Our policy for returning profits to shareholders is to accumulate internal reserves for strengthening our corporate structure and for future business development, and at the same time, to strive to earn a profit annually and flexibly pay dividends in accordance with business performance. Based on that policy, we are targeting a 20% dividend payout ratio on consolidated net income for the fiscal year ended March 31, 2011. The approval in the board meeting scheduled for May 2011 after the submission of auditors' reports is a prerequisite condition for the cash dividend indicated above.

#### 2 . Reason for Revised Cash Dividend

As a result of calculating the cash dividend based on the consolidated net income as stated on Results for the Fiscal Year and Three Months Ended March 31, 2011 (Tanshin) announced today, the Company is revising the cash dividend forecast announced on January 25, 2011.
