

How to create a booking Widget for your Pullman Minisite?

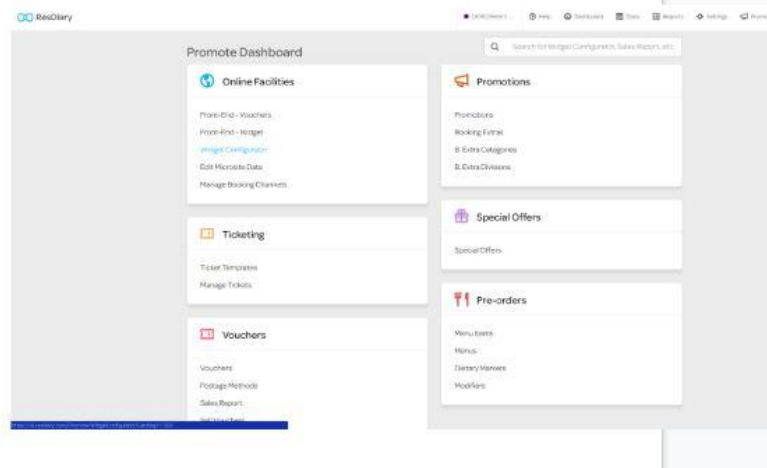

You can see a live example of the final widget [here](#)

NB: All the guide below require a **Manager** access to the diary.

