

**'N' true
measurements**

```
graph LR; A["'N' true measurements"] --> B["High Resolution Spectral Estimation (HRSE)"]; B --> C["Frequency estimates"]
```

The diagram illustrates a process flow. It begins with the text "'N' true measurements" on the left. A thick black arrow points from this text to a central rectangular box. The box has a light orange background and a black border. Inside the box, the text "High Resolution Spectral Estimation (HRSE)" is written in bold black font, arranged in four lines. Another thick black arrow points from the right side of the box to the text "Frequency estimates" on the right.
