

Panasonic Group Solutions Showroom

To realize an ideal society embraced
by both mental and material prosperity

We Panasonic have been manufacturing variety of products
since its foundation to realize an ideal society.

From now on, Panasonic has been pursuing various initiatives further more
for creating sustainable society which is indispensable
for safety, comfort and happiness of people around the world.

We hope you come and see for yourself the cutting-edge ideas or technology and
an ideal society here where you will experience the new "REAL".

Welcome to
Panasonic Center Tokyo.
