

n = 1

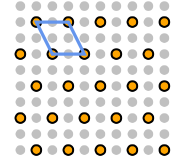

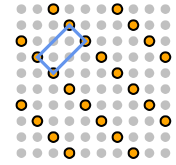

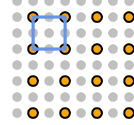

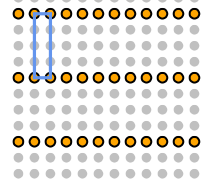

n = 2

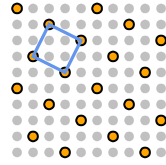

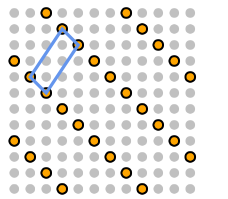

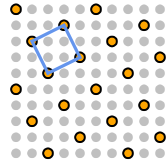

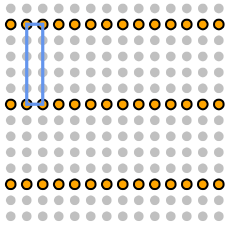

n = 3

n = 4

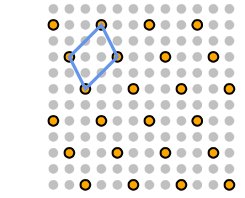

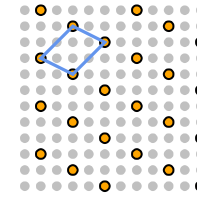

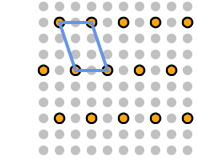

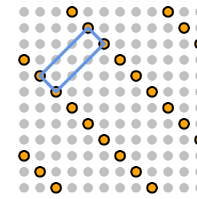

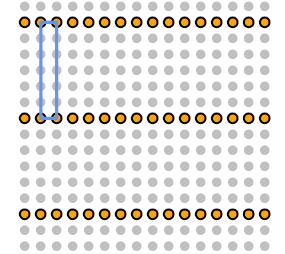

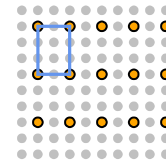

n = 5

rotation not preserving the parent lattice or reflection

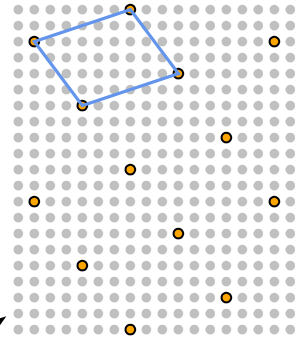

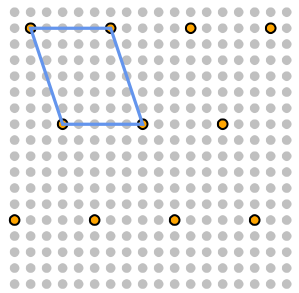

