –in no particular order.

Álvaro Hernández
President, Fundación PostgreSQL

Postgres Ibiza 2024
September 9th to 11th, 2024

Letter from the President

AUDIENCE

An international conference which in previous editions welcomed 50 attendees from all around the World. This year we are confident that we will triple that number.

DATES

Monday and Tuesday, September 9th and 10th. With an unconference and workshops on Wednesday 11th.

VENUE

Palacio de Congresos de Ibiza. Modern and stylish architecture, surrounded by a pine tree forest, in front of the beach. Capacity of 400+ attendees.

PARTICIPATE

Attend and/or sponsor. Several sponsorship opportunities, on a first come, first serve basis.

International Postgres Conference in Ibiza

POSTGRES

Popularity

PostgreSQL is Database of the year for 2017 and 2018.
Fastest growing database.

Innovation

Going beyond classic PostgreSQL conferences and Community.
Outreach and fresh ideas and technologies.

Networking

Unique, cozy and relaxed environment to network with peers,
customers and ecosystem.

IBIZA

International Airport

During Summer time, Ibiza becomes the 4th largest airport of
Spain. With probably more connections within Europe than Madrid.

Tourism

Ibiza is a popular tourist destination, designated as a World
Heritage site by UNESCO.

Mediterranean Diet

Experience the fine cuisine of Ibiza and the healthiness of the
so-called Mediterranean diet.

Event Agenda

A two day conference + 1 day unconference, extended into a 2-4 days networking and socializing opportunity.

MON 9 TH	TUE 10 TH	WED 11 TH	THU 12 TH
Inaugural Keynote	Talks Day 2	Unconference/ workshops	Optional, social and family activities
Talks Day 1		Closing	
Social activities	Conference Dinner	Social activities

Highlights from Previous Editions

“I returned from the conference with a warm feeling for the venue, the people I met, and the things I learned, as did my wife and daughter.”

Bruce Momjian
Vice President, EnterpriseDB

The Fundación PostgreSQL project

PostgreSQL Ibiza is an independent conference, run by **Fundación PostgreSQL**, a non-profit Foundation established in Spain. It is an international conference. And more importantly, it is a Community Conference.

We believe it is important to discuss the future of Postgres, to further engage with your Postgres colleagues. To hack on patches. To talk to your customers, or your prospects. To establish new alliances within the community, or to reach out to other database technologies and open source communities. For this reason, we have organized Postgres Ibiza in a different way. Turned it upside down. PostgreSQL Ibiza is a 4 day social and networking event, embedding a two-day PostgreSQL talks conference.

Profit from the conference will be used to organize next year's conference in Ibiza. As well as translating the Postgres documentation into Spanish, the second most used language worldwide.
