

AUTOBACS **ARTA** PREMIUM RACING OIL

5W-40 Group IV PAO
100% SYNTHETIC

Japan Quality

Made in Japan. Performance Driven.

Developed by AUTOBACS with over 45 years automotive industry experience and manufactured at ISO certified factories. AUTOBACS is the trusted name for engine protection and all your motoring needs. Let AUTOBACS engine oils enrich your driving experience with the spirit of Japanese quality and reliability.

ARTA PREMIUM RACING OIL

Description

AUTOBACS Racing Team Aguri (ARTA) Premium Racing Oil 5W-40 is a 100% synthetic engine oil made from Group IV Poly Alpha Olefin (PAO) and Ester. This oil provides excellent cold temperature flow and delivers superior oil film strength and shear stability even under extreme high temperature and high load conditions. ARTA Premium Racing Oil can be used in both standard and modified high performance gasoline engines for competition, circuit and regular on road use.

Advantages

- 100% Synthetic anti-wear protection.
- Group IV Poly Alpha Olefin (PAO).
- Advanced fast flowing cold start protection.
- Superior high temp. & high load protection.
- API licensed product with API Service Donut.
- Recommended for multi-cam, forced induction and naturally aspirated race and modified street engines.

Technical Specifications

Name	Units	ARTA 5W-40	
Base Oil	—	100% SYNTHETIC	
API	—	SN	
Pour Point	°C	-37,5	
Density@15°C	g/cm3	0,8598	
Flash Point	°C	252	
Kinematic Viscosity	40°C	mm2/s	89,97
Kinematic Viscosity	100°C	mm2/s	14,99
Viscosity Index	—	176	
CCS Viscosity	-30°C	mPa·s	4,700
HTHS Viscosity	150°C	mPa·s	3,99