n = 6

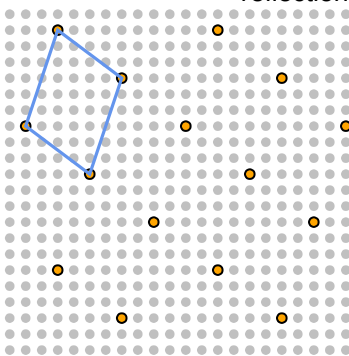

reflection

Some of the sublattices with n = 30

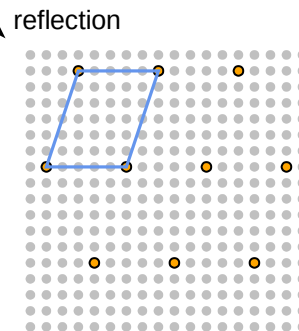

reflection not preserving the parent lattice

rotation not preserving the parent lattice

reflection

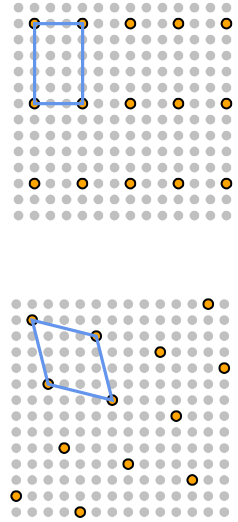

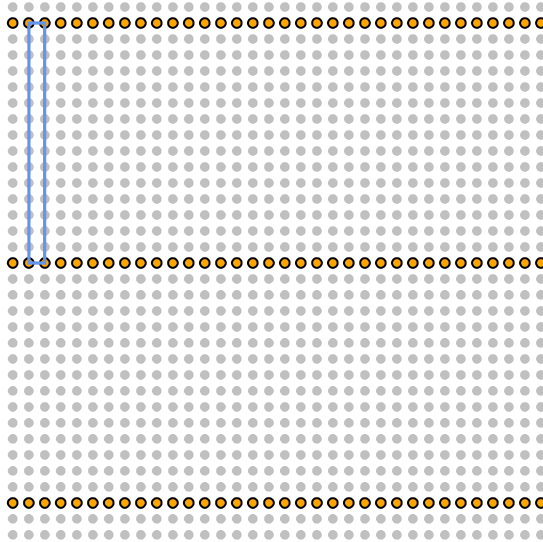

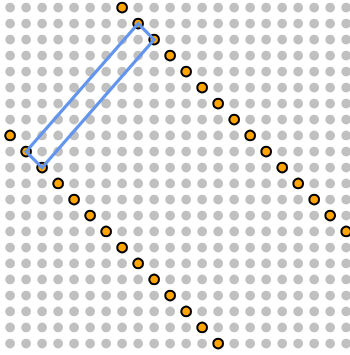

reflection

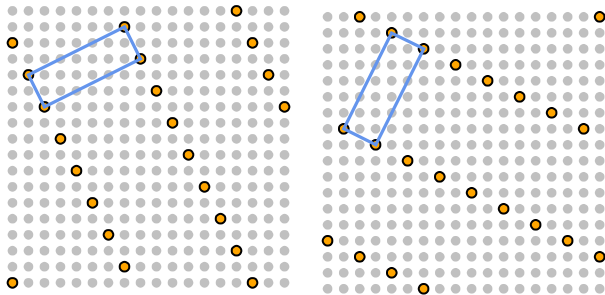

rotation not preserving the parent lattice

reflection not preserving the parent lattice

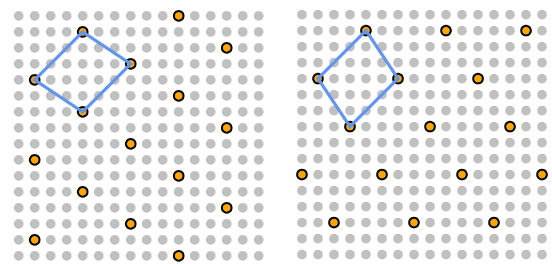

n = 15

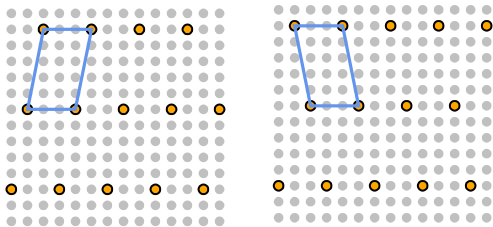

rotation not preserving
the parent lattice
or reflection

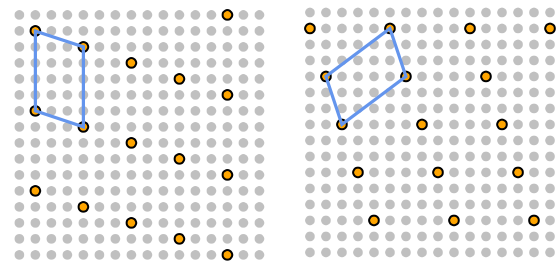

reflection

reflection

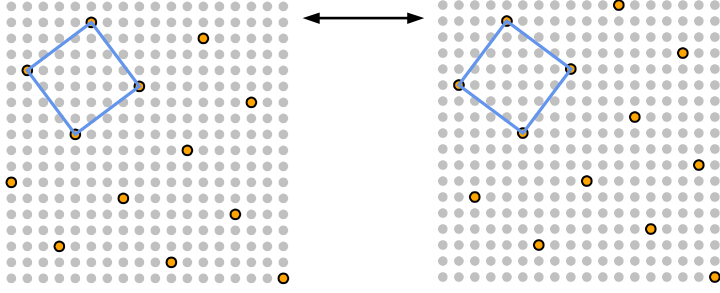

