"SCORCH SCORCH WAKE UP!!he yelled this caused scorch to wake up in surprise and bang his head against the roof"OUCH"he yelled as he landed back on the floor"why do you do that every morning you run in wake me up i smash my head on the roof im gonna end up with brain damage"scorch said"sorry"said spyro "but you should come out your friends are waiting"he continued scorch and spyro walked outside waiting for them was his friend an orange dragon named flame a pink dragon named ember a black one called cynder on orange one with blue wings named L a lilac dragon with purple bluish horns and wings called sandy she was a princess then there was two dragonflies sparx a male gold dragonfly and saffron a pink female dragonfly scorch yawned a everyone said firelight flew up to scorch "its about time you woke up you lazy dragon"he said at scorch "be quiet firelight"scorch answered and soon they where arguing "this happens every morning"sandy said "we gather he spyro gets him they argue and then it drags on"she continued suddenly a very unexpected sight was seen ignitus came walking by dressed as a woman the dragons just stared and tried not to laugh "why are you dressed as girl sir" scorch asked he was under the training of "me and the other elders are tired of sitting down and doing nothing so where having a little party a dress up party any one can go as long as they are dressed up"he said putting on lipstick and blond curly wig he then walked off and the dragons burst out laughing "hey we should go"said cynder the other dragons agreed and went off to find costumes they would meet at the party tonight the first to arrive was princess sandy she had dressed her self as a princess no one was surprised there but she did look really amazing saffron was dressed as a fairy spyro came dressed as a prince and cynder as another princess only in black sprax was dressed as a butler spyro made him flame was a knight and ember was in futuristic amour and L was a pirate scorch arrived in western clothes with a cowboy hat and firelight wasnt happy what scorched has dressed him he had a black dress on a black wig and red lipstick " i feel like a drag queen"he said as he flew in the dragons just laughed at him they soon got a table and and where already enjoying them selves "it looks more like a club than a temple now"scorch said the others agreed ignitus then announced that the dance was about to start and for the young dragons to take their partners to the dance floor spyro took cynder and flame took ember and others joined as well scorch and sandy sat and watched as the dance Scorch looked down "scorch whats wrong"sandy asked him "its just every year these kind of parties come round and I never get to do anything at them I mean look at them dancing ive never danced before ..no wonder either im only a rookie dragon"he said "don't worry remember it's the yearly big dragon celebration tomorrow thats when they have the big dance and im sure some one will ask you go with them"she said " I doubt that"scorch said sandy smiled and said "if you feel bad how do you think firelight feels in that costume"she said scorch smiled "yea I feel gorgeous"firelight said sarcastically scorch and sandy laughed the dance soon finished and so did the party "hey I know why don't w all stay over at my place "sandy said the other agreed and rushed to get their needed stuff to stay over at sandy's house they where having great fun then they fell asleep happily but scorch woke up and walked outside it was quiet

and no one was around scorch walked on and look up at the moon and sighed he was bout to go back in when he heard footsteps....

2 - the celebration

The moon lit the dragon temple scorched was looking round for the footsteps he heard he looked behind him as he went along and then he heard the footsteps again "who's there" scorch said a little nervously he saw a shadow creep around he got more and more nervous he backed away slowly another dragon was also backing away nervously scorch looked around and saw nothing but he could here the footsteps getting closer and closer then scorch hit something while backing off he screamed only to hear another scream he turned around to see a female light blue dragon with blond hair blue and white wings white horns and white underbelly and teal eyes she looked at scorch and he looked back "im sorry if I scared you" the female dragon said "non no you didn't just a little shock that's all" scorch said "yea same here" she replied "so who are you and why are you here I don't think ive seen you around before" scorch said "my names is snowbelle but you can just call me snow I was under the training of Cyril but the dark master used me against spyro and I left I have came back to see if he is ok but im worried I will hurt him again" she told him "spyro huh I know him I guess I can take you to him" he said "thank you" snowbelle said "I'll go on my way after that" she said "why don't you stay" scorch said "well it would be nice but I don't know" she said "oh excuse me where are my manners my name is scorch" scorch said "scorch..the dragon that is being trained by ignitus" snowbelle asked "yea that loser im him" scorch said "loser you don't seem like a loser to me you seem pretty nice and hey at least you don't go dressing as a woman" she said laughing "oh you saw that too" he asked "yea I was watching spyro to see if he is ok and I just saw that" she said scorched laughed a blue dragon sly with gold wings brownish red eyes and underbelly flew up to snowbelle "oh this is starflare my dragonfly" snow said "hi" starflare said she sounded a little shy "hi" scorch replied "this is scorch" snowbelle told starflare "where is your dragonfly scorch" starflare asked "oh he is asleep in sandy's" "sandy you mean the princess dragon" starflare asked "yea she is one of my friends" scorch said "awesome" snow said they walked on and talked all night but when morning came the others where worried back at sandy's sandy panicked "where is scorch" she asked spyro "we don't know we have looked everywhere the dragons went outside and eventually found scorch with snowbelle" "snowbelle" spyro said surprised to see her she ran up and hugged him "oh thank goodness your ok spyro" she said spyro blushed "yea im ok" he said once scorch and spuro had introduced snowbelle to other they was soon talking about stuff and having fun it drew dark "hey the dragon celebration" cynder said "yea we better go" spyro said "are you coming snowbelle" he asked her "well ok" she said and the dragons ran off to the celebration it was 5 times as good as the one the night before and after a while there already a little hyper "so are you staying here" scorch asked snowbell she thought for a moment and then said "yes I couldn't leave my new friends" the others cheered and smiled Cyril announced that the bid dance was to start and that everyone must take their partners to the dance floor spyro and cynder went and flame and ember went scorch L sandy and snowbelle all sat down watching the other prepare snowbelle watched scorch look at them he looked sad "ive never danced before with anyone I never have been asked I never will" scorch said "same here" snowbelle said snowbelle looked down and when she looked back she was trying not to blush "um...scorch would you ...like to dance with me" she said blushing scorch blushes and looked at sandy who smiled and nodded so scorch took snowbelle on the dance floor he was too nervous to notice the others but when the dance started he soon got the hang of it snowbelle kept smiling at him which made him fell more confident soon the party ended the dragons went home but before scorch started to make his way home snowbelle went to scorch "scorch I really ajoyed the night I really liked dancing with you thank you" she said kissing his cheek and running off home scorch blushed

and stood there for a moment "hello anyone home" firelight said tapping his head "oh yea sorry" scorch said and made his way home as he was walking off sandy walked with him he lived very close to her and they were very close friends "so what was it like on the dance floor scorch" sandy asked him "amazing ive never felt anything like it" he said "you know there is something about snowbelle that I like but I just don't know what" he said "looks like your in love" sand teased him he just blushed and smiled "I cant wait till the day a boy takes me to the dance floor" she said "hey before you know it ill be your page boy" scorch said laughing sandy just laughed with him "your right there" she joked and they laughed again soon sandy went home and scorch went inside his house he didn't sleep for a while but instead thought about his night and then he went to sleep waiting for tomorrow