1- Open your diary, go to the **Promote** section

2- Click on **Widget Configurator** in Online Facilities

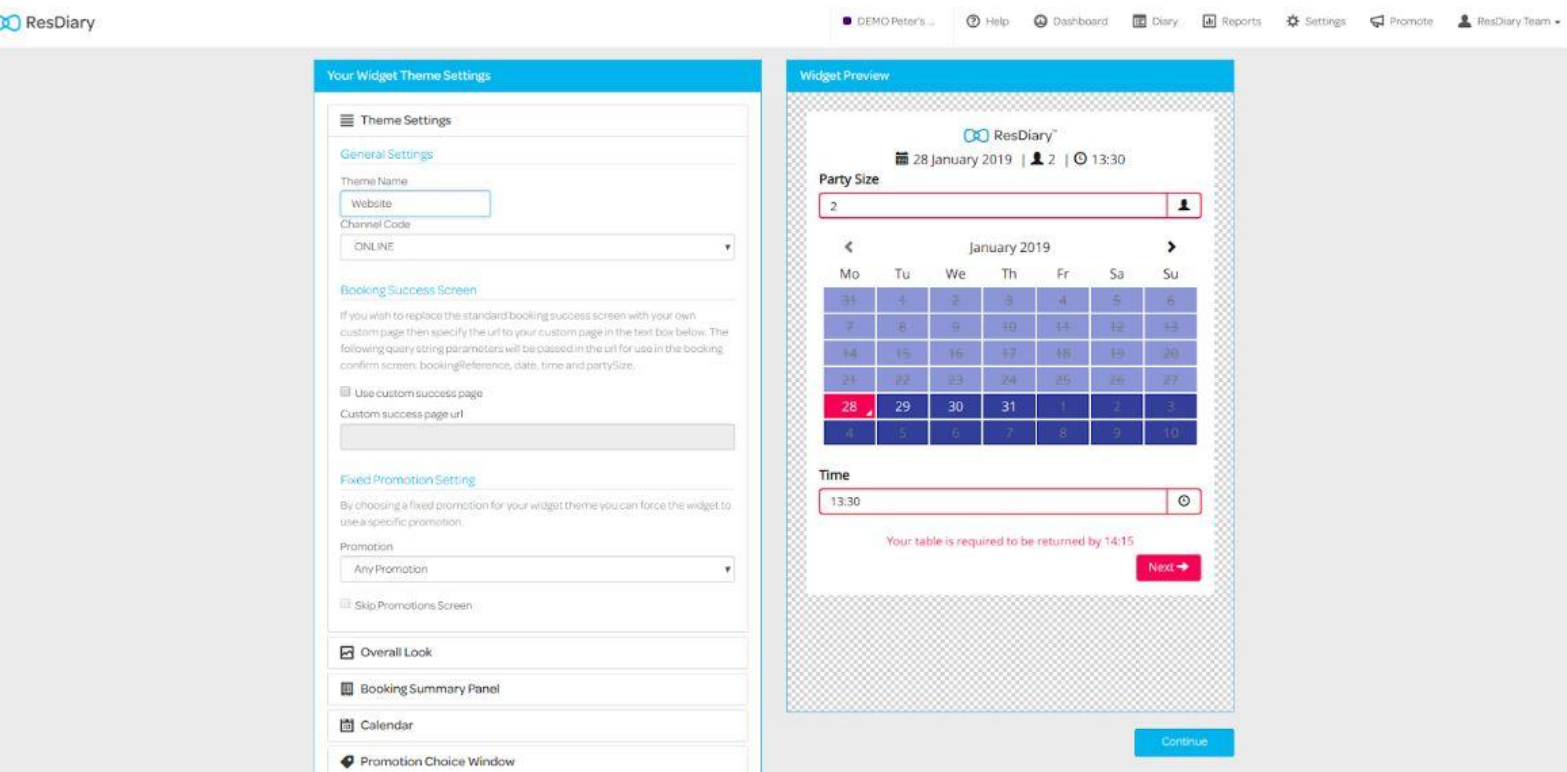

3- Click on **Create New Theme** then Select '**Standard**' widget

4- Rename the New widget '**Website**' to be able to identify it later ; leave the channel to **ONLINE**

5- Edit the ResDiary's widget default template as following :

NB: You can copy and paste the colours codes from this .pdf

In order to respect the graphical charter of your brand please apply the colors mentioned below

Overall look

The screenshot shows the 'Your Widget Theme Settings' panel for 'Overall Look'. It includes sections for 'ResDiary Branding' (with a logo selector), 'General' (with color pickers for background, text, and return notice, and a font dropdown), 'Button Appearance' (with color pickers for button and font), and a list of other settings like 'Booking Summary Panel', 'Calendar', 'Promotion Choice Window', 'Dropdown and Input Boxes', 'Contact Details Settings', and 'Custom Logo'. A 'Widget Preview' on the right shows a calendar for January 2019 with a party size of 2 and a time of 13:30. A blue arrow points from the 'Overall Look' settings to the 'ResDiary' logo in the preview.

Booking Summary Panel

The screenshot shows the 'Your Widget Theme Settings' panel for 'Booking Summary Panel'. It includes sections for 'Background Colour', 'Text Colour', and 'Border Radius'. Below these are 'Time Slot Options' (with a 'Divide Time Slots by Service' checkbox), 'Children and Infants Options' (with 'Show Children Option' and 'Show Infants Option' checkboxes), and 'Areas Options' (with a text area for booking specifications). Other settings like 'Calendar', 'Promotion Choice Window', 'Dropdown and Input Boxes', 'Contact Details Settings', and 'Custom Logo' are also visible. A 'Widget Preview' on the right shows the same calendar and booking details as the first screenshot. A blue arrow points from the 'Booking Summary Panel' settings to the 'Divide Time Slots by Service' checkbox in the preview.

Dropdown and Input boxes

6. Click on **Continue** and select the **Standard** layout

7. Get the code to embed in the website :

Select the link of the widget as per the red square beside (from https to the end of the 4 digits code, excluding '?')

Copy the link and replace instead of **'widgetwidgetwidget'** in the following code :

```
<iframe src="widgetwidgetwidget"
allowtransparency="true" frameborder="0"
style="width:100%; border:none; max-width:
540px; height: 640px;"></iframe>
```

8. Integration of generated code

Please send the iframe code to fastbooking support team depending on your region

Asia (WebSupport-Asia@fastbooking.net)

North Europe (WebSupport-France@fastbooking.net)

South Europe (WebSupport-italy@fastbooking.net)

OR

Log in to the your back office

-> go to the restaurant page

-> scroll down until you see the Restaurant Booking Form Options

-> Select Resdiary Widget

-> copy/paste the iframe code

Restaurant booking form options

Enable Restaurant Booking form

Select Restaurant form type

ResDiary widget

Resdiary Widget code

```
<iframe src="https://booking.resdiary.com/widget/Standard/SeasonsRestaurant1/6323" allowtransparency="true"
frameborder="0" style="width:100%; border:none; max-width: 540px; height: 640px; "></iframe>
```

Please paste here the HTML code provided by ResDiary. Only the iFrame URL will be taken into account, any other HTML will be ignored.
