

## Radio Environment

**Traditional  
RRM: NOMA,  
OMA**

## NOMA/OMA

- Radio, user, mobility maps
- Interference and channel quality measurements

## Intelligent RRP, RRS, and RRU

Action: scheduling over shared resources (A)

**Example tool: Q-learning for RRS**

**Proposed  
RRM: ML-  
powered HMA**

## ML-powered HMA
