

# Frankenstein & Ghost Felt Brooches

## Materials:

Felt                      DMC thread  
Needle                  Brooch pin

## Directions:

1. Cut your pieces from felt using the patterns. I cut two of the face shape and then the nose and cheeks.
2. Take one of the face shapes and stitch on the eyes, nose cheeks, mouth, hair and scars or eye brows depending on the brooch you are making.
3. Sandwich the two felt face pieces together with the wrong sides together (the right side you just sewed the face on should be facing up.) Sew the pieces together using a running stitch.
4. Attach your brooch pin on the back. Then wear your brooch.

## Patterns:
