The Midwest is still reeling from the murder of KMOX-AM/St. Louis morning co-host **Nan Wyatt**, who was shot to death Tuesday night (2/18) at her home in suburban St. Louis. Yesterday (2/20), in front of St. Louis Associate Circuit Court Judge **Thea Sherry**, **Thomas Erbland** (Wyatt's husband), without the aide of an attorney, attempted to confess to the shooting. However, the judge cut him off, instead entering an automatic not-guilty plea. Erbland is now being held without bail in the murder. Wyatt joined KMOX in 1990, co-hosting the morning show since 1996, and most recently was teamed with **Doug McElvein**. VP/GM **Tom Langmyer** released this statement to the industry: "KMOX and St. Louis lost a great broadcaster and dear friend. We are deeply saddened by the loss of Nan Wyatt, a member of the KMOX family and the St. Louis community. Our heartfelt thoughts and prayers go to Nan's family and friends. Nan joined KMOX in 1990 and worked at our sister station, WBBM in Chicago from 1994-1996; then we brought her to back to KMOX to co-host *Total Information AM*. Nan was a consummate professional. And we will miss her very much." A memorial fund has been set up for those employees, clients, listeners and friends wishing to make a donation in support of Nan's son **Drake**. Donations may be sent to the **Nan Wyatt Memorial Fund**, c/o Jefferson Bank, 2301 Market Street, St. Louis, MO 63103.

Mary Quass' NewRadio Group has completed the purchase of 22 Wisconsin and Illinois radio stations from **Marathon Media**, plus the **Goetz Radio Networks**. As reported in *The TATTLE R* last fall, the FCC had previously approved the purchase which means NewRadio Group can begin operation of the properties immediately. Mary Quass, who has a long, successful history of owning/operating radio properties in the Midwest, is the group's chief executive officer. Former RAB executive and station GM, **Lindsay Wood Davis**, is chief operating officer. **Tami Gillmore** is the NewRadio's chief financial officer. Said Quass, "Tami, Lindsay and I want to combine local initiative, modern management and today's latest technologies into the type of stations these wonderful markets deserve...Our mission is as powerful as it is simple: Great Local Radio." Great concept, Mary!!

Singer-songwriter **Plumb** is impacting mainstream radio soon! This strong-voiced woman is the latest **Curb** artist destined to break big in 2003. She's already a well-known act nationally in Contemporary Christian radio, and will be soon with all forms of AC nationwide.

As of going to press this evening we are sad to report that at least 95 club goers are now confirmed dead and more than a 100 others seriously injured following a tragic concert by 80s rock act **Great White** as The Station in West Warwick, RI erupted in flames. The blaze began Thursday (2/20) night at approximately 11pm when the band took to the stage during a pyrotechnics display that almost instantly ignited the walls and 11' ceiling of the small club. The nightclub, now suspected of having been significantly over capacity at the time, was destroyed in the fire, and some individuals, including Great White guitarist **Ty Longley** and WHJY/Providence personality **Mike "The Doctor" Gonsalves**, who emceed the show, are still missing. This tragedy follows another deadly nightclub incident this past Sunday (2/16) in Chicago, where 21 died and over 50 were injured when patrons fleeing a fight and subsequent pepper spraying were crushed at locked exit doors. In addition, an eerily similar tragedy was narrowly avoided earlier this week at The Fine Line Music Café in Minneapolis when hundreds of patrons fled the club in the wake of Seattle's **Jet City Fix** (who were opening a show for 74 year old guitar-guru **Link Ray**) started the club's ceiling on fire at the conclusion of their set. While the Fine Line did sustain in excess of a million dollars in fire, smoke and water damage, fortunately no one was injured in the incident. Our deepest condolences to the friends and family of all those affected in both the West Warwick and Chicago tragedies.

In a related story run by the *Chicago Sun-Times*, **Infinity News** WBBM-A/Chicago morning anchor **Felicia Middlebrooks** is being criticized by her cross-town rival, **ABC WLS/Chicago's Don Wade**, for being a "million-dollar mouthpiece" for **Rev. Jesse Jackson** following her reporting on the South Side nightclub tragedy earlier this week. He reportedly went on to remind listeners that her present contract was negotiated with the intervention of Rev. Jackson, whose ties to the nightclub and its owners are just now emerging. WBBM Ops Dir. **Drew Hayes** shot back that he "would expect a competitor who has half the audience of NEWSRADIO 780 to behave like that." Stay tuned for more developments!

Music Tip of the week: **Mercy Me** "I Can Only Imagine" This heart tugging ballad has already sold more than a million in the Christian marketplace and is a ready-made morning show conversation starter! Keep your eyes peeled for the CD, it's hitting your desk this week! **Curb**
