Rahimah Respect

Rahimah Respect

Rahimah Respect realised from a young age that her distinct patterns, colours and tall neck made her stand out. At first she tried to blend in and dull her patterns down, but that made her feel glum. So instead she stretched her head up higher, focused her glasses on the bigger picture and realised everyone is different! Now Rahimah enjoys sharing a refreshing pot of 'Equali-tea' to remind others to treat everyone fairly, no matter what their beliefs, religion, appearance or culture.

Rahimah understands the role she has to play supporting people's choices and caring for others. Her iridescent orb is a beacon for respect, helping Rahimah to challenge meanness and inequality. Rahimah will listen carefully and never interrupt or ignore anyone who wishes to share their views. Her ossicones light up in rainbow colours as she learns more information. She'll stand up for what is right and for those who need her help and inspire others with her positivity and confidence. She knows that if you respect yourself other will respect you too.

Wrapped warmly around Rahimah's elegant neck is her classmate Rivi. Together they remind each other to make sure that everyone feels safe and valued in their community. They're a great team and Rahimah's elegant legs dance as she realises they are stronger together. By challenging stereotypes they can discover new things about the wonderful members of their community and open their minds to new experiences.

Rahimah and Rivi both care deeply for the environment and know that they are just a part of the natural world around them, Rahimah's leaf ear pricks up if she discovers a new way she can help to protect our world. With a big smile she works hard to spread respect and equality for all.
