AUTOBACS FLAT WIPER BLADE

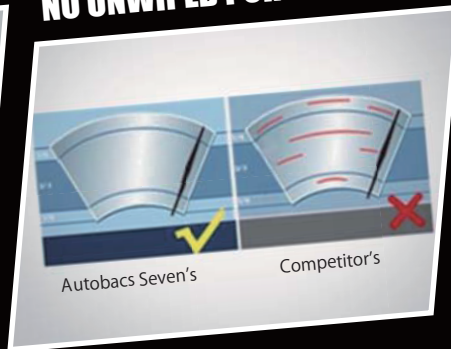

" Advanced Fluorine Coating Provides
Best Wiping Performance !! "
" For All Season, Left & Right Hand Drive !! "

EASY & FAST
QUICK INSTALLATION

PERFECT WIPING
NO STREAKES,
NO UNWIPED PORTION

AERODYNAMICS
HOLD WIPER BLADE
FROM FLAP UP

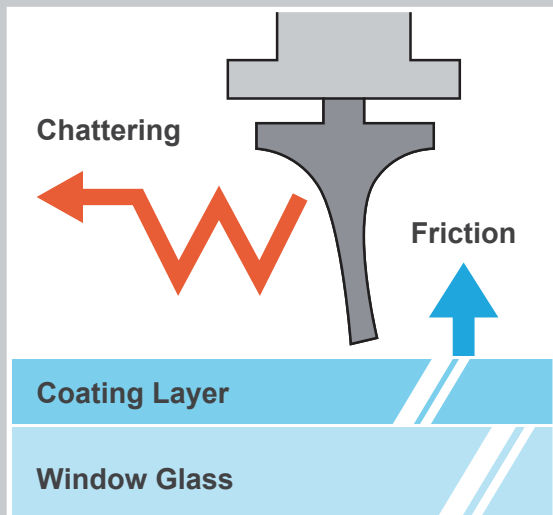

**UNIQUE
TECHNOLOGY**

Advanced Fluorine Coating Provides Smooth Wiping

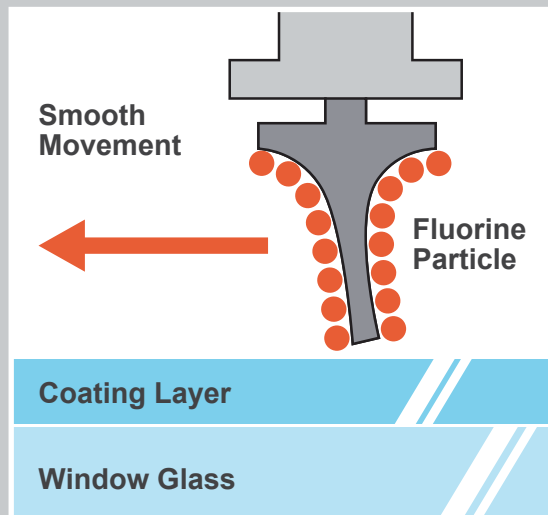

Normal Rubber

Without Fluorine Coating, Window Glass tends to increase the friction, and cause Chattering and/or Streaks, especially Water Repellent Coated Windows.

Fluorine Coated Rubber

By applying very fine Fluorine particles on Coating Layer, it reduces the friction resistance, and more smooth wiping effect can be achieved.

10 Adaptors included in All Packages

Available Size and Part Numbers