rotation not preserving
the parent lattice
or reflection

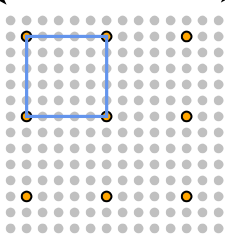

n = 25

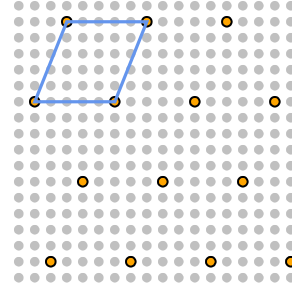

rotation not preserving
the parent lattice
or reflection

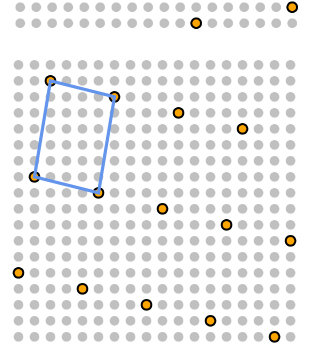

rotation (or reflection)
not preserving
the parent lattice

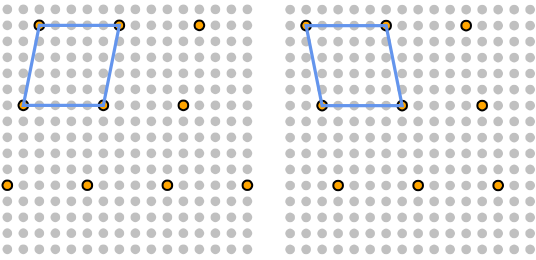

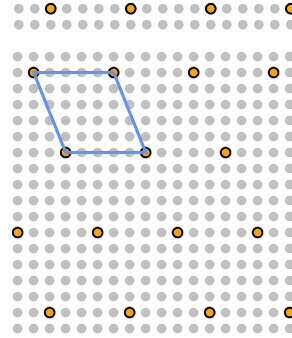

rotation (or reflection)
not preserving
the parent lattice

reflection

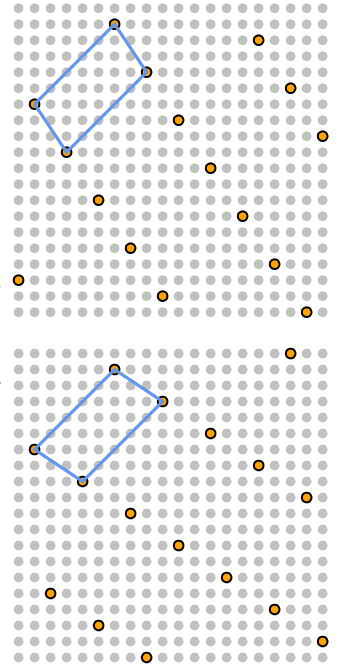

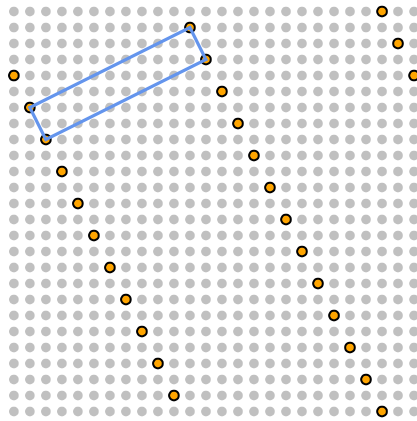

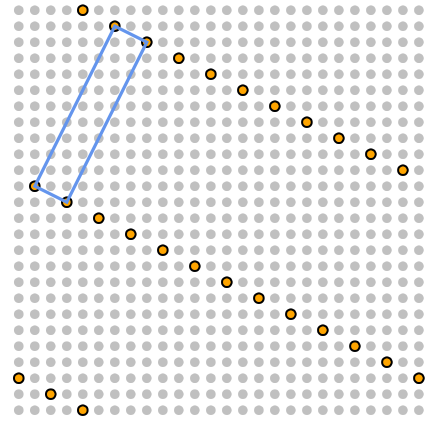

reflection

reflection

rotation not preserving
the parent lattice
or reflection

reflection

rotation not preserving
the parent lattice
or reflection
