LOCATION

Tropicana Danga Bay sits on a prime land within the Zone A of Iskandar Malaysia, better known as the JB city centre. It is only a mere 10-minute drive to the Johor-singapore Causeway link. This integrated master plan development is also easily connected to Nusajaya, Zone B of Iskandar Malaysia via the new coastal high way. It takes only 15 minutes to reach this development region and most importantly, 20 minutes to the Second Link (Tuas-Singapore).

Tropicana Danga Bay's close proximity to the North- South Expressway makes it easily accessible to other part of Johor as well as the rest of Malaysia. The development is also strategically located near the proposed High Speed Rail system and Rapid Transit System, which, once completed, will form another excellent linkage between JB and Singapore.
