

Kedrick Kind

Kedrick Kind

Kedrick Kind is a mighty value. He has the ability to fill hearts, solve problems and make our community warm and loving.

He uses his wonderful ears and glasses to sense how others are feeling. He listens carefully and watches intently to understand more and then offers comfort if people feel sad. He's always willing to help everyone, even those who are a little prickly, like Heidi his Hedgehog friend.

Good manners are very important to Kedrick, so he keeps the powerful words, 'Please' and 'Thank You' on his ears so he never forgets to be polite. He takes care to look at his actions and words from other people's point of view and considers their feelings.

He's also great at sharing, and carries his 'Good Deeds' basket of toys with him, so that he can play with others. It brings him lots of joy to make others happy.

Kedrick shows respect for all members of our community. He loves sharing stories and making memories with everyone on Silver Day. His patterns swirl and dance when people feel happy too.
