30TH LEARNING CONFERENCE GETS FRANKEN-SENSE! He's good, smart enough...and doggone it...people like him! The Conclave is bringing Air America radio personality and well-known comedian and author, **Al Franken**, to deliver one of the featured keynote presentations at the 30th Annual Learning Conference on Saturday, July 23, 2005 at the Marriott City Centre in Minneapolis, Minnesota! When asked about his keynote, Al observed: "I'm

doing what? Uh-huh...uh-huh. Okay...I guess so. Great. That sounds great." Sure to be an informative, fun look at radio and the future, Franken comes to the Conclave Learning Conference to dispense his unique style and wit that attendees from all political perspectives won't want to miss. One of **Saturday Night Live's** original cast members (and writers), Al is the winner of five Emmy and two Grammy awards, and he's the author of four **New York Times** best-sellers - including his latest, **Lies and the Lying Liars Who Tell Them: A Fair and Balanced Look at the Right**. Franken's daily radio show, The Al Franken Show, is heard weekdays from 11AM until 2 PM, CDT on more than 50 radio stations nationwide. Franken is joined on the show by NPR veteran - and Minneapolis native - Katherine Lanpher. For more information, visit www.airamericaradio.com. For registration information for the 30th Annual Conclave Learning Conference - Hardcore Radio - visit www.thconclave.com. Tuition is \$399, but only until 5/30/05!

Midcontinent's sale of Sioux Falls' five station cluster to **Backyard Broadcasting** has resulted in major personnel exits. The list of former employees is a long one with GM **Mike Costanzo**, Talk KELO-AM morning duo **Chad McKenzie** and **Holly Hunter** along with middayer **Dave Holly**, AC KELO-FM hosts **Dave Roberts** and **Jim Erickson**, Country KTWB dude **Doc Walker**, and Rock KRRO **Dave Elliot** all getting the axe. This flies in the face of original statements made on the announcement of the sale, when it was said that the staff would remain intact.

Howard Waltman looks to be getting a Senatorial endorsement for his **FCC** bid from Kansas Republican **Sam Brownback**. Waltman formerly worked as a staffer for the Senator, assisting in certain telecom legislation, later becoming the **Chief Telecommunications Counsel** for the **House Energy and Commerce Committee** in 2002. It was in that capacity that Waltman had a hand in drafting a certain fine-hiking indecency bill. **FCC** vacancies are being left by the coming exit of **Chairman Michael Powell**, and possibly exit of **Commissioner Kathleen Abernathy**.

Indianapolis Winter Book. Susquehanna country WFMS takes a little hit, but remains the market kingpin. WFMS-FM 12.0-11.4, WFBQ-FM 8.6-8.3, WIBC-AM 7.0-6.9, WHHH-FM 7.0-6.5, WJJK-FM 5.5-5.6, WTLC-FM 5.1-5.0, WRZX-FM 4.5-4.9, WNOU-FM 4.2-4.2, WYXB-FM 4.4-3.8, WKLU-FM 2.0-3.6, WTPI-FM 3.9-3.5, WZPL-FM 3.9-3.0, WISG-FM 2.4-2.9, WYJZ-FM 2.9-2.8, WTTS-FM 2.3-2.4, WTLC-AM 2.0-2.1, WENS-FM 1.8-1.8, WXNT-AM 1.5-1.6, WRDZ-FM 0.8-1.4, WSYW-AM 0.4-1.2, WNDE-AM 1.2-1.2, WEDJ-FM 0.9-1.0, WCBK-FM **0.9, WXLW-AM 0.8-0.9, WKKG-FM 0.9-0.8, WWWY-FM **0.5, WIJY-FM **0.5

A funny thing happened when a board op left Talk WANR-AM/Warren, OH unattended- someone took over the airwaves! **The Warren Tribune-Chronicle** reported that the employee went to run a management-approved errand on Thursday (4/28), and while he was gone a mischief maker (someone known to the station, none the less!) and accomplices broke in and put up signs proclaiming that **Beacon Broadcasting** was now under new management. Moments later, the air waves went silent. Programming didn't resume until almost 4 that evening. A certain talk show host has come under some suspicion **Don Hanni III**, whose local talk show airs on the station from noon to 3 p.m. weekdays, as he said that they have a lease management agreement with license owner **Beacon Broadcasting** to operate the station, and Manager **Tim Continenza** claimed that **Don Hanni** maintains a LMA with **Beacon**. More trouble came on the following day when the STL line connecting the studio with the transmitters was mysteriously disabled. At 3:40 pm on that Thursday, normal **Air America** programming finally ensued, but the interruptions will continue to be investigated.
