

ITEM

130 **Access Rate Bands, Wire Centres / Rate Centres for Digital Services**

ITEM

130.1 **Description**

The Access Rate Band, Wire Centre, and Rate Centre are categorized below for each TELUS Central Office. These tables are used to determine the appropriate Access Rate Band for the following Tariff Item(s):

- CRTC 21461, Item 519 Ethernet Access Service
- CRTC 21462, Item 226 Wholesale Internet ADSL Service
- CRTC 21462, Item 227 Wide Area Internet ADSL Service
- CRTC 1017, Item 105 Local Network Interconnection and Component Unbundling
- CRTC 18008, Item 215 Local Network Interconnection and Component Unbundling

For the following Tariff Item(s), the tables are used for the Access Rate Band as well as the relationship between Rate Centre and Wire Centre:

- CRTC 21461, Item 500 Digital Network Access
- CRTC 21462, Item 225 Competitor Digital Network Access (CDN Access)
- CRTC 1005, Item 465 Integrated Services Digital Network – Primary Rate Interface (ISDN-PRI) Service (for the DS-1 Access)
- CRTC 1005, Item 495 Digital Exchange Access (for the DS-1 Access)
- CRTC 18001, Item 165 Digital Exchange Access (DEA) (for the DS-1 Access)
- CRTC 18001, Item 495 Integrated Services Digital Network – Primary Rate Interface (ISDN-PRI) Service (for the DS-1 Access)

For the following Tariff Item(s), the tables are used for Rate Centres:

- CRTC 21461, Item 503 Inter-Exchange (IX) Digital Channels

For voice rate band structure, please refer to the following Tariff Item(s):

- CRTC 1005, Item 30 Exchanges
- CRTC 18001, Item 435 TCI Exchanges - Rate Band and Extended Area Service (EAS) Classifications

ITEM

130 **Access Rate Bands, Wire Centres / Rate Centres for Digital Services - Continued**

ITEM

130.2 **Definitions**

For the purposes of this Tariff Item:

“*Access Rate Band*” – subject to availability of suitable Company equipment and facilities, the Central Offices associated with each Access Rate Band are identified in this tariff. As individual tariffs use either Alpha or Numeric Rate Bands, each Central Office is assigned both an Alpha Rate Band and a Numeric Rate Band.

“*Central Office*” or “*CO*” refers to a physical building used to house TELUS inside plant equipment.

“*Rate Centre*” or “*RC*” is a Central Office used for the provision of access services. It is also deemed as a Central Office for which distances are measured for determining charges for Inter-exchange Channels.

“*Serving Central Office*” is the first Central Office that a Customer premises is connected to by way of a Digital service.

“*Wire Centre*” or “*WC*” is a Central Office used for the provision of access services. Multiple Wire Centres may be served by a single Rate Centre.
